

**Brief Report of Special Guest Lecture on
Promotion of Research, Funded Projects, Patterns and Consultancy
Organized by: School of Computer Information and Mathematical Sciences**

Date: 24th October 2019

Venue: B.S.A R. Crescent Institute of Science and Technology,
Department of Computer Science and Engineering (Seminar Hall)

Objective: To promote sponsored projects, research, patent, consultancy and training.

Brief Report

Dean (SCIMS) Prof. Venkatesan Selvam has organized the special guest lecture at CSE department.

Prof. T. Harinarayana, Director (ESPAC), B.S.A.R. Crescent Institute of Science and Technology as a special guest, Dr. I. Raja Mohamed, Dean (Ac. Research), Prof. Venkatesan Selvam, Dean (SCIMS), Dr. A Jaya, HOD (CA), Dr. M. Sandhya, HOD (CSE), Dr. Latha Tamilselvan, Prof (IT), Dr. Sharmila Sankar, Prof (CSE), Dr. Aisha Banu W. Prof (CSE), and other senior professor and faculty members of School of Computer Information and Mathematical Sciences have participated.

Prof. T. Harinarayana, Director (ESPAC) has given the lecture and guidelines on Promotion of Research, Funded Projects, Patterns and Consultancy are as follows:

- The School of Computer Information and Mathematical Sciences professors and faculty members are having sufficient experience on teaching, research and journal publications. Therefore they are motivated to think innovatively to take up the research projects related to their fields and it will be helpful to the society as well.
- He shared his own research experience, publications like solar atlas and wind atlas etc.
- A project proposal should be unique to each project. The format for the proposal slightly varies as per the funding agency guidelines.
- The researcher should need to understand the mind of the people who will benefit from the project output. They will have many questions, and one need to make sure all those are answered in the project proposal document.
- Through step by step, the answers are provided for various questions to the senior professors and faculty members such as, problem identification, project/research strategic goal, benefit of the users (or) focused group, deliverables, required resources, cost/budget, risk and issues, roles and responsibility of the coordinator/researcher, preparation of project report etc.,
- The list of international and national level finding agencies are showed and mentioned that the same list is also available in our website.

Finally, he motivated all the participants to write more research articles and publish in the reputed journals and approach government agencies with sponsored project proposals and also file the patents.
