WASTE MANAGEMENT PRACTICES

B.S.Abdur Rahman Crescent Institute of Science and Technology takes initiatives to manage the different types of waste generated in the campus. The waste management includes

- Solid waste management
- Liquid waste management
- E-waste management

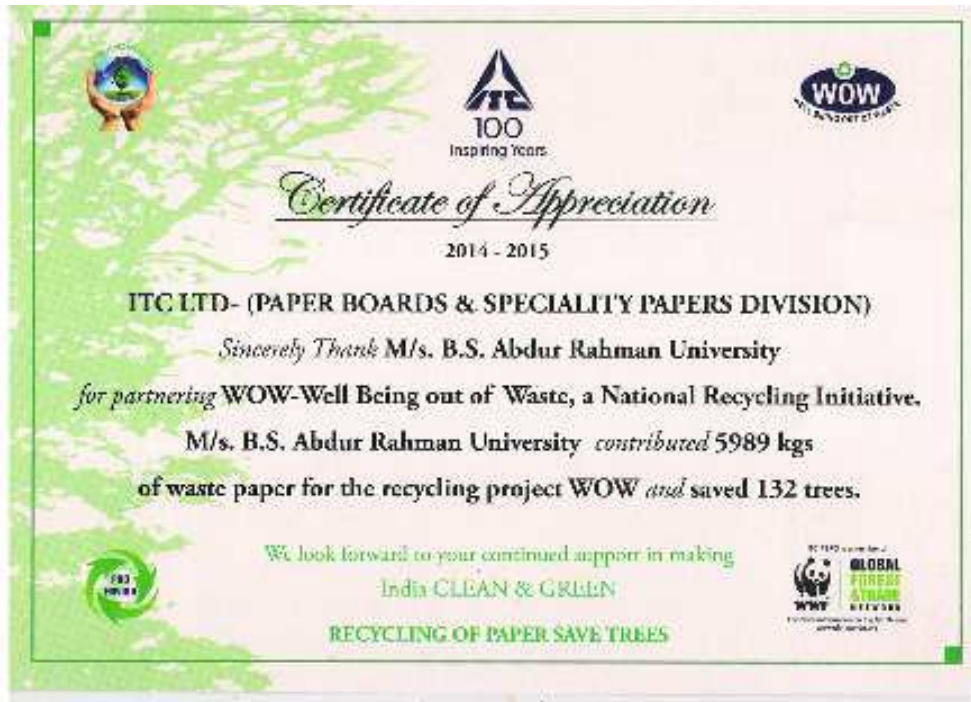

SOLID WASTE MANAGEMENT

The solid waste management project is intended to safely dispose the waste generated at the campus by way of segregating the waste as organic waste, recyclable waste and inert waste and processing the waste thus segregated. The objective is to minimize the waste generation and divert waste from being dumped at any dumping yard to recycling process.

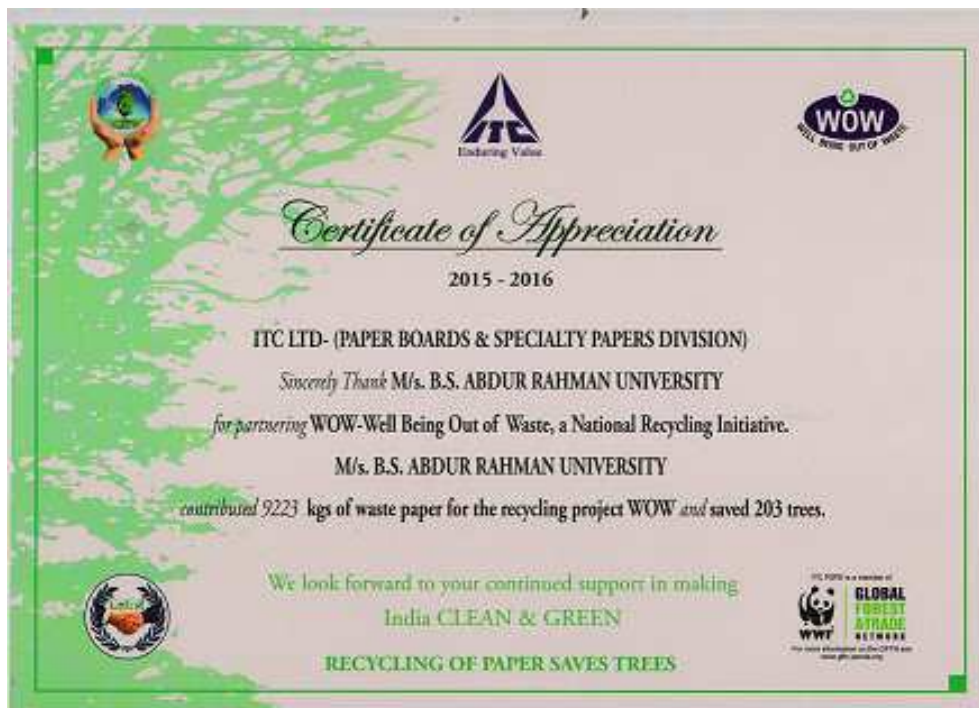

Implementation of solid waste management inside the campus is outsourced to GREEN SERVICES TRUST and an average of Rs 24.0 lakhs per annum is spend towards salary for the staffs.
