

# Workshop on “Analysis of Phytochemicals by HPLC” on October 29, 2018

## **ABOUT SCHOOL OF LIFE SCIENCES :**

School of Life Sciences has been established with twin objectives of making the campus cross disciplinary and initiating teaching, research and training programs across the interdisciplinary areas of life sciences. The school has been visualized to emerge as a hub for state of the art research in all fields related to Molecular Biology, Bio-Chemistry, Microbiology, Bio-Technology, Cancer Biology, and Genetics etc., through sponsored projects from industries and Government agencies. It has also been visualized to be a training centre for scientists, researchers, clinical staff of hospitals, industry workers in advanced laboratory techniques with hands on experience, through short term intensive programs. The school offers Undergraduate, Postgraduate and Doctoral programmes in Life Sciences. For more information please visit <http://crescent.education>

## **ABOUT THE WORKSHOP :**

The workshop on Analysis of phytochemicals by HPLC is exclusively designed for students and scholars in all branches of life sciences. This workshop will provide a unique opportunity for students to get introduced into the field of phytochemistry. Phytochemicals are found in plants which are utilized as drugs in natural medicine. The workshop includes lectures on basics as well as technical aspects of phytochemicals analysis by using HPLC followed by hands on training in HPLC. This workshop will also provide the opportunity to visit and use the state of the art research facilities in the School of Life Sciences at B. S. Abdur Rahman Crescent Institute of Science & Technology.

## **WORKSHOP FEE :**

Students/ Scholars Rs 1000/-, Academicians/ Industrialist- Rs 2000/-

## **FEE PAYMENT DETAILS :**

Account transfer / DD in favor of Dean, School of Life Sciences, B.S. Abdur Rahman Crescent Institute of Science & Technology, Indian Overseas Bank, Acc No. 165701000019853, IFSC code: IOBA0001657
