Report on Career Guidance Programme Conducted on 11.02.2015

A career guidance programme on **"Placement Preparation and Training"** was conducted by Mr.D.Murali Manohar, Assistant Professor, of Department of Polymer Engineering on 11.02.2015 from 4: 30 pm to 5 : 30 pm in Seminar Hall, Department of Polymer Engineering. A total number of 19 students participated.

The presentation began with Mr.D.Murali Manohar emphasizing on the importance of campus interviews and selecting the right company. Eventually, he spoke about the perks of working in a top notch establishment and how students could train for the same. He provided the students with tips to write up an impressive resume and on gliding through interviews. Mr.D.Murali Manohar ended the programme by stating the importance of preparing oneself for the best of the best followed by a quick question and answer session with the students.

ANSYS Design Modeler Meshing and Fluent:

B.S.ABDUR RAHMAN UNIVERSITY

Department of Mechanical Engineering
Letter No: 201 / HOD (M) / 2015

28.04.2015

Circular

Subject – Ansys Training -Reg.

As you may be aware of our university had purchased Ansys University wide license with most of the modules including Structural, Fluent, Low frequency electromagnetic, High Frequency and Ansys Apache.

We have purchased 100 seats of students license and 10 seats of research license. The purchase also emiles as for training. The training schedule is given in the table below.

Sl No	Training module	Dates	Number of days	Professor incharge for the training	E- mail id
1	ANSYS Design Modeler and Mechanical	4/05/15 to 08/05/2015	5	Mr.P.D. Jeyakumar	pdjeyakumar @cssauniv.ac.in
2	ANSYS LF	5/05/2015 to 6/05/2015	3	Dr.K.N. Srinivas	knsrinivas @bsauniv.ac.in
3	ANSYS Apache	21/05/2015	1	Mr.H.Hasan Babu	hasanbabu @bsauniv.ac.in
4	ANSYS Design Modeler Meshing and Fluent	18/05/2015 to 23/05/2015	6	Mr.S.V. Karthikeyan	karthik_aero @bsauniv.ac.in
5	ANSYS HF	18/05/2015 to 20/05/2015	3	Mr.H.Hasan Babu	hasanbabu @bsauniv.ac.in

All Faculty members who are interested in undergoing training are requested to complete the enclosed from and send it to the respective training coordinators. The training programs have been fixed with a staggered schedule to enable the faculty members to attend multiple modules. For each module a separate application need to be sent. Faculty members are requested to make use of this opportunity. This training needs to be taken seriously and 100% attendance needs to be ensured. The last date for sending the registrations is 30.04.2015 4.10 pm for the first two training programs and is 05.05.2015 for the programs 3, 4 & 5.

The head of the departments are requested to ensure that enough number of faculty members of the department are trained in Ansys so, that this expensive purchase is effectively made use off by students and staff members.

SCHOOL OF INFRASTRUCTURE

DEPARTMENT OF CIVIL ENGINEERING

Report on the Guest Lecture conducted on 28.10.2014

A Guest Lecture on "Large Scale sea water Reverse Osmosis" was organized by the department of Civil Engineering on 28.10.2014, in **Convention Centre Seminar Hall**, BSACU. The faculty and the students of B.Tech. Civil Engineering attended the lecture.

Dr.P.Vasanthi, Professor welcomed the gathering and informed the students about the importance of Large Scale sea water Reverse Osmosis in the present scenario. Ms.Ayisha Siddiqua, Assistant Professor introduced the guest speaker.

Mr.D.Sudhakar, National Water Consultant, Vedanta discussed about the need for reverse osmosis, working process of Sea water reverse osmosis and show various cases studies related to Large Scale sea water Reverse Osmosis

Dear Professor(s),

Best wishes.

The Guest Lecture titled "Dynamic Matrix inversion for non-linear control" by an eminent professor Dr. Radhakant Padhi, Professor, IISC Bangalore, is arranged for the benefit of students and staff members by the Department of EEE, as scheduled below.

Date : 06.11.2014

Day : Thursday

Time : 02.15 PM

Venue : Seminar Hall - I / Convention Center

All the interested faculty members, Research scholars and students are requested to attend the same.

The profile of the Guest Speaker is enclosed as an attachment.

Take care

Regards
Dr. R. Raja Prabu

Professor and Head
Department of EEE

One Day Worsop on Design ,Modeling & Simulations Using CST-STUDIO Software

Staff and Students of the
Department of Electrical & Electronics Engineering
B.S. ABDUR RAHMAN UNIVERSITY
(Estd. u/s 3 of the Univ. Act. 1956)
Seethakathi Estate, Vandalur, Chennai - 600 048
www.beautty.ac.in
(Formerly Crescent Engineering College)

Cordially invite you to attend the
One Day Workshop on

"Design, Modelling & Simulation using CST-STUDIO Software"

on *11th August 2014*
at 11.00am in Computer Lab (UG), Department of EEE

Mr. V.S. SHARATH BABU
Manager – Business Development
STEP Electronics Pvt. Ltd.,
Bangalore

has kindly agreed to conduct the workshop

Mrs. G. Kavitha, AP/EEE
Mrs. R. Ramya, AP/EEE

Dr. R. Raja Prabu
Prof. & Head / EEE

Name List for the One Day Worsop on Design ,Modeling & Simulations Using CST-STUDIO Software

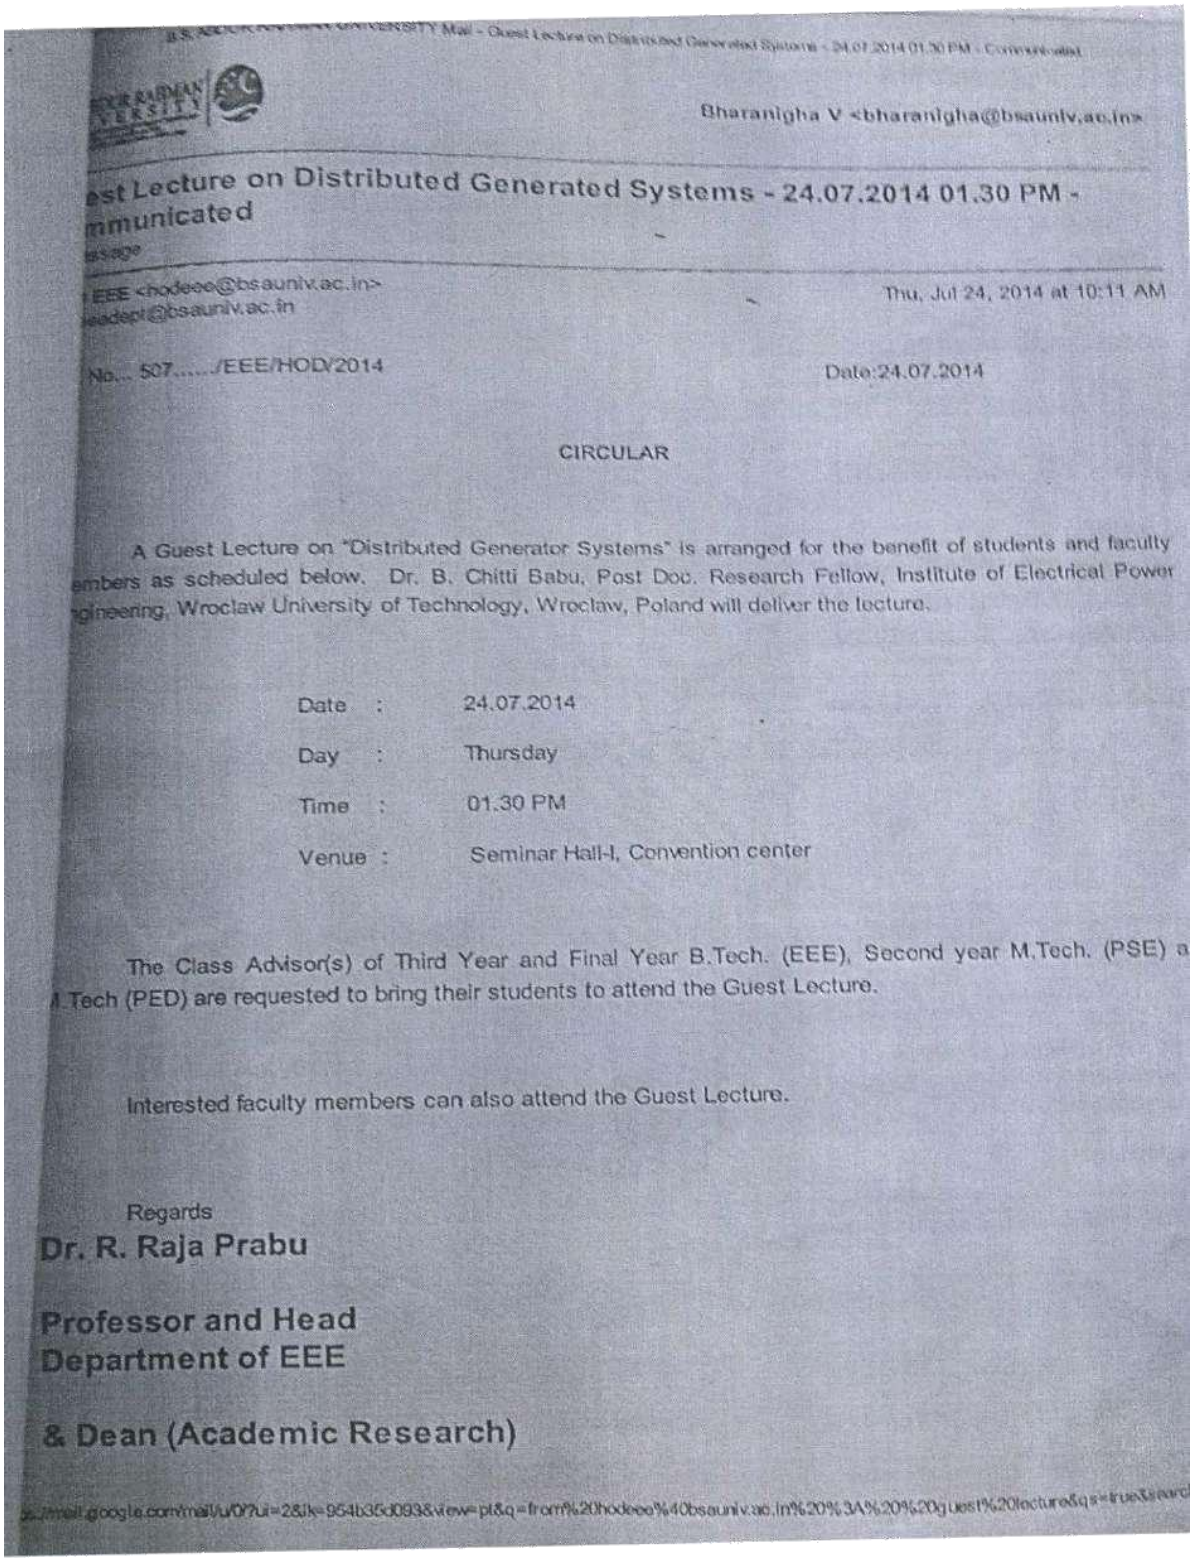

Date: 11.8.2014

CIRCULAR

A Guest Lecture on "Distributed Generator Systems" is arranged for the benefit of students and faculty embers as scheduled below. Dr. B. Chitti Babu, Post Doc. Research Fellow, Institute of Electrical Power ngineering, Wroclaw University of Technology, Wroclaw, Poland will deliver the lecture.

Date : 24.07.2014

Day : Thursday

Time : 01.30 PM

Venue : Seminar Hall-I, Convention center

The Class Advisor(s) of Third Year and Final Year B.Tech. (EEE), Second year M.Tech. (PSE) a M.Tech (PED) are requested to bring their students to attend the Guest Lecture.

Interested faculty members can also attend the Guest Lecture.

Regards

Dr. R. Raja Prabu

A guest lecture on "Distributed Generator Systems" is conducted by EEE department on 24.07.2014. The lecture was delivered by Dr.B.Chitti Babu, Institute of Electrical power engineering, and Wroclaw University of technology Poland in the seminar hall- I, convention centre at 1.30 PM. Dr.B.Chitti Babu explained the various control techniques adopted for the implementation of Distributed Generators. All the PG students and pre final and final year B.Tech students attended the lecture. A workshop on "Introduction to solar PV Design" is conducted by EEE department on 26.2.2015. Mr.Ramkumar, AP/EEE, gave hands on experience in design of Photovoltaic. Third year and final year B.Tech EEE students attended the workshop

Sub: Conducting WORK SHOP ON ' INTRODUCTION TO SOLAR P.V DESIGN' - Reg.

****

The students of the Department of EEE should attend the workshop on 'Introduction to Solar P.V Design'.

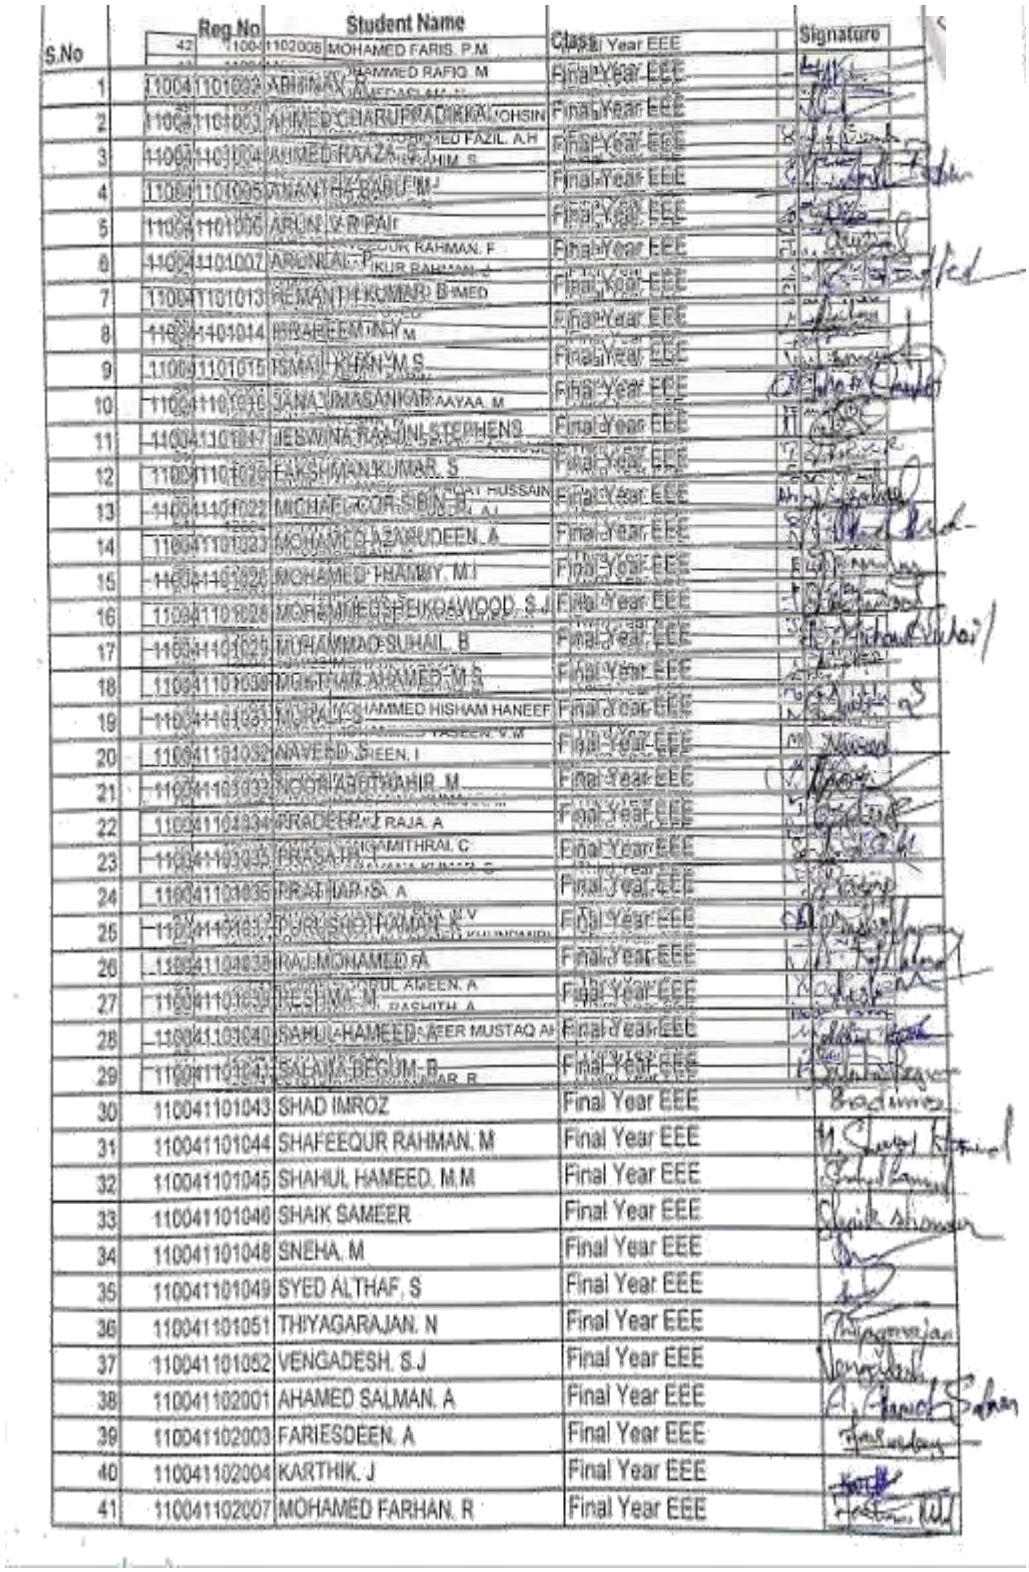

Workshop on : INTRODUCTION TO SOLAR P.V DESIGN
Venue : SEMINAR HALL 1, Convention centre.
Date : 26.02.15
Time : 2:30A.M to 4:00P.M

All the classes for EEE students are cancelled and attendance is compulsory. The class advisors are requested to attend the workshop along with their respective class students.

Coordinator

Honing Interview skills Mrs D.Mehernissa, HoD, Career Development Centre,

To file 24/3/15

DEPARTMENT OF ELECTRONICS & INSTRUMENTATION ENGINEERING
B. S. ABDUR RAHMAN UNIVERSITY, VANDALUR, CHENNAIN48

Date: 24.3.15

Submitted to the Registrar:

A training program on "Honing Interview Skills" for benefit of III yr EIE students was organized on 19.3.15. Mrs. D. Mehernissa, HOD / Career development centre, SRM University, Ramapuram Campus, Chennai - 89 was the resource person. The training programme was arranged to improve the reasoning skills of the students and how to attend Interviews.

The forenoon session had a brief introduction of the programme on how to hone the performance in the interviews like planning, time management, answering unexpected questions, facing uncomfortable situations. All the above was done along with activities. Most of the students participated in the activity. The afternoon session was on resume writing, dressing for interviews and mock interview.

The students gave a very good feedback and were very much involved in the activity learning. They also informed that it was an eye opener for them to attend interviews in future.

REPORT OF THE ONE DAY WORKSHOP ON CLOUD SIMULATOR

The One day workshop on Cloud Simulator was organized by the School of Computer Information and Mathematical Sciences on Oct 9th, 2014. Cloud Computing is an emerging area of research and development in the IT field. To meet the needs of the industry and to aid the students undertaking the projects in this field this one day workshop was organized.

Dr. Sharmila Sankar, HOD (CSE) introduced the resource person, Mrs. L.Shyamla, Research Scholar/Department of Information Science and Technology, Anna University, Chennai. The resource person gave an insight into the Cloud Computing concepts. She briefed about the virtualization concepts and cloud architecture. The session also highlighted the delivery models in the Cloud environment. An overview of other Cloud Simulator tools such as iCancloud, Green Cloud was given.

The afternoon session was an hand-on-session. The participants of the workshop were informed to bring their own laptops for the session. The installation and coding procedures was discussed in the afternoon session. The hands on session was done for various CloudSim API's. She had shown a demo of a sample application. The second half of the afternoon session the participants were given an opportunity to explore the simulator and apply the concepts taken in the morning session. It was then followed by the feedback and queries session. The feedback showed that the participants were satisfied with the hands on and expected more number of such hands on training of cutting edge technology in the coming semesters.

REPORT

HACKTRICKZ programme on ethical hacking is a part of the organization ROBOSAPIENS PRIVATE LIMTED which is approved by IIT DELHI. Such approach is defined in cultivating and driving students across the country the knowledge of hacking and ethical hacking.

The long term expectation of the program is to build knowledge and also bring the students and faculties under one roof competing among them for the title. The organization joined hands with the CSE department of B S Abdur Rahman University in conducting the same.

TRAINING MODULES (DAY-1)

- Sql
- Signography
- Adoc Hacking
- Windows Hacking

PRACTICAL SESSION (DAY-2)

- Phishing
- SQL Injection
- Facebook Hacking
- Windows Hacking

TOOL KIT PROVIDED

- Ethical Hacking Tool Kit
- Softwares
- Video tutorial
- Reference material

On the last day of the workshop, a written test (MCQ) was conducted by the trainees for the participants to assess their learning capability. The results were announced on the same day with the help of the student organizers within an hour. The shortlisted students (72) were divided into groups of 7 each. The teams competed with one and another on the task thrown. Four teams carrying 28 students were selected and were announced as the Winners for the day. The winners will be competing with the teams selected from other reputed institutions across the country at IIT DELHI in February 2015.

Workshop on Cloud Simulator conducted on 9th Oct 2014

B. S. ABDUR RAHMAN UNIVERSITY, CHENNAI – 48

DEPARTMENT OF INFORMATION TECHNOLOGY

Report on Cloud Simulator Workshop

Cloud computing isan emerging area of research and development in the IT field. One day workshop on Cloud Simulator was conducted by School of Computer, Information and Mathematical sciences held on 9th October 2014. This one – day workshop gave an interactive hands on session in cloud simulator for benefit of our students. Sessions were handled by the experts from CEG, Anna University, Chennai.The workshop was jointly organized by the Department of Information Technology and Department of Computer Science under School of Computer infromation and Mathematical Sciences. Dr. Sharmila Shanker, HOD / CSE gave welcome address and inagurated the workshop formally. She also gave brief introduction about the Resource Person Mrs. L.Shyamala, Research Scholar, CEG , AnnaUniversity, Chennai. Ms. L.Shyamala is budiing research scholar at the edge of completion of her thesis has a wide knowledge in Cloud Simulator. She has integrated Hadoop (Big Data based distributed framework) in the Cloud Simulator. She delivered both lecture and hands on sessions on cloud simulator for Post graduate students and Research Scholars of School of Computer, information and Mathematical sciences. More than 40 students participated in the workshop and benefitted with the hands on session provided and gave positive feedback.

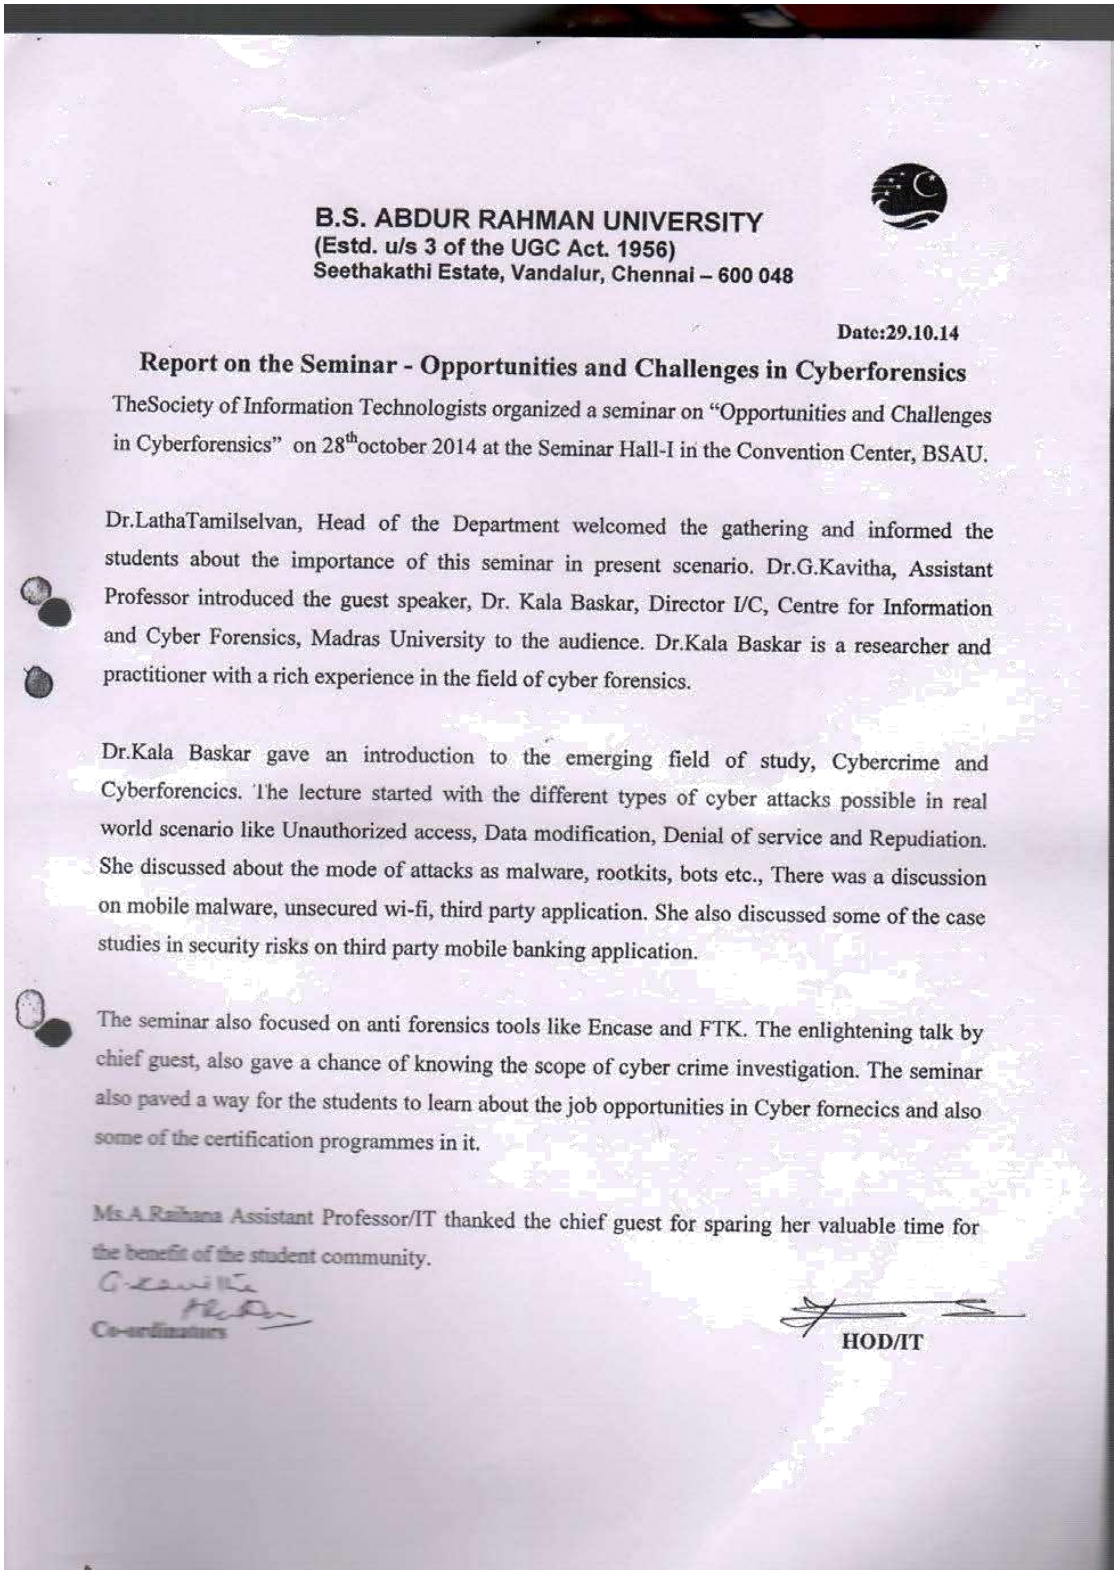

The software Cloud Simulator and Net Beans were installed in the participants laptop itself.This was very easy for all the participants to carry on their hands on work experience.
The Workshop content included Cloud Simulator – Introduction and Architecture , Cloud simulator functionalities and usage. Hands-On Experience were also given extensively. The workshop rather was very interactive as students bubbled up with numerous queries. The doubts were cleared with the advent of usage of cloud environment in the form of simulation.

To summarise the workshop was a complete blend of lecture sessions, interaction and hands on sessions and it ended with a valedictory address from the coordinators.

Report on the Seminar - Opportunities and Challenges in Cyberforensics

TheSociety of Information Technologists organized a seminar on "Opportunities and Challenges in Cyberforensics" on 28thoctober 2014 at the Seminar Hall-I in the Convention Center, BSAU.

Dr.LathaTamilselvan, Head of the Department welcomed the gathering and informed the students about the importance of this seminar in present scenario. Dr.G.Kavitha, Assistant Professor introduced the guest speaker, Dr. Kala Baskar, Director I/C, Centre for Information and Cyber Forensics, Madras University to the audience. Dr.Kala Baskar is a researcher and practitioner with a rich experience in the field of cyber forensics.

Dr.Kala Baskar gave an introduction to the emerging field of study, Cybercrime and Cyberforencics. The lecture started with the different types of cyber attacks possible in real world scenario like Unauthorized access, Data modification, Denial of service and Repudiation. She discussed about the mode of attacks as malware, rootkits, bots etc., There was a discussion on mobile malware, unsecured wi-fi, third party application. She also discussed some of the case studies in security risks on third party mobile banking application.

The seminar also focused on anti forensics tools like Encase and FTK. The enlightening talk by chief guest, also gave a chance of knowing the scope of cyber crime investigation. The seminar also paved a way for the students to learn about the job opportunities in Cyber fornecics and also some of the certification programmes in it.

Ms.A.Raihana Assistant Professor/IT thanked the chief guest for sparing her valuable time for the benefit of the student community.

Guest Lecture on Cyber Security Awareness Programme

B.S.ABDUR RAHMAN UNIVERSITY
Vandalur, Chennai – 48

DEPARTMENT OF INFORMATION TECHNOLOGY

Date: 5.3.15

Report on the guest lecture "Cyber Security Awareness programme"

Department of Information Technology organized guest lecture on "Cyber Security Awareness programme" on 3/3/2015 at seminar Hall of Crescent business school CBS104, B.S Abdur Rahman University. Dr. LathaTamilselvan, prof & Head /IT welcomed the gatherings. The Chief Guest introduction was given by Ms.T.Anusuya, AP/IT. The speaker Mr. P.V Sreejith, Technical trainer, Quick Heal Technologies Pvt Ltd south zone chennai delivered the lecture on **Cyber security** and Mr.Rajesh, Associate Manager, Quick Heal Technologies Pvt Ltd Chennai delivered the introduction to the basic concepts related to cybercrimes committed in social media.

The objective of the guest lecture was to create the awareness of security issues related to cyber world and how to prevent the attacks such as malwares, spyware, Trojan horses. The speaker focused on the areas of the threats and vulnerabilities with examples. He also discussed various security threats prevailing in the information network. He also insisted on the ways to protect data and how to be precautious in securing the private data.

During the course of Lecture the students gained the knowledge of types of attack that is most commonly prevailing in cyber world and gained the information for protecting the data. The whole session was an interactive and energetic one and students posted many questions, all the questions were honestly answered.

The Lecture delivered to the students was very interesting. It was very interactive. Ms.R.Mythily, AP/IT delivered the vote of thanks.

Application for the participation in the workshop must be sent to the **ca-workshops@bsauniv.ac.in** as given in the attached format.applicants can pay the Registration fees at registration desk on the day of workshop.

OBJECTIVE

The aim of this workshop is to provide a platform to bring together the domain experts, practitioners and budding researchers in the emerging trends of computer science and information technology to share and figure out the gaps need that to be worked out further. New challenges are emerging today in these fields with the recent advances. It aims to equip the students and familiarize them with latest technologies like Mobile Computing, Cloud Computing, Google Applications and Android applications to enable them to adapt better to the changing new scenario.

ABOUT B.S.ABDUR RAHMAN UNIVERSITY

B.S.Abdur Rahman Crescent Engineering College established in the year 1984 was one of the few institutions with all the UG and PG Programmes approved by the AICTE and accredited by the National Board of Accreditation which has now been upgraded as B.S.Abdur Rahman University that acclaims throughout India for its quality in teaching and research. Being one of the largest engineering institutions in India, it lays emphasis on innovative research, investment in high quality facilities and first-rate infrastructure. The University is able to offer with its wide choice of interdisciplinary degrees in engineering, Science and Technology which has enabled students to gain accolades in the global level keeping academic in pace with development in Industry. The state of art Data Centre, established in the University with high end Blade servers, Rack servers and SAN Storage provides 24hours availability and accessibility of computing resources to staffs and students.The University is provided with OFC based 1Gbps connectivity to National Knowledge Network (NKN) for collaborative research with National research laboratories under National mission on Education through ICT scheme (NMEICT) of Government of India.

The University is situated at Vandalur, adjacent to the Anna zoological Park, on the Grand Southern Trunk (G.S.T) Road, Chennai, which is well connected by Air, Train and Bus. It is about7 kms from Tambaram Railway Station, 15 kms from Chennai Airport and 30 kms from Central Railway Station. Sub-urban trains are available from Central Railway Station & Egmore Railway Station to Tambaram Railway Station. It is easily accessible by city buses.

ABOUT THE DEPARTMENT

The Computer Applications department has been offering Master of Computer Applications (MCA), Ph.D (Computer Science), M.Tech (Systems Engineering and Operations Research) and M.Tech(Data and Storage Management).**The Department is now offering M.C.A(2yrs) under lateral entry scheme for B.Sc.Computer science & BCA graduates.**

The department motivates Staff and Students to promote Industry Institute Interaction and R&D activities. In addition to regular teaching, the department organizes technical Seminars, Symposia, Workshops, industrial visits, in-plant training to expose the students to the real world environments and to enable them to gain practical knowledge. The website and Internet services of the University are maintained by the Department of Computer Applications.Along with that department offers additional virtual lab classes, live classes, tutorial MOOC''s and vocational augmentation.Courses through IIT professors under MHRD's QEEE programme. Special placement opportunities on mobile development in Android/IOS platforms.Students are selected and trained during the final year project phase

ONE DAY WORKSHOP ON OPPORTUNITIES & CHALLENGES FOR ACTUARIES

21st February 2015

Organized by

Department of Mathematics and Actuarial Science

B.S. ABDUR RAHMAN UNIVERSITY
Vandalur, Chennai – 600 048

About The University

B.S. Abdur Rahman Crescent Engineering College, which was established in the year 1984 by the Founder Chancellor **Alhaj Dr. B.S. Abdur Rahman,** has now been upgraded as **B.S. Abdur Rahman University** (under section 3 of the UGC Act 1956). This is the first Muslim Minority Institution which obtained "A" Grade from the National Assessment and Accreditation Council (NAAC) in the very Ist cycle of Accreditation.

By making use of the latest technologies and quality teaching, the college is able to offer a wide choice of interdisciplinary degrees in science and engineering which has enabled students to gain accolades in the global level. It is one of the few institutions with all the UG and PG programmes approved by AICTE and accredited by the National Board of Accreditation.

The University is located in the outskirts of Chennai city on the G.S.T. Road, (Chennai-Trichy National Highway) 7 km from Tambaram and 2 km from Vandalur Railway Station and 17 km from the International Airport. Being adjacent to the Arignar Anna Zoological Park, it is easily accessible by city buses.

About The Department

The Department of Mathematics was established in the year 1984 and now been upgraded as Department of Mathematics and Actuarial Science. Over the past few years, the department has acquired national and international importance. This has been achieved by the collective and responsive effort of the faculty, the supporting staff.

The department offer courses on M.Sc Actuarial Science and Ph.D in mathematics. The department has 18 faculties, 7 with Ph.d, 2 with actuarial qualification from Institute of Actuaries of India. The department has well equipped computer lab consisting with math software's. The department periodically organized seminars and workshops, through the lecturers by industry for the benefit of staff and students.

About Actuarial Science

In a fast-changing world, with new risks and the need for more creative ways to tackle them, there is an opportunity for personal and professional growth in an actuarial career, and the pleasure of life-long learning.

The Actuarial science program is multidisciplinary in nature and thus there are multiple opportunities for the successful students, in the field of insurance, finance and banking. Salaries and benefits packages are excellent from the beginning. In fact, it's one of the highest paid professions.

About The Workshop

The purpose of this workshop is to bring together experts, students and young researchers to provide a platform for discussion to fill the gaps between industry and academic. Also to create awareness among the students about the opportunities that they will have by taking the actuarial course. The workshop mainly focuses on the issue related to life insurance, health insurance and research opportunities that can be taken up by actuarial students. We hope to have in-depth discussion on the front-line challenging problems on various topics. It is hoped that these in-depth discussions and lectures by the invited speakers will motivate the students and young researchers to enter into actuarial profession.

ACADEMY OF DISCRETE MATHEMATICS AND APPLICATIONS (ADMA)

About the University

B.S. Abdur Rahman Crescent Engineering College, which was established in the year 1984 by the Founder Chancellor Alhaj Dr. B.S. Abdur Rahman, has now been upgraded as B.S. Abdur Rahman University. This is the first Muslim Minority Institution which obtained "A" Grade from the National Assessment and Accreditation Council (NAAC) in the very First cycle of Accreditation. The University offers undergraduate, postgraduate and doctoral programmes in various disciplines such as Civil Engineering, Mechanical Engineering, Polymer Engineering, Aerospace Engineering, Automobile Engineering, Computer Science Engineering, Information Technology, Electrical and Electronics Engineering, Electronics and Communication Engineering, Electronics and Instrumentation Engineering, Bio-Technology, Molecular Biology & Bio-Chemistry, Microbiology, Genetics & Genomics, Architecture, Islamic Studies, Computer Applications, Mathematics, Physics, Chemistry and Business Administration.

The University is located in the outskirts of Chennai city on the G.S.T. Road, (Chennai-Trichy National Highway) 7 kms from Tambaram and 2 kms from Vandalur Railway Station and 17 kms from the International Airport. Being adjacent to the Arignar Anna Zoological Park, it is easily accessible by city buses.

About the Workshop

Fuzzy graphs have several applications in branches like Environmental Science, Social Science, Geography, Linguistics etc. and some of the problems in these areas can be better studied using the concept of fuzzy graph structures.

Network analysis is used a lot in social science as a method to present data on complex individual relationships. Graph structures and fuzzy graph structures may help this study by providing provision for different types of relationships and the degree of each relationship respectively.

The purpose of this workshop is to bring together experts and young researchers and provide a platform for discussion of recent advances in Fuzzy graphs and its applications. The workshop is instruction in nature and basic concepts with directions for further research will be discussed in this workshop. Apart from lectures we shall have in-depth discussion on the front-line challenging problems on various topics. It is hoped that these in-depth discussions and lectures by the invited speakers will motivate the young researchers to enter into some of the highly fertile research area in Fuzzy Graph Theory.

The University is located in the outskirts of Chennai city on the G.S.T. Road, (Chennai-Trichy National Highway) 7 kms from Tambaram and 2 kms from Vandalur Railway Station and 17 kms from the International Airport. Being adjacent to the Arignar Anna Zoological Park, it is easily accessible by city buses.

About the Conference

Combinatorics and Graph Theory are closely related major thrust areas of current research with tremendous potential for application in various fields. Graph Theory is considered to be a part of Pure Mathematics, which is very close to Theoretical Computer Science and its importance has assumed greater dimensions in recent years in view of its adaptability to various problems in diverse areas such as Sociology, Psychology, Chemistry, Physics, Engineering, Economics, Computer Science and several other real life problems.

Research Areas which are related to the topics of the Conference include various aspects of Graph Theory, Combinatorial optimization, Interconnection Networks and Parallel Computing, Design and Analysis of Algorithms, Matroid Theory, Coding Theory, Cryptography and Applications to Science and Engineering.

The purpose of this conference is to bring together the experts and the young researchers and provide a platform for discussion of recent advances in the relevant research areas and presentation of research papers by young scientists. We hope to have in-depth discussion on the front-line challenging problems on various topics. It is hoped that these in-depth discussions and lectures by the invited speakers will motivate the young researchers to enter into some of the highly fertile research areas in Combinatorics and Graph Theory.

We also propose to have a symposium on graph colorings and another symposium on coding theory

CRESTECH-16

04.02.2016

Sub: Schedule and hall arrangement – Reg.,

The schedule and hall arrangement for conducting **CRESTECH 2016** Programme is given below.

Date	Hall		
	Auditorium	**Sem. Hall I**	**Sem. Hall II**
16.03.2016 Wednesday	CSE (ARCANE)	IT (COGNI)	CA (CYBERQUEST)
17.03.2016 Thursday	Mech (CONFLUENCE)	Auto (AUTO HUNT)	Aero (JET SCIENCE'16)
18.03.2016 Friday	Civil (CIVICLAN)	Bio Tech	PT (MACRON)
19.03.2016 Saturday	ECE (IMPULSE)	EEE (CYGNUS)	EIE (PRECISION)

The department coordinators are requested to book the Auditorium / Seminar Hall in advance to conduct the respective programme.

REGISTRAR

The Seminar was organized by Crescent Society of Automotive Engineers held on 10th August 2015. The chief Guest for the program was Mr. P. Arjunraj, Senior Engineering – Engines Research & Development, Mahindra & Mahindra Ltd., Chennai.

One day workshop on Mobility safety was organized on 8th September 2015. Mr. Karthikesan. Head, After Sales Division from Zulaikha Motors, Mr. P. Baskaran, Regional Transport Officer, Dr. Shah Dupesh Khan, CEO, Shabeel Honda., Dr. G. Uma Devi, Professor, Division of Transportation Engineering were the guest speakers.

A guest lecture was organized by Crescent Society of Automobile Engineers of Department of Automobile Engineering organized a special lecture by Dr. Peter Brooks – School of Mechanical Sciences – University of Leeds UK to B. Tech Automobile and Mechanical Engineering students on 11thSeptember 2015.

th
AutoHunt 2016 was organized on 17 March 2016. Mr. S. Radhakrishnan, Vice President (R & D) retired, Tane TRW steering systems was the cheif guest for the inaugural function.

Two days National Seminar on “Emerging Trends in Automotive Technology

Two days National Seminar on “Emerging Trends in Automotive Technology 2016 ” was organized on 15th& 16th April 2016. Guest of speakers are Dr. V. Sankaranarayanan, Director, University Projects, Mr. K. Senthur Pandian, Senior Principal Engineer, Power Train, Mahindra & Mahindra Ltd,Mr. Prashanth Krishnan and Gokul raj from Sharda Motors Ltd., Dr. S. Rajadurai, CEO and Head, R&D, Sharda Motors Dr. N. Kulasekaran, Assistant General Manager, CFD, R&D, Fiat Chrystler Automobiles India, Dr. A. Ramesh, Professor, Mechanical Engineering, IIT- Madras and Mr. R. Venugopal, Scientist G, CVRDE.

Report on the Guest Lecture conducted on 05.10.2015

A Guest Lecture on "Construction Practices" was organized by the department of Civil Engineering on 05.10.2015, in Convention Centre Seminar Hall, BSACL. The faculty and the students of B.Tech. Civil Engineering attended the lecture.

Dr.P.Vasanthi, Professor and Dean of School of Infrastructure welcomed the gathering and informed the students about the importance of Construction Practices in the present scenario. Ms.V.Roopa, Assistant Professor introduced the guest speaker.

Mr.E.PremKumar Samuel, Scientific officer, Indira Gandhi Center of Atomic Research discussed about the current problems in construction practices related to demand of raw materials, labours cost and increases in the cost of raw materials. He also shared the recent case studies related to good and bad construction practices. It help the students to get knowledge about the various work involved in site supervision and project management.

At last he explained about the nuclear disaster and various construction techniques and equipments that can be adopted in our country at present.

Lr. No. /EEE/HOD/2015 Date: 18.08.2015

CIRCULAR

A Guest Lecture on "Smart Grid & Digital Substations ", has been arranged for the benefit of Students, research scholars and Faculty members.

The students from Final year B.Tech.(EEE) , III year B.Tech. (EEE), II year B,Tech. (EEE), I year M.Tech. (PED) & M.Tech. (PSE), II year M.Tech. (PSE) and (PED) , Research scholars and all the faculty members of Department of EEE are directed to attend the Guest Lecture.

Guest Speaker : MR.MOHAMED FAROOK
SAS MECA BUSINESS DEVELOPMENT
DIRECTOR - ALSTOM
MIDDLE EAST & CENTRAL ASIA
DUBAI, UAE

Date	:	20.08.2015
Day	:	Thursday
Time	:	11.00 A.M
Venue	:	Seminar Hall – II, Convention Center

All the Class Advisor(s) are requested to inform the students to attend the Guest Lecture without fail.

Guest Lecture on Smart Grids & Digital Substations

2-2015-4 Report on the event

A guest lecture on “Smart Grid and Digital Substation” is conducted by EEE department on 20.8.2015. Mohammed Farook, Director Alstom, Middle East and Central Asia delivered the lecture. All UG and PG students of EEE department attended the lecture.

Department of Electrical and Electronics Engineering
B.S. Abdur Rahman University, Chennai – 600 048

Lr. No. 124 /EEE/HOD/2016 Date: 10.03.2016

CIRCULAR

A Guest Lecture on "Applications of FACTS devices to Power System", has been arranged for the benefit of Students and Staff members.

The students from III year B.Tech. (EEE), I year M.Tech. (PED) & M.Tech. (PSE), II year M.Tech. (PSE) and (PED) and all the faculty members of Department of EEE are requested to attend the Guest Lecture.

Guest Speaker : Dr. C. N. Ravi
Sathyabhama University

Date : 10.03.2016

Day : Thursday

Time : 1.45.00 PM to 04.0 0PM

Venue : EEE Department Seminar Hall

The Class Advisor(s) of III year B.Tech.(EEE) and M.Tech students are requested to inform them to attend the Guest Lecture without fail.

Your co-operation is highly appreciated.

CIRCULAR

Sub: Guest Lecture – Mr.Janardhanan, Principal Engineer, Petrofac, Chennai - Reg.

*****

The department of EEE is organizing a lecture by Mr.Janardhanan as scheduled below:

Date : 19.02.2016
Day : Friday
Time : 2.30 pm to 4.10 p.m.
Venue : Seminar Hall, EEE Department
Topic : Electric Power Distribution in Industry

AGENDA

2.30 pm - 2:35 pm	Welcome address
2.35 pm - 2:40 pm	Introduction of the speaker
2.40p.m -3.45 pm	Lecture by Mr.Janardhanan Alumni (1998-2002)
3:45 am – 4.00 pm	Questions
4.00 – 4.05 p.m	Vote of Thanks

The lecture will deliberate over the insights on Electric Power distribution in Industry.

All the students ,research scholars and faculty members are requested to attend and make use of this opportunity.

The co-operation to be extended in this regard is highly appreciated.

Report for one day workshop on

"Product Design Using Embedded Systems & Robotics"

The department of ECE conducted a one day workshop on "**Product Design Using Embedded Systems & Robotics**" on 18th August,2015. The workshop was mainly focused for III year B.Tech students and faculties. The Resource person Mr.Parthiban from EPR labs, Chennai conducted the workshop. Totally 108 students have participated in the workshop. The following topics were discussed during the workshop.

- Product Design Technologies ,Importance of research
- Core technical theory about Real time Products -Mobile Phone, Air conditioner, Coffee Vending Machine and how it is related to university syllabus - How we can implement the Real time product at a cheaper price?
- Robotics & Design Concepts
- How To Develop, Download and Test the software?
- Implementation with other architectures ,Various Opportunities in Electronics Field , Interview tips

HFSS TRAINING ON 26.9.16 AND 27.9.16

Priya Marish <priyamarish@bsauniv.ac.in> Sep 23, 2016, 9:30 PM

to ambika, Siva, ramesh, hasanbabu, Selvakumar, maha, Maha, Jean, Anitha, Syed, maya, hodece

Dear professors,

The training program on HFSS is arranged on 26th and 27th in NI lab...the training program starts at 9.30 a.m on 26th ....This training is exclusively arranged for the ECE faculty and students...I kindly request Maha mam ,shilpa mam, anitha mam, rafia mam to inform their students to register if they are interested...Already one batch from final year 'A' and one batch from final year 'B' and 4 batches from II year 'A' have registered their names...

I request maya mam to inform nisha and the other one who is doing project in antenna..I already informed nisha abt this.
there could be one or two batches from each section because 2 research scholars,faculty members and few students have already registered and I have asked temporary license for 30 users ..

Thanks and regards

A.Priya

A report on the training Program on Honing Interview Skills held on 19.9.15

Submitted to the Registrar:

A training program on "Honing Interview Skills" for benefit of III yr EIE students was organized on 19.9.15. Mrs. D. Mehernissa, HOD / Career development centre, SRM University, Ramapuram Campus, Chennai - 89 was the resource person. The training programme was organized to develop the way of thinking skills of the students and preparing for Interviews

The forenoon session was on hands on training on writing a Resume and submission to a concern / organization. Then the afternoon sessions were on very interesting lectures on Preparing for interviews, interview experience, Questions to expect and to ask, Different types of interview, Psychometric Tests and Identifying the competencies required for job

The activity based learning was helpful for the students. A feedback on the training stated that they would like to attend more such training in future.

To file 29/9/15

Date: 7.3.2016.

Submitted to the Registrar:

Sub: Hands on training programme on "Circuit design using PSPICE"

It is proposed to conduct a one day 'Hands on training programme on the circuit design using PSPICE software' for the benefit of the I and III year EIE students. Since, I year students have a course on Electrical circuit analysis and laboratory and III year students have a course on Instrumentation system design and lab, it will be useful for them to understand the concept clearly.

No charges will be claimed for the training programme. The training will be conducted in the process control laboratory of EIE department. Permission may please be granted to conduct the training program on 12.3.16.

Guest Lecture on Algorithms Techniques

B.S. ABDUR RAHMAN UNIVERSITY

SCHOOL OF COMPUTER AND INFORMATION SCIENCES

Department of Computer Science and Engineering

A Report on "A School on algorithms and Techniques"

Date: 31.07.15

The main topics that were discussed were graphing algorithms, Calculation complexity for recursive algorithms, greedy algorithms, dynamic programming, sorting and search algorithms, Introduction to NP problems, NP complete problems, and Reductions.

In Graphing Algortithms, Dr.Venkatesh Raman showed us BFS , DFS, Minimum Spanning Tree, Prim's Algorithm, Kruskol's Algorithm. We learned its application in Graphic Coloring. Then we also discussed about Dijkstra Algorithm by Dr.Saket Saurab and its application in Economics in Stock Markets.

The sessions were taught by four people from IMSC Tharamani and IIT Madras. The sessions were very interactive and it satisfied the curiosity of fellow students. It gave us a scope of Theoretical Computer Science and its relationship between mathematics and engineering. The sessions were useful since we started to look at problems by looking at its complexity and how to efficiently program the algorithm for a given problem. In conclusion, We had a very comprehensive introduction to algorithms and analysis.

Guest Lectures on speech recognitions in Tamil

B. S. Abdur Rahman University

Department of Computer Science and Engineering

"Speech recognition in Tamil: A socio technological perspective" on 04 Aug 2015

A seminar on "Speech Recognition of the Tamil language and its socio-technological implications" was conducted on 4/8/15 by Mr. Vignesh Raj. The speaker who is a researcher at University of Sheffield in the United Kingdom is carrying out his research in the same field. Around 30 students from M.Tech (Final year) and B.Tech (3rd and 4th year) programs attended the seminar. Mr. Vignesh spoke of the difference between speech and voice recognition services and how most of these services were monolingual. He then explained how technology was driven by societal factors rather than the other way around and stated that this was the main idea behind his research. The students were asked to give their opinions regarding the difficulties that may arise in implementing speech recognition services for the Tamil language. The session was highly interactive, with constant dialogue between the speaker and attendees. The students suggested problems such as the discrepancy between the colloquial and proper versions of the language, the variations in accent and slang around different parts of Tamil Nadu and other Tamil speaking states/countries such as Puducherry, Sri Lanka, etc. The speaker agreed with this, and to accentuate this point, he played a video depicting this problem in real-time. Furthermore the speaker stated that the prevalence of a language in technology is decided by its 'value and demand' in that particular society. Upon broaching this topic, several students revealed that they would prefer technology based on English over Tamil. A lively discussion ensued in which the speaker asked the students to consider the reasoning behind this preference. Mr. Vignesh ended the seminar by explaining that this last point was the main focus of his research. The seminar was a good exposure for the students to the thought process behind research activities. Seeing the student interest, Mr. Vignesh promised to present more such seminars in the future. The students also expressed their interest in attending similar seminars regarding artificial intelligence and language computing to the organizer.

ANALYTICS WITH R – HANDS ON WORKSHOP – REPORT

Five Day workshop on "Analytics with R" was organized by Department of CSE from 10.6.16 to 14.6.16. It was opened to first year UG and PG students of School of Computer, Mathematical and Information Sciences (SCIMS).This workshop was restricted to only 20 students in order to provide individual attention and quality teaching.15 students from CSE and 5 students from IT participated in the workshop on a first come first serve basis.

The workshop was planned and executed as a complete hands-on workshop. All participants were provided with individual laptops to facilitate hands-on practice. Everyday a theme was posted to the participants and they prepare posters to be displayed on workshop wall. Moreover to hold the attention of the participants, short queries "Google It Up" was sent to their mail id any part of the day (3 per day), and early replies were appreciated. Daily assignments were given to keep track of their learning progress. Last day of the workshop was focused on live analytics session on twitter data.

Students were grouped into teams on day one and provided datasets for analysis. They were given analytics mini-project which they presented on the last day of workshop.

Vice Chancellor and Registrar of the University came for valedictory function and interacted with the students. Best presentations was voted by all teams and were given certificate of excellence and prize. All other participants were given participation certificate and consolation prize.

Date:19.9.15

Report for three days workshop on "Network Security"

Department of Information Technology organized Workshop on "Network Security on 19.9.15 to 21.9.2015 at Web Technology Lab, IT Department B.S.Abdur Rahman University. Dr. Latha Tamilselvan, Prof & Head /IT welcomed the gatherings by their "Welcome Address" on the auspicious occasion about the workshop. The speaker Mr.Manish Tyagi, Lead Trainer and Mr.Sri Raghavan Asst Trainer, IBNC INDIA Ltd and I-Medita Learning Solutions (P) Limited delivered the lecture on Network Security Concepts.

The objective of the Workshop was to create the awareness of purposes and uses of Network Security Concepts in real time. The speaker focused on the Basic Networking concepts, Routing, Switching, Firewall and Virtual Private Network, its implementation, configuration, troubleshooting and maintenance of Cisco Routers, Switches and Security Equipment., advantages with real time examples. He also conducted India's Biggest Networking Championship's.

The main aim is to groom the students with the insights of Networking Technology and provide them hands on practical Knowledge. After this workshop, Students will learn installation, configuration and troubleshooting of CISCO Routers and Switches.

During workshop the students gained the knowledge of how to use and what types of risks exists. The whole session was an interactive and energetic one and students posted many questions, all the questions were formally answered.

The workshop ended with vote of thanks delivered by Dr.G.Kavitha, Asst.Prof.(Sel.G)/IT Department.

DATABASE DESIGN AND PROGRAMMING WITH SQL

19th September, 2016 to 28th October, 2016

ABOUT THE ORACLE iLEARNING CERTIFICATION PROGRAMME

Oracle iLearning is the platform for delivering and managing personalized learning to anyone, anytime, anywhere, on any device. Oracle iLearning is an enterprise Learning Management System (LMS) and a core component of Oracle's E-Business Suite. Oracle iLearning provides a complete infrastructure for institutions to manage, deliver and track training for online and classroom based environments. It maximizes the institutions to reach with consistent, standardized global learning for students, teachers, and researchers. Use Oracle iLearning to:

- Consolidate training initiatives on a scalable, cost effective LMS
- Assemble and deliver learning content rapidly
- Deliver the optimal blend of classroom and online training
- Measure the effectiveness of training initiatives

The Department of Information Technology, BSAU organizes this programme in collaboration with Oracle Academy and ICT Academy of Tamilnadu.

ORACLE Academy ICTACT

OBJECTIVES

- To understand the concepts of data modeling and database components
- To acquire knowledge in actual implementation of database design and programming.
- o give insight into the programming based learning in SQL Plus.
- To get experience with Oracle Application Express (OAE) practice environment.
- To learn emerging database security concepts.

OUTCOMES

At the end of the course, the student is expected to possess knowledge and achieve skills on the following:

- Design the databases for different applications.
- Knowledge enhancement in emerging database technologies.
- Evaluate the operations using application builder.
- Implement the database design and programming concepts in practical approach.

DATABASE DESIGN AND PROGRAMMING WITH SQL

This course of study teaches students to analyze complex business scenarios, design and create data models, and create databases using SQL. Oracle SQL Developer Data Modeler and Application Express (APEX) are utilized to provide practical, hands-on, engaging activities. Leveraging project-based learning techniques, students will create and work with projects which challenge them to design, implement, and demonstrate a database solution for a business or organization.

KEY FEATURES

- Self guided-registration or administration-guided enrollment and for site access
- Catalog search and browse
- Collaborative environment
- Provide blended learning management for training methods like instructor led and self-study training
- Built-in discussion forums, chats and interaction through social sites offer efficient learning and collaboration
- Flexible deployment in either hosted or installed model (Flexible and scalable)
- Mobile Learning

TARGETED PARTICIPANTS

- B.Tech (IT) & M.Tech (IT) – Pre-Final Year students

TARGETED PARTICIPANTS

- The programme duration is of six weeks starts from 19th September to 28th October, 2016.
- Professional Development Hours - Totally 60 hours (20 hours physical participation and 40 hours online activity including topic discussion, quiz and practices).

PROGRAMME COORDINATOR

Dr. Latha Tamilselvan, Professor & Head
Department of Information Technology
B.S.Abdur Rahman University

Ms. L. Shakkeera
Assistant Professor (Senior Grade)
Department of Information Technology

DEPARTMENT OF INFORMATION TECHNOLOGY

Report on Six weeks Oracle iLearning Certification Programme in Database Design and Programming with SQL
(19th September, 2016 to 28th October 2016)

Department of Information Technology successfully organized a six weeks Oracle iLearning Certification programme in **"Database Design and Programming with SQL"** in collaboration with Oracle Academy and ICT Academy of Tamil Nadu during 19th September, 2016 to 28th October, 2016. Programme was conducted for B.Tech (IT) & M.Tech(IT)- Pre-final year students at our university premises with a total of 60 hours with 20 hours of physical participation and 40 hours of online activity including topic discussion, quizzes, and practices.

The main pillars for the success of this programme were the coordinators of the department of Information Technology. We thank them for the efforts made by them to make this certification programme possible. The coordinators were Dr. Latha Tamilselvan, Professor & Head/IT, Dr. R. Shriram, Director/FTA, Coordinator-ICT Academy Tamilnadu, BSAU and Ms. L. Shakkeera, Assistant Professor (Senior Grade)/IT who was also certified Oracle Academy Instructor. Ms.P.Usha, Associate Professor/IT, Dr.G.Kavitha, Associate Professor/IT and Ms.P.Latchoumy, Assistant Professor (Selection Grade)/IT were the faculty instructors for this six weeks certification programme without whose tireless efforts this would not have been possible.

Objectives

Oracle iLearning is the platform for delivering and managing personalized learning to anyone, anytime, anywhere, on any device. Oracle iLearning is an enterprise Learning Management System (LMS) and a core component of Oracle's E-Business suite. It maximizes the institutions to reach with consistent, standardised global learning for students, teachers and researchers. The main objectives of this training programme were

- To understand the concepts of data modelling and database components.
- To get experience with Oracle Application Express Practice environment.
- To acquire knowledge in actual implementation of Database design and programming.
- To give insight into the programming based learning in SQL Plus.
- To learn emerging database security concepts.

Key Features

- Self guided-registration or administration-guided enrollment and for site access
- Catalog search and browse
- Collaborative environment
- Provide blended learning management for training methods like instructor led and self-study training
- Built-in discussion forums, chats and interaction through social sites offer efficient learning and collaboration
- Flexible deployment in either hosted or installed model (Flexible and scalable)

- Mobile Learning

Programme Contents

Database Design

In database design we had learnt about data modelling, entity relationships, constraints, normalization, arcs, hierarchies, basics of database creation, selecting statements and relational database technology.

Database programming with SQL

We had learnt about using characters, numbers and date function, group functions, sub queries, working of DML and DDL statements in SQL Plus, sample database application creation in Oracle Application Express using Application Builder, Fundamentals of database security.

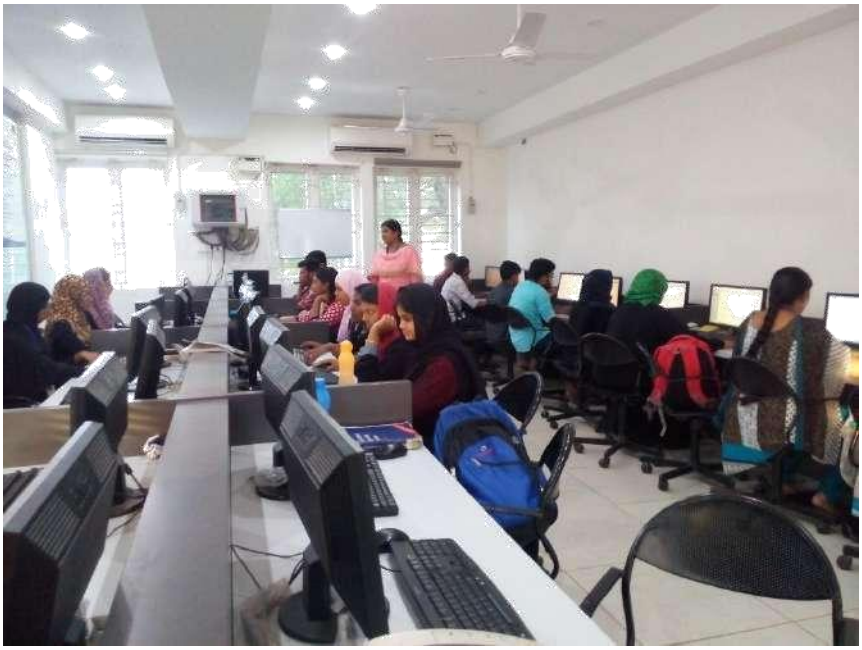

Outcomes

At the end of the course, the student is expected to possess knowledge and achieve skills on the following:

- Design the databases for different applications.
- Knowledge enhancement in emerging database technologies.
- Evaluate the operations using application builder.
- Implement the database design and programming concepts in practical approach

Third Year B.Tech/IT
MUTHU KUMAR.N
NANDHITHA.V
FATHIMA MARIYAM. H

Guest Lecture on Secured Cloud conducted on 28th Aug 2015.

DEPARTMENT OF INFORMATION TECHNOLOGY

Innovative Interact Club

Activities of the Year 2015- 2016 - Theme Based Event

20-08-15

The Department of Information Technology has planned to conduct theme based event under Innovative Interact Club. The theme of this semester under club activity is **"Secure Cloud".** The interested B.Tech, M.Tech and MCA students from School of Computer, Information and Mathematical Sciences can participate in these events.

Note: For all the enrolled students, the concepts of Cloud security will be explained and demonstrated in all aspects during the training classes by the faculty members of Department of Information Technology, B.S.Abdur Rahman University.

Topics to be discussed

- Security and privacy in clouds
- Data encryption and decryption
- Reliability and availability
- Trust and credential management
- High performance cryptography
- Cloud Integrity and Binding Issues
- Cryptographic primitives
- Usability and Security
- SQL Injection
- Access control policies

Activities to be conducted

- Hack Track
- Simulation projects
- Mini Project

One day workshop on "Role of Mathematics in Bio-Modelling" in 1st August 2015.

and neurosciences, infectious diseases, medical imaging, ecological webs, patterns in epicemic growth, biophysical phenomena, protein and cell structure etc.

Expected outcomes

- A network for Bio-modeling initiated.
- An interface between mathematicians and biomedical professionals enhanced.
- Open new areas of research in Bio-modeling.
- Improve mathematical modeling skills for participants

Who Can Attend?

Post graduate students, research scholars and faculties from educational institutions and professionals from industry.

Registration Fee : ₹.200/-

Mode of Payment

- Mode of Payment : Demand Draft in favour of "The HOD, Department of Mathematics, B.S. Abdur Rahman University" payable at Chennai.
- No TA/DA will be given to the participants. Participants are requested to make their own arrangements for accommodation and travel. Registration form along with the fee may be sent to "The HOD, Department of Mathematics, B.S. Abdur Rahman University, Vandalur, Chennai 600 048, Tamil Nadu, INDIA".
- Spot registration is not permitted. Only prior-registered participants will be allowed to attend the workshop.

Last date for Registration: 25.07.2015

VANDALUR, CHENNAI-48

About University

Formerly it well known by esteemed B.S. Abdur Rahman Crescent Engineering College, which has now been upgraded to B.S. Abdur Rahman University, was an institution acclaimed throughout India for its quality in teaching and research. Being one of the largest engineering institutions in India, it lays emphasis on innovative research, investment in high-quality facilities and first-rate infrastructure. By making use of the latest technologies and quality in teaching, the college is able to offer a wide choice of interdisciplinary degrees in engineering which has enabled students to gain accolades in the global level. It is one of the few institutions with all the UG and PG programmes approved by AICTE and accredited by the National Board of Accreditation. This has been upgraded to university status with a view to keep academic in pace with development in industry. Modern hostel facilities are available for men and women students separately within the university campus.

Students are imparted knowledge and provided ample opportunities to test their knowledge in real-time industrial situations and during this pursuit, their character traits are shaped and fine-tuned to enable them to initiate, compete, lead and share and become a good human being.

B.S. Abdur Rahman University, Vandalur, Chennai – 600048, (formerly B.S. Abdur Rahman Crescent Engineering College) has been established under section 3 of the UGC Act 1956. The University is located in the outskirts of Chennai city on the G.S.T. Road, (Chennai-Trichy, National Highway) 7 km from Tambaram and 2 km from Vandalur Railway Station and 17 km from the International Airport. Being adjacent to the Arignar Anna Zoological Park, it is easily accessible by city buses.

About Department

The Department of Mathematics and Actuarial Science supports the engineering department by offering the core and advance courses in mathematics at UG and PG level in various disciplines. Apart from that the department commenced a 2-year M.Sc. (Actuarial Science) programme. The department also offers research programme, (Ph.D.) in the thrust areas Operations Research, Bio-Mathematical Modeling, Graph Theory, Formal languages and Numerical Analysis. The Department has highly qualified faculty members, 7 Ph.D. holders and remaining are pursuing Ph.D. The glory of the department is reflected in our Alumni holding responsible positions in prestigious fields. The department has a well equipped computer lab.

- Every year a State Level Symposium named "INFINITY" is conducted for the student communities.
- A short term training programme "On Mathematical Tools for Engineering Research and Teaching", sponsored by AICTE – ISTE was conducted on Dec 13 – 17, 2004.
- National Conference on Applied Mathematics–2008 was organized on Jan 3 – 4, 2008.
- National Conference on Applied Mathematics–2010 was organized on Jan 28–29, 2010.
- Three days National Workshop on Mathematical Modeling using MATLAB was organized on April 25–26, 2013.
- Three days Pre-conference Workshop on Fuzzy graphs was organized on June 7–9, 2015 and National Conference of Fuzzy Graphs was organized on June10 – 12, 2015.

About the Workshop

The aim of workshop is intended to broaden the scientific perspective of young Researchers, Faculties and Professionals from industries working to encourage the interactions with each others on modeling of various biological phenomena. The workshop could also be a platform to share the ideas of latest developments in the field.

Understanding biological phenomena through modeling are very interesting and frequently encountered research problems by biologists, mathematicians, statisticians and physicists. Techniques are Linear and Non-Linear systems, Dynamical Systems, Probability and Statistics etc. play a key role in the field of modeling and analysis. The range of applications involve but not restricted to population dynamics, pattern formation, chemotaxis, aggregation, biological waves and their implications in developmental biology, epidemiology

Organized by

Department of Mathematics and Actuarial Science

B.S. ABDUR RAHMAN UNIVERSITY
VANDALUR, CHENNAI - 600 048

ABOUT THE UNIVERSITY

B.S. Abdur Rahman Crescent Engineering College, which was established in the year 1984 by the Founder Chancellor Alhaj Dr. B.S. Abdur Rahman, has now been upgraded as B.S. Abdur Rahman University (under section 3 of the UGC Act 1956). This is the first Muslim Minority Institution which has obtained "A" Grade from the National Assessment and Accreditation Council (NAAC) in the very Ist cycle of Accreditation.

By making use of the latest technologies and quality teaching, the University is able to offer a wide choice of interdisciplinary degree Courses in science and engineering which has enabled students to gain accolades in the global level. It is one of the few institutions with all the UG and PG programmes approved by AICTE and accredited by the National Board of Accreditation.

The University is located in the outskirts of Chennai city on the G.S.T. Road, (Chennai-Trichy National Highway) 7 km from Tambaram and 2 km from Vandalur Railway Station and 17 km from the International Airport. Being adjacent to the Arignar Anna Zoological Park, it is easily accessible by city buses.

ABOUT THE DEPARTMENT

The Department of Mathematics was established in the year 1984 and now been upgraded as Department of Mathematics and Actuarial Science. Over the past few years, the department has acquired national and international importance. This has been achieved by the collective and responsive effort of the faculty and the supporting staff. The department offer courses on M.Sc Actuarial Science and Ph.D in mathematics & Actuarial Science

The department has 18 faculties with 7 Ph.D., and other are pursuing Ph.D., The department has well equipped computer lab consisting with math software's. The department periodically organized seminars and workshops, through invited lecturers from industry for the benefit of staff and students.

ABOUT THE WORKSHOP

The purpose of this workshop is to bring together experts, students and young researchers to provide a platform for discussion to fill the gaps between industry and academic.

Demographic change is altering our society and presenting new challenges for the insurance industry. Demographic change has wide-ranging implications for life, pension and healthcare provision – and therefore impacts directly to the insurance industry. Also due to the continuous economic growth, the living standard of the population are also improving and the demand for innovative insurance product is consistently increasing.

To perform their work, actuaries need to develop assumptions and models. Often some of the assumptions required are directly demographic in nature (for example assumptions on future mortality rates). Others may be indirectly influenced by demographic trends. It is a professional duty of an actuary to examine all available information in order to develop best-estimate assumptions, including demographic ones.

This workshop will focus on these issues and will be helpful to understand the uncertainty due to demographic changes to the actuarial work.

Formerly B.S.ABDUR RAHMAN Crescent Eng'g College

Department of Mathematics & Actuarial Science
Summer Training Programme on
Financial Mathematics with hands on R Programming (FMWRP)
6th June to 11th June 2016
Venue : Seminar Hall-II, B S Abdur Rahman University, Vandalur, Chennai-600048

About the University

B.S. Abdur Rahman Crescent Engineering College, which was established in the year 1984 by the Founder Chancellor Alhaj Dr. B.S. Abdur Rahman, has now been upgraded as B.S. Abdur Rahman University (under section 3 of the UGC Act 1956). This is the first Muslim Minority Institution which obtained "A" Grade from the National Assessment and Accreditation Council (NAAC) in the very Ist cycle of Accreditation.

By making use of the latest technologies and quality teaching, the University is able to offer a wide choice of interdisciplinary degrees in science and engineering which has enabled students to gain accolades in the global level. It is one of the few institutions with all the UG and PG programmes approved by AICTE and accredited by the National Board of Accreditation.

The University is located in the outskirts of Chennai city on the G.S.T. Road, (Chennai-Trichy National Highway) 7 km from Tambaram and 2 km from Vandalur Railway Station and 17 km from the International Airport. Being adjacent to the Arignar Anna Zoological Park, it is easily accessible by city buses.

About the Department

The Department of Mathematics was established in the year 1984 and now been upgraded as Department of Mathematics and Actuarial Science. Over the past few years, the department has acquired national and international importance. This has been achieved by the collective and responsive effort of the faculty. The department offer courses on M.Sc Actuarial Science and Ph.D in Mathematics and Actuarial Science. The department has 18 faculties with 7 Ph.D and other pursuing PhD. The department has well equipped computer lab consisting with math software's. The department frequently organized seminars, workshops and conferences, for the benefit of staff and students.

About the Training Programme

Financial Mathematics is the application of mathematical methods to the solution of problems in finance. (Equivalent names sometimes used are quantitative finance, financial engineering, mathematical finance, and computational finance.) This programme aims to develop participants' understanding of the foundations of financial mathematics, and to equip them with knowledge of a range of mathematical and computational techniques that are required for a variety of quantitative positions in the financial sector. It also focus on the development of participant understanding of quantitative methodologies and techniques that are important for a range of jobs in investment banks and other financial institutions

R programming is a language and environment for statistical computing and graphics. R is an integrated suite of software facilities for data manipulation, calculation and graphical display. It includes an effective data handling and storage facility, a suite of operators for calculations on arrays, in particular matrices, a large, coherent, integrated collection of intermediate tools for data analysis, graphical facilities for data analysis and display either on-screen or on hardcopy, and a well-developed, simple and effective programming language which includes conditionals, loops, user-defined recursive functions and input and output facilities.

Programme Schedule

- Morning session: Theory Class on Financial Mathematics (10.00 AM to 1.00 PM)
- Afternoon Session: Computer Lab Practical Class on R Programming (2.00PM to 4.00PM)

Topics to be Covered

- Interest rate model, Inflation, Level Annuities and irregular annuities, Loan schedule, Cash flow models, Arbitrage and forward contract, properties of option prices, valuation methods and hedging techniques.
- Simple manipulations; numbers and vectors, Arrays and matrices, Lists and data frames, Reading data from files, Probability distributions, Grouping, loops and conditional execution, Writing own functions, Statistical models in R.

Profile of Participants

- Faculties who have keen interest on Finance and Financial Mathematics with R Programming.
- Researchers who are doing research in Finance and Its Applications and using R software.
- Students who have interest on Banking, Risk Management and Actuarial fields.

Registration and Fees

Interested participants must apply by e-mail/post/hand with the fees of Rs.2,000 by DD/bank transfer/cash on or before 3rd June 2016. For registration please fill the format attached and post/e-mail/hand-over to the Co-Ordinator (address given below). Payment of fees: (a) by DD - drawn in favor of the HOD Mathematics, B S Abdur rahman University, Chennai or (b) by Bank Transfer as shown below:

Name of A/c holder	HOD Mathematics, B S Abdur rahman University
Name of the Bank	Indian Overseas Bank
Branch	Vandalur, Chennai-600048
Savings Bank Account Number	165701000021412
IFSC	IOBA0001657
MICR Code	600020102

Fees may also be handed over, with the application, at Department of Mathematics & Actuarial Science during office hours. Application received after due date will not be entertained. Fees include cost of training materials, stationery, and use of computer lab, lunch and refreshments during the training programme.

Accommodation

- Can be arranged, on prior request (Rs 250 per day, which includes breakfast and dinner).

Additional Information

- The workshop starts at 9.30 am on 6th June 2016.
- Computer use: Desktop will be provided for each participant.
- Calculator: Participant must bring their won Scientific Calculator.
- Certificate of Participation will be issued to those who participate in all the sessions of the training programme.

For more information, please contact

Guest Lecture held on Role of Business Analyst in Digital Information of an Organization

message

Vaheed Khalid <kwfalahi@bsauniv.ac.in> 8 April 2016 at 16:3
o: faculty <faculty@bsauniv.ac.in>

Crescent Business School organized a special guest lecture on "*Role of Business Analyst in Digital Information of an Organization*". Mr. Nizam Mohamed, Sparx system delivered the keynote lecture.

The program was organized and coordinated by Prof. Dr. Haider Yasmeen and Prof. M.V. Anuradha.

Mr. Nizam first briefed his educational background and the institutions from where he has graduated, their *modus operandi* of teaching and learning e.g. Indian School of Business (ISB) where every student is required to carry an idea and develop it. He also briefly shared his personal experience to face interview abroad that confident articulation of thought and communication does matter a lot.

Coming to the topic, he first posed various questions before the students in connection with business analysis and digital information. He then explained the concept, its significance and scope in contemporary business world with the help of familiar examples like what was the case of *flipkart*, *snapdeal* and various online shopping and booking outlets when started and now where they stand. Do they maintain any inventory etc? The present business modus operandi has greatly changed with a lot of digitized information and advanced techniques requirements. In order to retain customers and compete with counterparts, the companies are compelled to adopt the best business process where services of Management and Engineering graduates are highly required. Thus the 'Business Analysis' is the task of understanding business change needs.

He also discussed the sophisticated advertisement techniques used by google, amazon, facebook etc. as how they work through accumulated intelligence. Android users are big source of information – the billions of data google receives in seconds called as "Big Data". He further explained concept of cloud computing whereby rather maintaining own server, companies borrow space from other.

He further made a presentation on various methods and ICT techniques used in business process and analysis like trending, Payment gateway etc.

A good number of students from management and Engineering discipline has participated in the program and interacted in the post-lecture discussion. The lecture was very interesting, interactive and motivating for the students.

We owe special thanks to Dr. Prof. M. V. Molikutty, (D/o Civil Engineering) and Prof. Mahadev Ota (D/o Mathematics and Actuarial Science) for their benign presence till the end along with a considerable number of students.

The kind support of Mr. F. Abubacker, PRO to facilitate the program is highly appreciated.

Guest Lecture on FOREX Management – Organized on 28 March 2016

The Department of Management Studies organized a special guest lecture on „FOREX Management" on 28th March 2016 to the MBA students. Mr. S. Narayanan Murthy Mumbai, delivered the keynote lecture. The students were exhorted to learn from the first-hand experiences of an industry professional like Mr. S.N. Murthy and assured many more such lectures in the future to compliment classroom teaching.

Guest Lecture on FOREX Management

HOD Management Studies <hodms@crescent.education>

Guest Lecture held on 'FOREX Management'

Waheed Khalid <kwfalahi@bsauniv.ac.in> 28 March 2016 at 22:30
To: faculty <faculty@bsauniv.ac.in>

Crescent Business School organized a special guest lecture on 'FOREX Management'. Mr. S. Narayanan Murthy Mumbai, delivered the keynote lecture.

Mr. Muruthy first discussed the concept of foreign exchange and explained it in a very simple way with lucid examples and then proceeded to explain the concept of FOREX/ FX market in details. He focused on as how the FOREX market works, the way currency trading and dealings take place. While expounding on the subject he also explained the supply and demand factors to determine FX market pricing.

In a very easy and plain language, he explicated various basic FOREX terms like *interbank market, spread, margin, ask price, bid price, currency pairs* (base currency and quote currency), *two way price, cross rate, broker, dealer* etc. and the concept of purchasing power parity (PPP) to determine FX rate. He also mentioned the algorithm mechanism of FX to the students.

Having discussed practices of FX market he explained the FX mechanism through solved example and for practice purpose some problems to solve on the spot were given to the students followed by solved explanation which helped them understand the subject more clearly. The lecture was fully interactive and offered and enriching experience for the students.

Mr. S. Narayanan Muruthy aged 64 years is a commerce graduate from University of Madras. He has over 25 years of experience in the field of finance especially FOREX dealing and Risk Management. He has been retired as Dy. General Manager, (Risk Management Deptt), Union Bank of India, Mumbai. He worked with different Public Sector Banks and financial institutions in various capacity associated with FOREX dealings, Merchant transaction, Risk Management etc. He also served as Sr. Vice President, Indian Banks' Association (IBA), Mumbai.

The lecture was organized by Prof. Dr. S. Panboli. The students were exhorted to learn from the first-hand experiences of an industry professional like Mr. S.N. Murthy and assured many more such lectures in the future to compliment classroom teaching.

Presents

National Conference

On

Career Choices of B-School Students : Discover the Pride

6th October 2015

Worried and confused about your career!
Come to this conference, explore the opportunities for you.
Gain confidence and.....
Leave with a clear mind.

B.S. Abdur Rahman University

B.S. Abdur Rahman University formerly B.S. Abdur Rahman Crescent Engineering College, is an institution acclaimed throughout India for its quality in teaching and research. Being one of the largest education institutions in India, it lays emphasis on innovative research, investment in high-quality facilities and state of the art infrastructure. The University makes use of the latest technologies and highly experienced faculty with industry and academic experience to impart quality education. It offers a wide choice of interdisciplinary degrees in Science, Engineering and Management which has enabled students to gain accolades at the global level. This University is one of the few institutions with all the UG and PG programmes approved by AICTE and accredited by NBA. B.S. Abdur Rahman University is the first deemed University in Tamilnadu which has achieved 'A' grade in the very first cycle of National Accreditation and Assessment Council (NAAC).

Crescent Business School

The Crescent Business School of B.S.Abdur Rahman University is well known for its quality education in the area of Management and Business. It lays emphasis on multifaceted learning experiences. A team of well qualified faculty with rich industry and academic experience contribute to the strength of the school. In addition CBS invites a large number of industry experts and alumni for guest lectures and experience sharing. The career oriented culture and the infrastructure facility at CBS facilitate professional grooming of both our students and faculty

About the National Conference

"You have to dream before your dreams can come true" says - Dr. APJ Abdul Kalam.

With this quote in mind, we the folks at Crescent Business School are hosting a one day National Conference to stimulate our youngsters to dream big and to make right career choices in their life. The conference encourages participation of B School Students and Under Graduate Students belonging to all disciplines. The Program has been carefully designed to facilitate cognitive involvement of the audience. Our speakers are young, energetic and highly experienced in their domains. They have accepted to come to the conference for you, for your development and for the development of the Nation as a whole.

Manuscript Submission

The manuscripts can be submitted for presentation / publication in Crescent Journal of Business on the following topics of concern.

- Career Stage Stress of Students
- Effective Teaching Learning Pedagogy
- Employability Status of B-School Students : The Current Scenario
- Dual Career Options : The Survival Trend
- Social Networking: Its Impact on Student's Psychology

The manuscript must be an original work of the author(s). Authors are expected to explicitly cite others' work and ideas if it has to appear in their manuscript. The manuscript should be free of any form of plagiarism and fabrications. Three best papers would be selected for presentation in the conference. All the papers received would be considered for publication in Crescent Journal of Business after necessary editing. The ISSN No of the Journal is 2231-2994. For further information on submission guidelines visit **www.bsauniv.ac.in.** Click on Schools and enter Crescent Business School. The last date for submission of full manuscript is September 30th 2015. We are not charging any publication fee from our authors. Manuscripts may be mailed to **editor.cjb@gmail.com**

Registration Fee

This Conference is a part of our Corporate Social Responsibility. We are charging a very nominal registration fee of Rs.100 per person (inclusive of registration kit, certificate and lunch) to facilitate participation of as many students and faculty members as possible.

The "Confirmation of Participation Slip" is provided for your convenience. Please fill up the details in the blanks and also attach the list of names of the students and faculty who would be attending this programme.

Please send your confirmation of participation to our mail ID **natcon.careerchoice@gmail.com**

Career Choice Conference for B-School Students

Express News Service

Chennai: Given the changing scenario of job market where many graduates are left unemployed with no direction, a conference conducted recently brought together professionals from different walks of life to deliver focused lectures and discussions on several issues plaguing a B-school graduates. The National Conference on 'Career Choices' was conducted in the memory of APJ Abdul Kalam, by Crescent Business school, B S Abdur Rehman University, where over 800 students from different B-schools participated. V Irai Anbu, IAS inaugurated the one day conference on 'Career Choices of B School Students: Discover the Pride'. Many speakers from industry and business centers came to sensitize students about their career and life in followed by a session on the changing attitude and mindset of students by Dr Kannan Gireesh, a psychiatrist. A panel discussion to create awareness of the various career options available for MBA students was also conducted. The panelist included Nurit Einik from the US Consulate, Udaya Sankar, HR, Nasscom, Nitin Gregory, manager, finance, Ford Motor Company, and Vidyaarth Venkateswaran, management consultant, operations, Accenture. Students took active part by presenting their research and papers and showcasing their career goals in an innovative platform called 'Dream career talk' that ensued in the afternoon session.

National conference on Career Choices

Seminar by Dr. Suresh Kumar Rayala, Department of Biotechnology, IIT, Madras on Targeting Signaling Kinases in Pancreatic Cancer on March 18, 2016. The students of B.Tech students of115 Nos. were benefitted

Report on Career Guidance Programme Conducted on 07.02.2016

A career guidance programme on **"Everything to know about IELTS"** was conducted by Mrs.J.Shahitha Parveen, Assistant Professor, of Department of Polymer Engineering on 07.02.2016, from 11:00 am to 12:40 pm in Seminar Hall, Department of Polymer Engineering. A total number of 19 students participated.

Mrs.J.Shahitha Parveen initiated her presentation by giving a transitory introduction on the IELTS exam, the structure, pattern and curriculum. She highlighted on the benefits of preparing for the exam and further gave an insight to the advantages of preparing in advance. Some unique tips and tricks related to the exam were shared with the students. Mrs.J.Shahitha then deliberated upon the opportunities that would open up after cracking IELTS such as admission in reputed foreign universities and business organizations. Finally the session ended with the students networking with Mrs.J.Shahita Parveen and settling their queries.

DEPARTMENT OF CIVIL ENGINEERING

Report on the Guest Lecture conducted on 02.11.2016

A Guest Lecture on "Lakes and Water bodies of Chennai Lost and Endangered" by Ms.Sudha UmaShanker, Journalist." was organized by the department of Civil Engineering on 02.11.2016, in Convention Centre Seminar Hall. The faculty and the students of B.Tech. Civil Engineering attended the lecture.

Dr.P.Vasanthi, Professor and Dean of School of Infrastructure welcomed the gathering and informed the students about the importance of Guest Lecture on "Lakes and Water bodies of Chennai Lost and Endangered" in the present scenario.

Ms.Sudha UmaShanker, Journalist discussed about the various practices that contaminate the local lakes such as improper dumping of waste, open burning of waste near the lake side etc. She also explained about the reasons behind the loss of natural water bodies and environmental problems related to it.

In this guest lecture the students gained the knowledge about the various problems related to the lakes and water bodies present in Chennai and got awareness how to protect the lakes.

The Department ectrical and Electronics Engineering of B.S.Abdur Rahman Crescent University (formerly B.S.A Crescent Engineering College) organized a two day National level hands-on workshop on "Embedded systems using Adruino" on April 03-04, 2016 in 176 in association with Innovians Technologies, Delhi andTechnex, IIT, Varanasi. The workshop aimed to provide

an interactive platform for students, industry experts, academicians and research scholars to design and develop embedded computer systems, consisting of a simple open hardware design for a single-board microcontroller, with embedded I/O support and a standard programming language. The workshop elaborated the Fundamentals of Programming Interactivity, Creative Coding and hardware interfacing using the AVR microcontroller.

Department of Electronic and communication Engineering

Name of the Even t Placement and Higher Studies. 6.02.17

Chief Guest Ms. Nivethitha K
Programming Engineering, NI, Bangaluru
No. of Students Attended 100(All final year students)

Our alumni Ms.sheerin Fathima,Ms.Nivedhida and Mr.Musthafa has shared their experience on how to prepare competitive exams like ISRO and Gate exam and higher studies and placement ideas for our 3rd year and final year students. It was very useful to get an idea to update their current interviewing process in R & D companies and core related companies.

Date: 13.07.16

CIRCULAR

Hobby Electronics Club of ECE department has been planned to organize a five day Summer internship programme on "Embedded processor/PCB layout " from 18.07.16 to 22.07.16.

The workshop schedule are,

Day1 & Day2 (18.07.16 & 19.17.16):
PCB schematic, generation of layout, demonstration of PCB milling machine.
The session will be handled by Mr.Selvakumar, Ms.Priya, Ms.Anitha

Day 3 (20.07.16): Introduction to Audrino

Day 4(21.07.16): Motivational lecture by Alumini , Mr.Hakeem & Mr.Dawood

Day5 (22.07.16): Interfacing Audrino with LABVIEW software.
The session will be handled by Ms.Anusooya and Ms.Jean Shilpa

13/7/16

Coordinators:

Report for five days Short Term summer Internship on

"Embedded Processor/PCB layout"

July 18th to 22nd, 2016

The department of ECE conducted a Five days workshop on ***"Embedded Processor/PCB layout"*** on ***July 18th to 22nd July, 2016***. The workshop was mainly focused for B.Tech students to introduce Embedded Processor, its feature & programming techniques and PCB layout. The Resource persons are Mr.Selva Kumar & Ms.Priya & Ms.R.Anitha, AP/ECE, BSAU delivered lecture also hands on PCB design and Mr.Hakeem & Mr.Dawood,Technical engineer,Infosys,chennai delivered a motivotational lecture to the participance. Mr.Mohamed Hishaam. M (UG student), Ms.Jean Shilpa and Ms.S.Anusooya delivered lecture on Interfacing Audrino with LABVIEW software.Totally twenty nine (29) UG students of our university have participated in the workshop. The following topics were discussed during the workshop.

- Introduction to Embedded Processor
- Labview with ardino board
- PCB design using Orcad software
- PCB fabrication using small scale PCB milling machine
- Motivational lecture.

"Motivation of Students on Team Building"

The Department of Electronics and Communication Engineering has organized an event *"To motivate the students on Team Building"* coordinated by Mr.S.Sudesh Prabhu (AP-SG/ECE) and Mrs.A.Priya (AP/ECE) on 17.02.17 at 2.30 p.m. in SEMINAR Hall I, Convention Center. The conduction of events was assisted by Mr.Rameshkumar(AP/ECE).The intended audience for this event were the faculty members of ECE and the students of second, third and final year. The agenda of the program was scheduled as below.

2:30 to 2:40 pm	Motivational talk by HOD / ECE
2:40 to 3:00 pm	Introducing the Student Achievers of the department by the class Advisors
3:00 to 3:10 pm	Event on "Energizing the team"
3:10 to 3:20 pm	Motivational talk by Dean / SECS
3:20 to 3:30 pm	Event on "Team Work and Team Building"
3:30 to 3:40 pm	Ice breakers
3:40 to 3:50 pm	Event on "Team Work and Team Building"
3:50 to 4.00 pm	Ice breakers
4.00 to 4.20 pm	Event on " Team Building – Branding our University"
4.20 to 4.30 pm	Feedback from Students
4:30 to 4.40 pm	Conclusion and Motivation by HOD / ECE

The event had begun with Motivational talk by the Dr.C.Thanni, HOD / ECE which has been an in- depth concern on student discipline, ethics, confidence and utmost about the behavior. It was a wonderful quote uttered by HOD that "Youth are not useless....indeed they are used less" which has fetched a special place in the student's heart and kindled their eternity.

Scanned by CamScanner

B.S.ABDUR RAHMAN UNIVERSITY

It was really worthy high time to introduce the achievers in academic and co-curricular activities to the crowd by the class advisors which has really set an inspiring example for others to follow.

Scanned by CamScanner

B.S.ABDUR RAHMAN UNIVERSITY

To make the entire team of our faculty and students energetic, there was an energizing event in which the entire crowd of about 300 was made to participate. Indeed it was really an energizer.

The motivational talk by Dr.S.Kaja Mohideen, DEAN / SECS, with ISRO as an example had set the fire on student's mind towards research and innovation.

Scanned by CamScanner

B.S.ABDUR RAHMAN UNIVERSITY

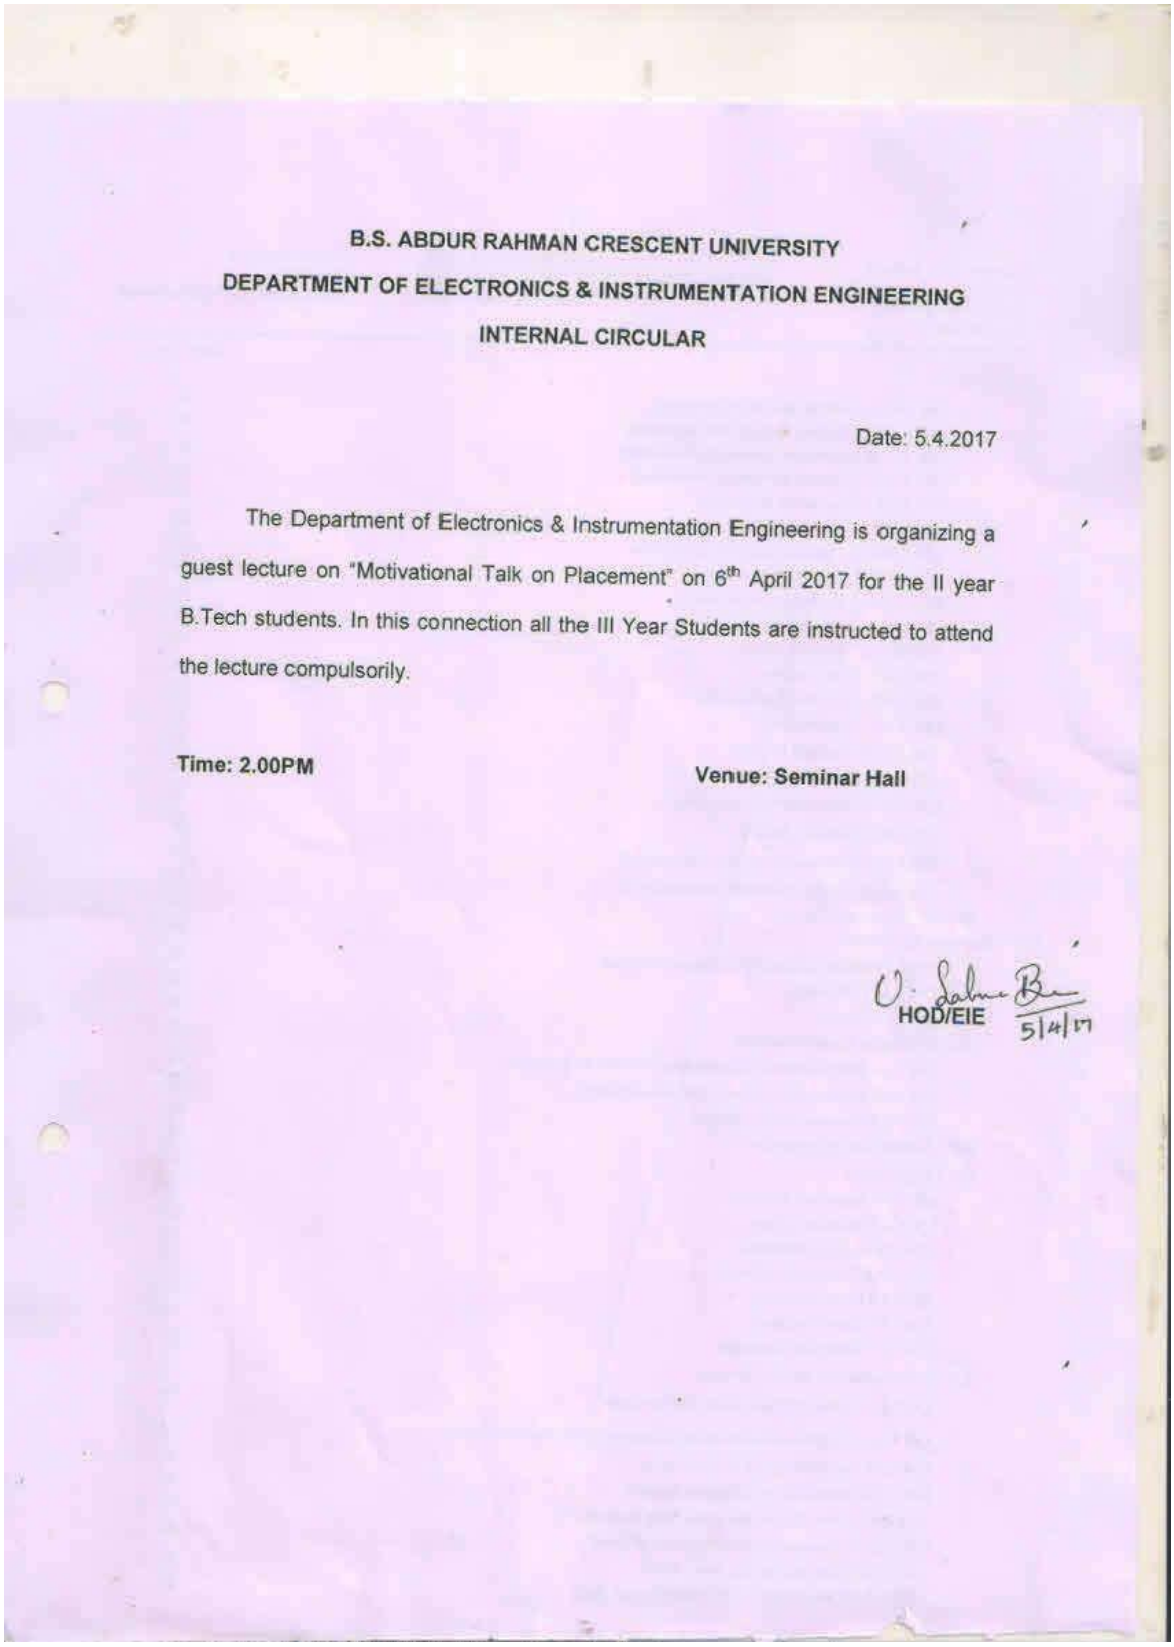

A mind boggling creative idea event on "***Team Building and Branding our University***" was the highlighted event where the teams consisting of students and faculty exchanged their ideas among themselves and presented them as "***Brand Master's***".

The ***parade of achievers on the Dais*** in academics and co-curricular namely patent, projects, sports, technical presentations and cultural events was an inspiration for the other fellow students. This stimulation has been reflected in the form of feedback from the students and that has meant a lot to the department to travel on the right path and so conduct many more events like this. Finally the march towards victory is shown as sign from the younger minds.

Submitted to the Registrar:

Mr, Freezan (Alumni- 2015 Batch) delivered a motivational lecture on placement opportunities for Instrument Engineers and Startup companies on 6th April 2017. Around 25 second year students attended the lecture.

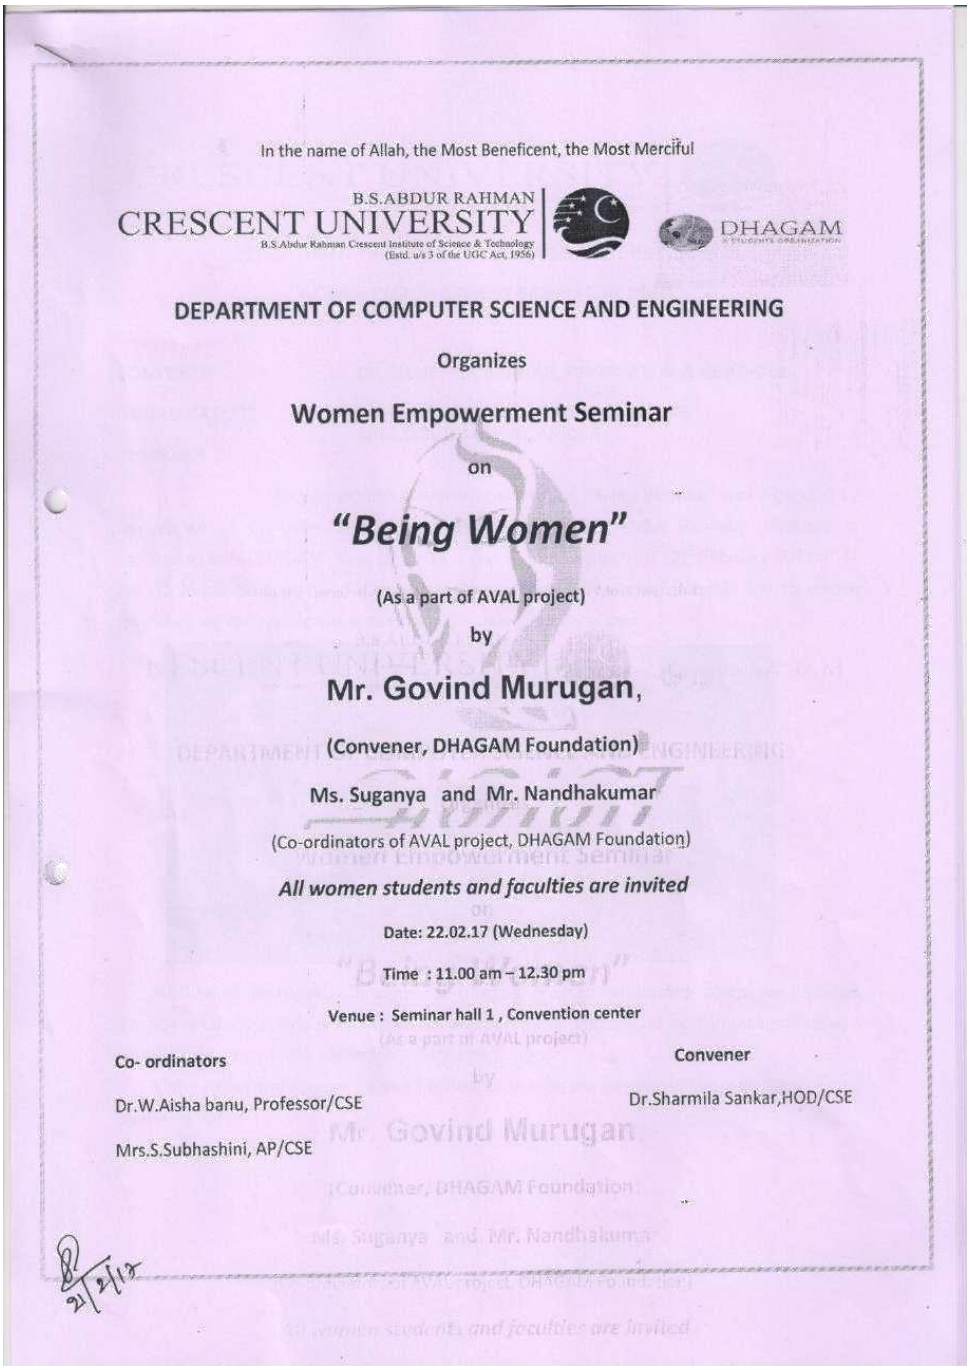

As alumni, he first shared his experience with his juniors. Then he mentioned to the students that to get into a passionate job they have to dream and work hard to get into their passion. He then discussed about the starup companies he is working with and discussed the role of Instrumentation Engineers and how to own a company as soon as the students finish their programme. He shared his address with the students for future contacts.

The students were very much interested and were interested to have their own starup companies in future.

WOMEN EMPOWERMENT SEMINAR REPORT

CONVENER : **DR.SHARMILA SANKAR, PROFESSOR & HEAD/CSE**

COORDINATORS : **DR.W.AISHA BANU, PROFESSOR/CSE**
MRS.S.SUBHASHINI, AP/CSE

SUMMARY :

An Women Empowerment Seminar on **"Being Women"** was organized by Department of Computer Science and Engineering , B.S Abdur Rahman University in association with DHAGAM Foundation as a part of AVAL project on 22nd February 2017 at 11 am -12.30 pm ,Seminar hall 1, Convention Center. Around 68 women students and 15 women faculties from various departments were participated in the seminar.

Mr.Govind Murugan, Convenor of Dhagam Foundation briefed about the Dhagam Foundation through videos and talks. He addressed the problems of women facing in today's world. He was very much interactive with the participants.

Three young and energetic ladies handled three sessions on three different problems facing by the women.

HIGHLIGHTS OF THE SESSIONS:

Session 1 : **Cyber Bulling**
Speaker : **Ms.Layakari Pendekanti**
Description :

- Introduction on "What is cyber bulling?"
- Discussion on real stories of cyber bulling
- Suggestion on "How to stop and to avoid cyber bulling?"

Session 2 : **Health issues**
Speaker : **Ms.Kalaimagal**
Description :

- Discussion on Women menstruation cycle problems and other health issues
- Suggestion on "Healthy diet"
- Tips on Home remedies to overcome the health issues.

Session 3 : **Sexual harrasment**
Speaker : **Ms.Suganya**
Description :

- Discussion on recent issues on women sexual harassment.
  (Due to shortage of time, session-3 was been made as discussion session and feedback from the participants.)

At the closing session, feedback and survey on women problems was circulated and collected by the AVAL team which could be the input for further processing of AVAL project.

There were very good response from the participants and they were found an useful forum to clarify their personal issues. Students were suggested extending the time in future seminars and they were also requested to conduct more awareness programs for women in our university.

BRIEF PROFILE OF DHAGAM(AVAL PROJECT) FOUNDATION:

AVAL PROJECT TEAM MEMBERS:

Dr. Kuppuswamy Kalyanasundaram is a senior scientist and a researcher at the Swiss Federal Institute of Technology, Lausanne. His research interests include photo chemistry, solar energy: conversion and storage. He had been applauded and awarded in his field of research of Tamil Computing, which makes the availability of the Tamil manuscripts and ancient Tamil scriptures, globally available in the Internet, headed Madurai Project which was the topic of the speech to be delivered.

TARGET AUDIENCE : II year & III year B.Tech CSE students

SUMMARY :

A seminar was organized by the department of Computer science and engineering, on the topic **TAMIL COMPUTING**, on the 3rd of March, 2017, at 10:00 am, in the seminar hall - II at B.S Abdur Rahman Crescent University. Dr. Kuppuswamy Kalyanasundaram was the chief speaker.

Dr. Kuppuswamy Kalyanasundaram initially begun with the need and the importance of being able to compute and access the information available in the World Wide Web in ones mother tongue, which was Tamil and the speaker emphasized the need of being able to use the gadgets in our own mother tongue rather than the traditionally accepted English, which makes it localized and is made available to everyone. He explained the possibilities of being able to access websites, computer operating systems and document editing applications, fonts,in Tamil, and had also made a presentation on the same and introduced the students to the various possibilities one can find in the Tamil Computing area and the possible research areas in the same. The speaker, Dr. Kuppuswamy Kalyanasundaram exhibited his achievements in his research area, which was indeed really worth listening to and the various

RESOURCE PERSON	:	**MR. R. BASKAR**
TARGET AUDIENCE	:	Prefinal year B.Tech CSE students

SUMMARY :

A seminar was organized by the department of Computer science and engineering, on the topic **PROFESSIONALISM AND INDUSTRY READY**, on the 7th of March, 2017, at 2pm, in the LS301 classroom at B.S Abdur Rahman Crescent University. Mr.Baskar a recruiter turned entrepreneur was the chief speaker.

The session was a motivation driven one .He talked about us being industry ready. The session was interactive. The points and thoughts shared by him where interesting and helped the students asses the point where they stand in terms of industry and the place where they stand in teams of standing for the placement. The key point of the session was on "Discovering you", to be able to stand in front of a crowd and talk about self for at least 3 minutes .Being a former recruiter, Mr Baskar informed the keep point the HRs look at when we walk into the interview hall. He also talked about the fear, a factor of deciding the selection grade for them. A little fear would not hurt but also has a possibility of fetching the candidate a job. He walked us through the interview process and the selection process, an inside into the HR minds. He talked about facing the interview fearless with fear have little fear which will be visible during the handshake. He talked about the curriculum vita (Resume) presentation and the uniqueness of the resume and how it helps in the selection of the candidate. He finished by saying that he would be willing to help the eligible with pleasure.

REPORT of Seven Weeks Course – M101J MongoDB for Java Developers

The Department of Information Technology has conducted the online certification programme "MongoDB for Java Developers **(M101J)**" for B.Tech and M.Tech students to enrich their knowledge in Java and NoSQL. The programme was organized in collaboration with MongoDB University.

The certification programme was handled by the Ms.R.Priyadarshini, AP(Sr.Gr.) of Department of IT, who have completed preliminary level online certification and training programme in "MongoDB for Java Developers". The duration of the programme is seven weeks and was conducted for 20 hours theory and 10 hours practical session starting from 21st March 2017 to 16th May 2017. The programme is conducted for free of cost for the benefit of the students including training and hands on sessions. The exam is conducted by MongoDB Inc. for free of cost. This certification programme will be useful for their placements in MNCs and it is also equivalent to Nano level degree course offered in MOOC. The course was successfully conducted with the due support of management. Vice Chancellor, Registrar and our School Dean. Our HOD, gave constant encouragement to conduct this course. Thanks to everyone for supporting the smooth conduct of the course.

Totally 26 students participated and completed the courses successfully with the good percentage in the online exam conducted by MongoDB Inc. The students appreciated both theory and practical sessions handled by the faculty member and they completed the basics of Mongo DB with Java. The students had also undergone training in Java for certification examination in the free slots available in the timetable. The digital lab facility was used for this course and it was approved and encouraged by Vice-chancellor, Registrar and our Dynamic HOD Dr.LathaTamilselvan.

Organizes workshop on

'Entrepreneurship

&

Soft Skills'

at Seminar Hall I (convention centre)
on March 2, 2017
under the guidance of
honorable Vice Chancellor, BSACU
who has set the vision as given below

Professor Emeritus Tan Sri Dato'
Sri Prof. Ir. Dr. Sahol Hamid Bin Abu Bakar,

About BSA Crescent University

B.S Abdur Rahman Crescent University, Chennai-48, formerly known as B S Abdur Rahman Crescent Engineering college is an institution known for its quality in teaching and research. Being one of the largest engineering institutions in India, it lays emphasis on quality education and professional leadership. It offers, B.Tech, M Tech, MBA, M.Sc., M.Phil & Ph.D. The University is approved by AICTE and accredited by National Assessment and Accreditation Council (NAAC).

About Department of Management Studies (DoMS)

The department of management studies was established in the year 1994. The department culture facilitates career oriented teaching-learning ambience supplemented with good infrastructure facility. It is decided to produce competent management professionals. A team of high quality members of faculty with industry and academic experience contribute to the strength of the department.

About Madras Management Association (MMA)

Started in 1956, Madras Management Association (MMA), Chennai-18, had the sole objective of enhancing the standards of management education and training in India to rival the best in the world. Having charted a long way in the last five decades, it is now the largest affiliate of the prestigious "All India Management Association" (AIMA) with a membership database of 8,000 followers. It comes as no surprise that MMA sets the standards to inspire other Local Management Associations (LMA) and has won the AIMA best LMA award a staggering eight times.

About the Workshop

The workshop aims to bring a change in the mindset of students. The workshop would focus on the importance of social entrepreneurship and soft skills required to become entrepreneur.

2017-2018

Department of Mechanical Engineering

Year: 2017-2018		
Topic: Motivational workshop on Innovation		
Date: 19.08.2017	Total No. of Students: 70	
Speaker: IDIN Members		

The Department of Mechanical Engineering of B. S. A. Crescent University conducted a motivational workshop on Innovation in association with the local chapter of International Development Innovation Network (IDIN). Dr. ArockiaJulias, Assistant Professor (senior) of the department coordinated the programme. Members of IDIN (participants of IDDS 2015) were the resource persons. The workshop was conducted on Saturday 19.08.2017 in the seminar hall of B S AbdurRahman Crescent University, Chennai.

The objective of this workshop is to give awareness for the students to work on innovative projects. It introduces topic such as Social Innovation, Community Engagement, Empathy, Idea-Generation/Brainstorming and Co-creation through discussions and activities .About 70 students selected based on their interest from the third and final year of B.Tech. Mechanical Engineering participated in this workshop.

Report on Career Guidance Programme Conducted on 23.11.2017

A career guidance programme on **"How to prepare efficiently for TOEFL"** was conducted by Dr. S Shamshath Begum, Assistant Professor (Sr.Gr), of Department of Polymer Engineering on 23.11.2017 from 4: 30 pm to 5 : 30 pm in Seminar Hall, Department of Polymer Engineering. The students of 2nd and 3rd year attended the programme and a total number of 23 students participated.

Dr. S.Shamshath started the lecture by a generous introduction on the TOEFL exam, thepattern and curriculum. She shed some light over the difficulty level of this exam compared to its counterparts. Some exclusive tips and tricks related to the exam were given to the students. The programme continued with Dr.S. Shamshath emphasizing on the variety of prospects that would show up with the help of TOEFL. Finally the session ended with information on application procedure to foreign universities and the students interacting with Dr.S.Shamshath.

Report on Career Guidance Programme Conducted on 07.02.2018

A well explained on Career guidance programme **"Entrepreneurship - "We create employers"** was convened by Mrs. R.Daulath Banu, Assistant Professor the Department of Polymer Engineering on, 07-02-2018, from 4:30 pm to 5: 30 pm, in Seminar Hall, Department of Polymer Engineering, B.S. Abdur Rahman Crescent Institute of Science and Technology. The students of 2nd and 3rd year B.Tech attended the seminar total number of 23 students participated.

She started her talk about entrepreneurship discussing on how to make a sound business plan with innovative ideas. She explained how to build confidence and how to take initiative for new inventions. She discussed about the various stages of entrepreneurial process such as conducting opportunity analysis, developing the plan and setting up the company, acquiring financial partners and sources of funding and determining the resources required and implementing the plan. Ending of the session was met with an interaction with the students.

Date: Wed, Mar 22, 2017 at 8:42 PM
Subject: Invitation to CRESTECH - regarding
To: **hod** <hod@bsauniv.ac.in>, **deans** <deans@bsauniv.ac.in>, **"Director (Data Centre)"** <director.datacentre@bsauniv.ac.in>, director.internationalaffairs@bsauniv.ac.in, director.admissions@bsauniv.ac.in, directorsports@bsauniv.ac.in, **sankarammu** <sankarammu@bsauniv.ac.in>, **BSAU Registrar** <registrar@bsauniv.ac.in>
Cc: **"Prof.Sahol Hamid"** <vc@bsauniv.ac.in>

Dear professors,

The inaugural function of the national level technical festival "CRESTECH 2017" will be held on 24th March 2017(Friday) at 9.30 a.m at Auditorium,Convention centre. Mr.P.Arul Kumar, Joint Managing Director, Mando Automotive India Pvt.Ltd has given his consent to inaugurate the events. The invitation and the tentative programme schedule is attached herewith. All are invited to this function and your presence is more precious to us as the festival is the maiden event initiated by our Registrar, jointly coordinated by students & faculty members of all departments. I request all HODs/Deans to inform all your faculty members and students and bring them to this function to make it more grand and successful one.

I invite all deans, directors,HODs to join with us for lunch(both Non-veg and Veg) arranged at Green room on 24th March 2017. All faculty coordinators and student coordinators are also invited for lunch. Separate venue is arranged for coordinators. All the events are organised by students only.

Regards,

Dr.P.K.Jawahar

Report on the Guest Lecture conducted on 16.11.2017

A Guest Lecture on **"Spatial Structures"** was organized by the department of Civil Engineering on 16. .2017, in **Civil Engineering Seminar Hall**, BSACIE. The faculty and the students of B. Tech. Civil Engineering attended the lecture.

Dr.Vasanthi Padmanadhan, Professor and Dean of School of Infrastructure welcomed the gathering and informed the students about the importance of **Spatial Structures** in the present scenario. Ms.R.Elakya, Assistant Professor introduced the guest speaker, **Dr. Yazmin Sahol Hamid,** Senior Lecturer, UTM, Malaysia

Dr. Yazmin Sahol Hamid, Senior Lecturer, UTM, Malaysia started her talk about the potential areas like "Green technology and sustainability, space structures, double layer grids, collapse analysis" etc. and deliver a lecture on spatial structures for our faculty members and post graduate students which is value addition to them and the session came to an end.

Dr.P.Vasanthi
Dean / SOI

Lecture on “Spatial Structures” was organized by the department of Civil Engineering on 16.11.2017, in Civil Engineering Seminar Hall

Guest Lecture on "Bridges" conducted on 15th September 2017

B.S. Abdur Rahman
Crescent
Institute of Science & Technology
Deemed to be University U/S 3 of the UGC Act, 1956

SCHOOL OF INFRASTRUCTURE

DEPARTMENT OF CIVIL ENGINEERING

Report on the Guest Lecture conducted on 15.09.2017

A Guest Lecture on **"Bridges"** was organized by the department of Civil Engineering on 15.09.2017, in Convention Centre Seminar Hall - II, BSACU. The faculty and the students of B.Tech. Civil Engineering attended the lecture.

Dr.Vasanthi Padmanabhan, Professor and Dean of School of Infrastructure welcomed the gathering and informed the students about the importance of Bridges in the present scenario. Ms.K.Kanmani, Assistant Professor introduced the guest speaker Mr.K.Ganesh Iyer.

Mr.K.Ganesh Iyer, Associate Chief consultant in L & T Infrastructure Engineering Limited started his talk about the different types of bridges, component of bridges and various structural aspects related to Bridges.He also explained about the pretension and post - tension members used in construction of bridges and discussed about the case study related to bridge construction practices.

Dr.P.Vasanthi
Dean / SOI

2017-18

2-2017-4 Report on the event

The Department of EEE organized three days short term training programme on “IoT using Raspberry Pi” during 11th,12th & 13th October, 2017.This programme was a joint initiative by Pantech Pro Lab pvt ltd., This workshop aimed to give a wide knowledge about the interfacing of Raspberry Pi. The training program was a Hands-On Program with Practical learning focused on Concept Building with Internet of Things (IoT).

ONE DAY WORKSHOP ON OPPORTUNITIES IN SOLAR ENERGY TECHNOLOGIES

23.10.2017

Organised
by
Department of
Electrical and Electronics Engineering
B. S. Abdur Rahman Crescent University, Vandalur, Chennai
website: www.bsauniv.ac.in

ABOUT THE INSTITUTION

B.S. Abdur Rahman Crescent University (formerly B.S. Abdur Rahman Crescent Engineering College) has been established under section 3 of the UGC Act 1956. Being one of the most sought after institution in India, B.S. Abdur Rahman Crescent University is committed to provide three dimensions of higher education Viz. Quality teaching, Innovative Research and Appropriate Applications of knowledge through Extension, Outreach and Consultancy Activities.

DEPARTMENT PROFILE

The Department of EEE was established in the year 1984, the day, Crescent Engineering College got established. The various programs offered by the Department include:

-B.Tech. (Electrical & Electronics Engineering) - Regular/Part Time
-M.Tech. (Power System Engineering/Power Electronics & Drives) - Regular
-Ph.D. (Part time/Full Time)

Even before attaining University status, the Department of EEE was a recognized Research Centre under Anna University and offered Research Programmes upto Ph.D. The department has excellent infrastructure with sophisticated equipments procured from reputed companies around the world. Qualified and experienced faculty members are an asset to the department. It endeavors to promote interaction with the industry and to take up R&D activities for the betterment of society.

About the workshop:

The workshop is conducted by the Department of Electrical and Electronics Engineering, Crescent University in association with EnSol, Energy solution Providers Pvt. Ltd, Chennai for the benefit of Students, Research scholars, Faculty members and Industrial persons. The workshop will throw light on the topics such as, working, design and applications of Solar PV systems .It also gives hands on training on assembling Home Lighting PV systems. The workshop aims at creating entrepreneurs in the related field.

EnSol Energy Solution Providers (EnSol ESP) is a solution providing company in the field of Solar and Clean Energy with a focus on developing sustainable society through the utilization of solar and other renewable resources and the adoption of energy conservation measures.

EnSol provides customized solutions for the installation of Solar Photovoltaic (PV) systems, Solar lighting and Solar water heating systems for Residential, Institutional and Commercial establishments.

EnSol
Energy Solution Providers

Who can Attend?

- B.Tech Students/M.Tech Students
- Ph.D./Research Scholars
- Faculty members
- Industry Persons

WORKSHOP FORMAT

Session - 1
- Energy Scenario World, India & Tamil Nadu
- Solar Energy Overview
  - Solar Energy - Need, types
  - Physics of Solar Energy
  - Energy Policies
- Solar PV Technologies
  - Solar Cells & types
  - Balance of System
- Solar Thermal Technologies

Session - 2
- Design of PV System
  - Types of PV System
  - Design of Off-Grid PV System
  - Design of On-Grid PV System
- Solar Power Plant
  - Grid tie Plants
  - Off grid Plants
  - Hybrid Plants
  - Maintenance of plant

Session - 3
- Practicals in Solar PV, Solar Product Demonstration
- Plant visit in campus
- Q & A Session

FEE 1. Students/Research Scholars - Rs. 60
2. Faculty/Industry Persons - Rs. 750/-

3-2017-4 Report on the event

A one day workshop on “Opportunities in Solar Energy Technologies” was conducted by the Department of Electrical and Electronics Engineering on 23rd October 2017 in association with M/s Ensol Pvt. Ltd., Chennai. About 60 students from EEE and Mechanical engineering participated in the workshop. The workshop covered the topics on working, design and applications of solar PV systems. The hands-on training was also given on assembling Home Lighting PV systems.

Submitted to the Registrar:

Subject: Settlement of Account of Two Days Workshop – Reg.

The ECE Department had organized a Two Days Workshop on "Hands-on Python Programming" during 26th and 27th September 2017. In this regard the Registrar had sanctioned Rs 5,000/- for conducting the workshop. The expenditure for the workshop was Rs. 6428 (Rupees six thousand four hundred and twenty eight only) as listed below. The difference excess expenditure amount Rs.1428.00 will be borne by the Society of Electronics & Communication Engineering.

S.No	Date	Bill No	Particulars	Amount (Rs)
1	26-09-2017 & 27-09-2017	42284	Lunch and Refreshments	6428
			TOTAL EXPENDITURE	**6428**

Coordinator **HOD/ECE**

Report for two days Hands-on workshop on

"Hands-on Python Programming"

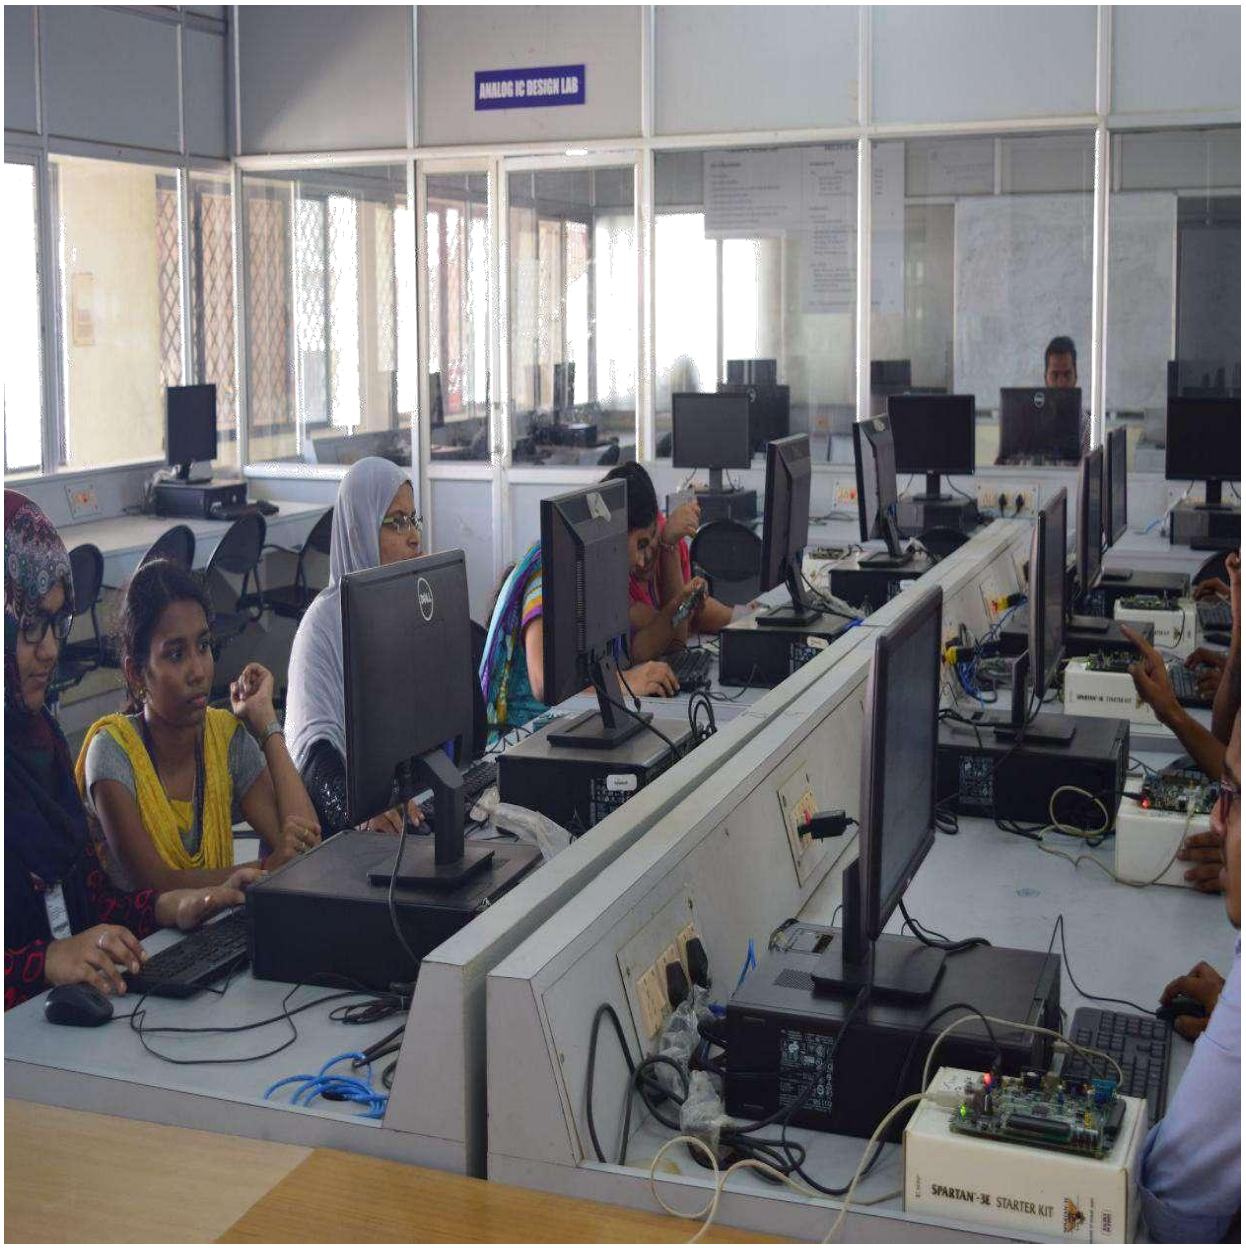

The department of ECE conducted a two days hands-on workshop on "Hands-on Python Programming" during 26th and 27th September 2017. The workshop was mainly focused for student placement. The Resource persons are internal faculties Dr.G.Kannan, Associate professor, Mrs.K.Indragandhi, AP(Sr.Gr). Totally thirty two members have participated in the workshop from School of Electrical and Communication sciences.

The following topics were discussed during the workshop.

- Introduction to Python and Installation Python IDE
- Input , Output , Functions and Conditional Statement
- String and List
- Exercise Pythton Programming
- Tuples and Dictionaries
- File I/O operation
- Exception Handling and GUI

DEPARTMENT OF ELECTRONICS AND INSTRUMENTATION ENGINEERING

Submitted to the Registrar: Date: 28.8.2017.

The department of Electronics and Instrumentation Engineering organized a Seminar on **"SAFETY IN ENGINEERING'** by **Mr. M.A.Nagoor Monnapillai (Alumni, 1989 – Mechanical), Lead Process Safety Engineer, BP Kinneil LPG Chilldown Project (Category A-Major Project) Aberdeen / Glasgow (UK) and Consultancy Services Director, Albain Group., Dubai,** for the third year, final year and PG, EIE students on 23rd August, 2017. Around 54 students from EIE and two students from third year ECE attended the Seminar. Dr. S.Kaja Mohideen, Dean (SECS) welcomed the gathering by stating the importance of the seminar and presented a shawl to the Resource person. Dr. P.K.Jawahar, Prof and Head / EIE also extended a warm welcome to the students and presented a memento to the resource person. Dr.D.Najumnissa Jamal, Professor / EIE introduced Mr.M.A.Nagoor.

Mr. M.A.Nagoor Monnapillai discussed about the Engineering System failure and its consequences, Hazard Management – its hierarchy and barriers, Process Hazard Management through safety systems, Safety Instrument system standards and consequences of Catastrophic Accidents. Videos on Deepwater Horizon blowout and Bhopal gas tragedy were played and explained to make the student understand their responsibility as an Engineer.

Mrs. Murshitha Shajahan, Assistant Processor (SG), summarized the seminar and collected the feed back from the students. B.Arunkumar, General Secretary, Society of Electronics and Instrumentation Engineers and final year EIE student proposed the vote of thanks.

PRESS RELEASE

Two Day International Symposium on "Artificial Intelligence- The Future Disruptive Technology" conducted on 6th& 7th November 2017

B.S. Abdur Rahman Crescent University has organized a Two day International Symposium on "Artificial Intelligence - The Future Disruptive Technology" during 6th and 7th November 2017. The Symposium had speakers from leading Industries and Academia throwing light on various aspects of Artificial Intelligence and Machine Learning. Artificial Intelligence is emerging back as a definite subject having an impact on all facets of life and is an Intelligent Behavior in Artifacts. **AI is related to Psychology, Cognition, and Behavioral Science.**

The International Symposium on **"Artificial Intelligence - The Future Disruptive Technology"** had Prof Scott E Fahlman, Senior Researcher, Carnegie Mellon University, USA as the Keynote Speaker and he conducted a Panel discussion on the impact of AI on the Modern Society along with eminent academicians and industrialists.

Scott E. Fahlmanis presently working as Professor Emeritus in Language Technologies Institute and Department of Computer Science, Carnegie Mellon University, Pittsburgh. His research interest includes Artificial Intelligence and its applications, especially knowledge representation and reasoning, planning, natural language understanding and generation. He has contributed towards Machine learning, including knowledge-based symbolic/conceptual learning and deep learning in artificial neural networks. **He is a fellow of the American Association for Artificial Intelligence (AAAI).** He has been awarded the most prestigious award, Outstanding Technology Contributions Award by the Web Intelligence Consortium in 2013. He has to his credit the Quora Top Writer from 2016 onwards.

A series of lectures was delivered by eminent people on both days of the International Symposium. Prof Scott delivered a Key note lecture on "Introduction to AI and the possibilities that exist"and on "Neural Networks and Deep Learning". **Mr. Dileep Parachuri, Programme Manager - Intel, Bangalore** has given a lecture on "Emerging trends in power supply management and enhancing the customer experience with IoT solutions". **Mr.Athif Shah -**

Chairman and Managing Director - ABE Semiconductors Private Limited delivered a lecture on the topic "Machine learning on Heterogeneous Architecture" and Mr. Ananth Mani, Founder - Report Bee will discuss about "Use of Artificial Intelligence in Education".

In continuation of day1, the series of lectures on day2 included a discussion on –**"Technology Waves - How to cope" by Mr.S. Manikandan, Executive Coach, Mentor-at-large and Startup adviser. Dr. Vidhya Durai, Director – Training and Development, iNautix** shared about the opportunities for students in **AI and Machine Learning. A lecture on "- Digital Transformation"** was given by **Mr. Mohammed Ibrahim, Director- Mecsons Consulting. Mr.ParvezKokan, Co Founder - ShopperKraftVR, USA shared his knowledge on "Artificial Intelligence and VR". Mr. Vijay Karunakaran, Founder& CEO- InGage Technologies Pvt Ltd had a discussion with research scholars, faculty and students about the developments in AI.**

The symposium had a panel discussion on **the "Impact of Artificial Intelligence on the Modern Day Soceity" chaired by Scott E. Fahlman.** The panel of experts includes Mr. Raadhesh, CEO, Gurukool .com, Mr. Srinivasan Kumarappan, Director QEA, CTS, Mr. GS Nathan, GM Wipro, Dr. HR Mohan, VP, Hindu and IEEE and Mr. Vijay Karunakaran, Founder - CEO, InGage Tech Pvt Ltd.

Seminar Report on "Virtualization VMware vSphere"

Date of Seminar- 4th August, 2017

Students – 4th year, B.Tech

A seminar on "Virtualization VMware vSphere" was arranged on 4th of August, 2017 and handled by the resource person Mr.Usman, Trainer from AMOS Technologies, Chennai. It was organized by the Department of Information Technology for the final year B.Tech(IT) students. During the session, he briefed about the basics concepts of the components of the network – switches, routers, firewalls, tape drivers, SAN, NAS, tape libraries, server and the roles of server-domain controller, mail server, file server, application server, web server, database server, proxy server, types of topologies, types of migration-server consolidation, Greenfield, forest upgrade, mixed environment, cloud migration, and physical server concepts were explained with real time applications and case studies. We learned about the advanced concepts of Virtualization techniques, VMware product – Vmware vSphere and their real time usages in industries and cloud environment. And also he explained about various Certification courses and their impact on job opportunities. Many new trending technologies were explained during the seminar session. Finally, the seminar was arranged in fruitful manner.

Workshop on Data Analytics using R Tool conducted on *6th Sep 2017.*

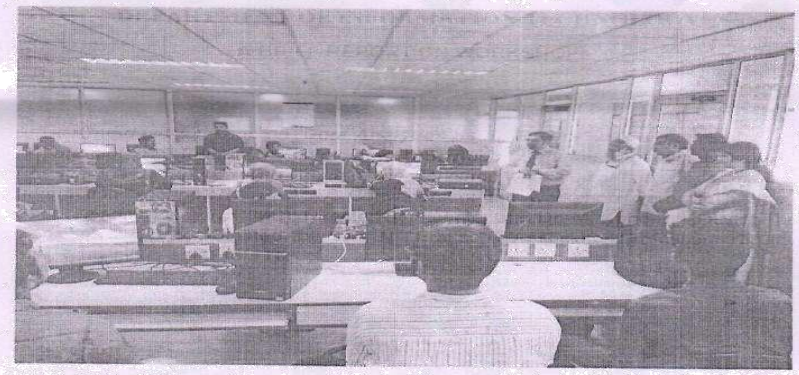

B.S.ABDUR RAHMAN
CRESCENT UNIVERSITY

DEPARTMENT OF INFORMATION TECHNOLOGY

A BRIEF REPORT ON WORKSHOP

07.09.2017

*One day Workshop on "**Data Analytics using R Tool**" was organized by The Department of Information Technology, B.S. Abdur Rahman Crescent University, Chennai, on 06.09.2017. The venue of the workshop was Project Lab, Department of Information Technology, BSACU.* Conveners of the workshop were Dr.P. Sheik Abdul Khader, Dean (SCIMS), Director Data center and Dr. M. Kabeer, HOD/IT. The workshop was coordinated by Dr. N. Prakash, Associate Professor/ IT and Ms. R. Mythily, Asst. Prof./ IT.

The goal of this workshop was to train the participants in the basics of many useful statistical methods of data analysis through interactive sessions using R tool.

The target group of this workshop included teachers, research scholars and students. The total number of participants was 58, out of which 10 Faculty members, 5 Research scholars and remaining students.

Dr.P. Sheik Abdul Khader, Dean (SCIMS), Director Data center inaugurated the workshop and welcomed the participants and introduced the resource person Prof. Dr. SivaSankar, Associate Professor, National Institute of Technology, Trichy to the audience.

Dr. N.Prakash, Assoc. Prof., Dept. of IT briefed the objective, scope and details of the workshop.

After that Dr.E. Sivasankar started the workshop session at 9.45 am. with the topic. Introduction to Data Analytics, installation of R tool and discussed the concept of Data Analytics Functionalities.

After tea break he covered

- Data pre-processing using R- Working with classification techniques
- Feature Selection techniques

- (Information Gain, Gain Ratio) Classification algorithms (KNN,Bayesian).

Lunch break was between 1.00 pm to 1.50 pm.

After lunch break he covered the Clustering techniques (K-Means, K-Medoids algorithm), problem solving & R programming.

All the students, research scholars and few faculty members who attended were impressed with these sessions and they appreciated the way by which resource person delivered the lectures. All the sessions were very meaningful, informative and excellent.

At the successful conclusion of the workshop, valedictory function was started at 4.10 pm. Dr.P.Sheik Abdul Khader, Dean (SCIMS) delivered the valedictory speech, and participation certificates were distributed to the participants by him and Dr. M. Kabeer, HOD/IT.

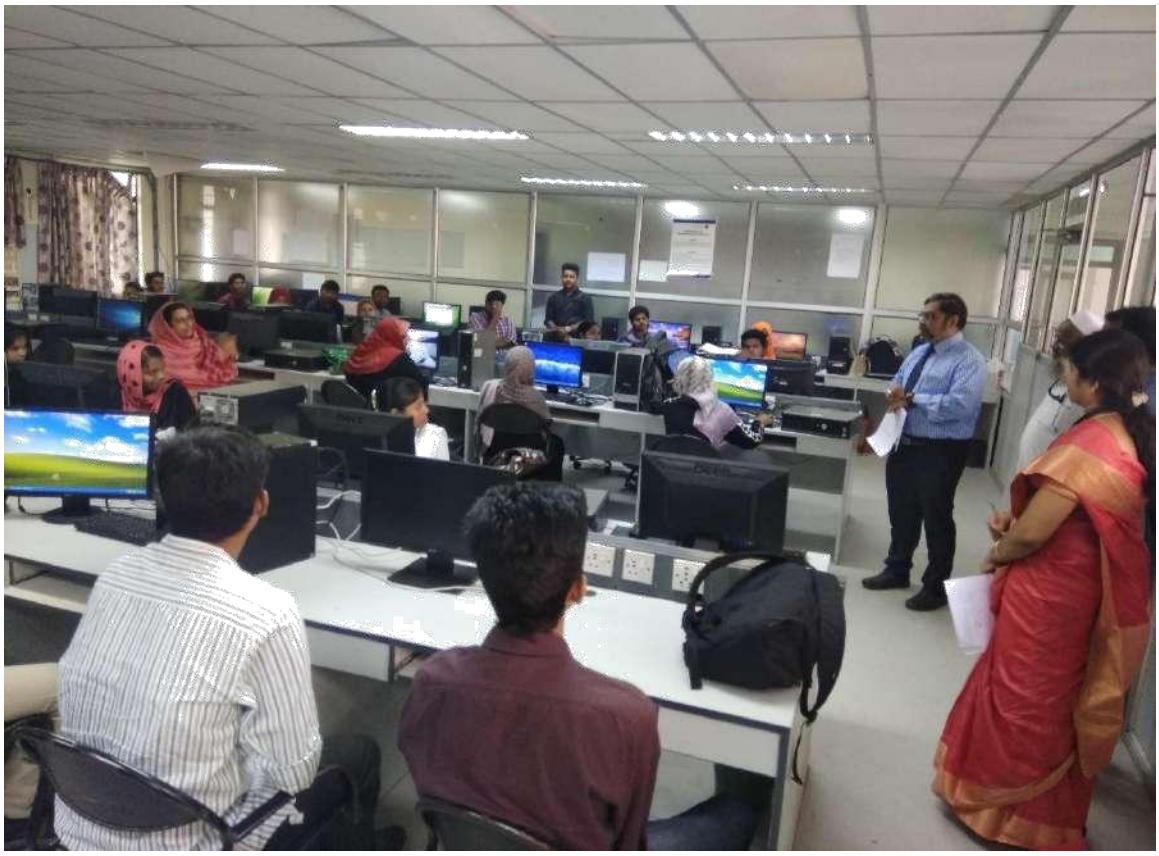

Through this workshop Rs. 5572/- was generated under the roof of Consultancy and Training.

Feedback and suggestions:

- The overall feedback is excellent, informative and resourceful.
- The sessions are well planned.
- Dr. E.Sivasankar is an excellent resource person.
- Great insight into different aspects of research.
- Helped to understand the data analytics tool.
- Most of them felt that it can be organized for more than one day.

-------- Thank you -------

Date: 10.10.17

Report on the Guest Lecture conducted on 09.10.17

A guest lecture on **"Are you ready to face the outside world?"** was organized by the department of Information technology on 9.10.2017, Monday from 11.00am to 12.40pm at the Seminar Hall I, Convention Centre, BSACU. The faculty and the students of III and IV year B.Tech, IT attended the lecture.

Dr.M.Kabeer, Head of the Department welcomed the gathering and informed the students about the importance of this seminar in present scenario. Ms.Fathima Mariam, Final year student introduced the guest speaker, Ms. Arunmozhi madhavan, Senior consultant, Tata Consultancy Services, Mumbai. She has a rich IT experience with various roles as Developer, Project Manager, Engagement Lead across various customers and domains such as Telecom, Banking, Manufacturing and Travel & Hospitality.

The seminar revolved around the various technologies being utilized in diverse fields. The IT landscape of a typical hospitality customer was made clear by taking an example of travelling, right from the start where the tourist has to book the tickets, check in, checkout. Gist on Gartner's Forecast-IT spending as a percentage of revenue, by industry were discussed. The flavors and the applications of cloud computing were briefed. Valuable suggestions based on her experiences in the IT field were addressed. Various skills the student should be possessing like the technical, team, soft skills were discussed. Awareness of environment has been made and it was suggested to follow a healthy and balanced diet. The session which was interactive ended after all the questions of the audiences were answered. The chief guest was felicitated by Dr.Latha Tamilselvan , Professor/IT and Dr.G.Kavitha, Associate Prof/IT .

Report of the guest lecture conducted

Department of Information Technology organized guest lecture on "Machine Learning Algorithm Based on Internet of Things" on 11.10.2017 at Seminal Hall 1 of auditorium, B.S.Abdur Rahman Crescent University.Ms. Sonya, Asst.prof/IT Dept welcomed the gathering and also gave a brief introduction about the chief guest and the keynote speaker. The keynote speaker Mr.Athif Shah, chairman and managing director of ABE Semi Conductor, Chennai.

The Students from IV year B.Tech - IT and I year and II year MCA. The objective of the guest lecture was to create the awareness of purposes and uses of applied machine learning algorithm on Internet of Things in real time. The speaker focused on the areas of GPS, GPRS, SOC, Micro Controller, Micro Processor, DSP and also gave brief description about the various algorithm used in machine learning in IOT with some real time examples. He also insisted on various areas of IOT, its strengths and weaknesses.

During the course of Lecture the students gained the knowledge of how to to apply machine learning in the field of IOT and what types of risks exists. The whole session was an interactive and energetic one and students posted many questions, all the questions were formally answered.

The lecture delivered to the students was very interesting. It was indeed very interactive. Finally Dr.Prakash Associate Professor/IT and Dr.G.Kavitha, Associate Professor/IT presented a memento to the keynote speaker Mr.Athif Shah. Sumaiya.O final year student B-Tech IT proposed the vote of thanks to the keynote speaker, faculty members and the students present.

Guest Lecture on How to prepare for Job Interviews-Tips & techniques conductn 13th March 2018.

B.S. Abdur Rahman Crescent Institute of Science & Technology

Report

Guest Lecture on How to Prepare for Job Interviews – Tips & Techniques

A guest Lecture on *"How to Prepare for Job Interviews – Tips & Techniques"* was organized on 13.3.2018 at 10.00 a.m. for the students of Third year B.Tech(Information Technology) to face the future interviews with an immersive amount of extra skills and knowledge shared by Mr. Alauddin.U, Software Development Engineer in Test - II @ Amazon, Chennai.

Mr. Alauddin started his seminar by giving an overall view of what and how the students are supposed to face the interviews based on different levels of IT companies as in, he gave differentiation between the giant companies and the other big product and service based companies like Google, Microsoft, Apple, Amazon etc by telling about the special interviews like the 'Bar Raiser' which is specific to Amazon, and when will it be the right time to make the right move.

He also discussed about how to write resume by including extracurricular activities and other major achievements in co-curricular. There were discussions on basic and tricky interview questions by sharing his experiences. He also advised the students to have a book on some of the learning sites like creek for creeks and carrierweb .com and thus gave so many fascinating ideas. The students tried to solve many problems in Data structures and Algorithms which are expected questions in most Interviews. He insisted the students to develop good knowledge in core courses.

The Seminar was very useful and interesting for the prefinal year students and it would definitely help them to get ready for their placement preparations and interviews.

Report on the Guest Lecture conducted on 02.08.18

A guest lecture on **"Studying abroad: Things to know and things you need"** was organized by the department of Information technology on 2.08.2018, Thursday from 11.00am to 12.40pm at the Seminar Hall I, Convention Centre, BSACU. The faculty and the students of III and IV year B.Tech, IT attended the lecture.

Dr.M.Kabeer, Head of the Department welcomed the gathering and informed the students about the importance of higher education in the present scenario. Dr.G.Kavitha, introduced the guest speaker, **Mr.Ahilan Tamilselvan, Graduate Student,** IOWA State University, USA. He is an Alumni of our University and pursuing his master's degree at IOWA. During his undergraduate, he published a paper on" Efficient Utilization of Unmanned Aerial Vehicle (UAV) for Fishing through Surveillance for Fishermen", and has presented at a conference in Malaysia.

Mr.Ahilan started his talk about the advantages of studying in foreign universities, the things they learn, the campus life and about the student organizations in the University campus.He discussed on how to prepare oneself for higher studies, the process of applying to Universities and also how to choose the University. The importance of project work, learning the recent advancements in softwares and acquiring the required skill sets were discussed. Mr.Ahilan presented about some interesting facts on how to prepare for GRE, IELTS or TOEFL ; how to draft the Letter of Recommendation and Statement of Purpose when applying for Masters Degree. The students interacted and had queries on Visa processing, Cost of Living, Admission Process and Courses offered in Universities. The speaker shared his personal and research experiences of studying and living in USA and the session came to an end.

DEPARTMENT OF INFORMATION TECHNOLOGY

REPORT of Seven Weeks Course – M101J MongoDB for Java Developers

25.10.2018

The Department of Information Technology has conducted the online certification programme "MongoDB for Java Developers **(M101J)**" for B.Tech and M.Tech students to enrich their knowledge in Java and NoSQL. The programme was organized in collaboration with MongoDB University.

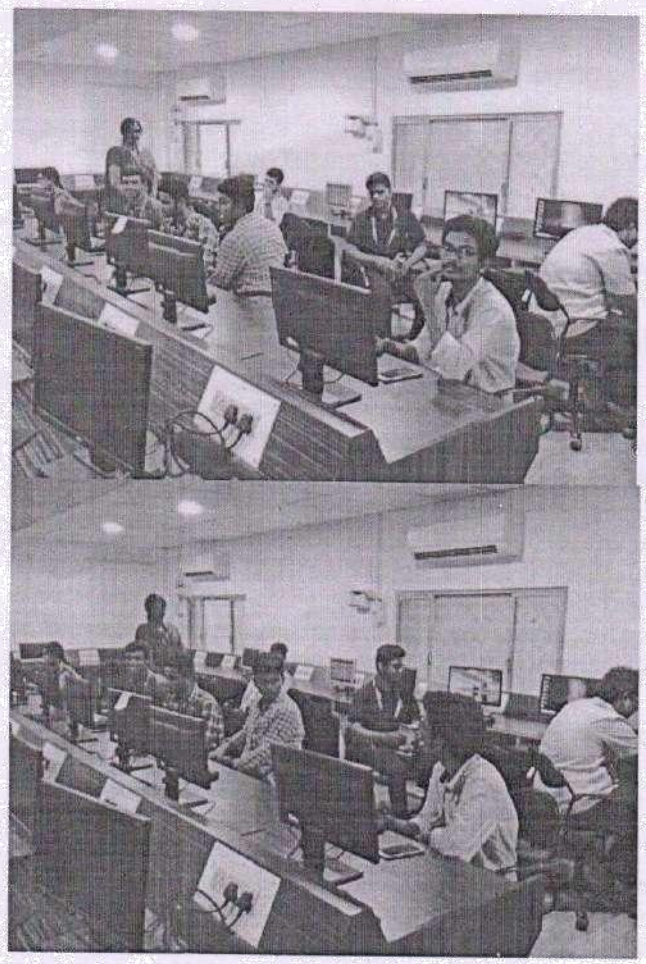

The certification programme was handled by the Ms.R.Priyadarshini, AP(Sr.Gr.) of Department of IT, who have completed preliminary level online certification and training programme in "MongoDB for Java Developers". The duration of the programme is seven weeks and was conducted for 20 hours theory and 10 hours practical session starting from 10th August 2018 to 25th October 2018. The programme is conducted with minimal charge if Rs.500/- per student including training and hands on sessions. The exam is conducted by MongoDB Inc. for free of cost. This certification programme will be useful for their placements in MNCs and it is also equivalent to Nano level degree course offered in MOOC. The course was successfully conducted with the due support of management, Vice Chancellor, Registrar, Director HR and our School Dean. Our HOD Dr.M.Kabeer, gave constant encouragement to conduct this course.The course was conducted in the Computer Lab in the library with the support of the Librarian and Director Data Center Dr. P.Sheik Abdul Khadher. Thanks to everyone for supporting the smooth conduct of the course.

Totally 25 students participated and completed the courses successfully with the good percentage in the online exam conducted by MongoDB Inc. The students appreciated both theory and practical sessions handled by the faculty member and they completed the basics of Mongo DB with JSON and Java. The students also developed a miniproject with the Mongo DB as database.

This course will help the students have the basic idea of a hot technology which is part of data science. NoSQL is currently part of Data Science and it is the one of the most

sorted out technology. This particular value added course was conducted for past three years and then incorporated in the curriculum.

Some of the Photograph proofs for the Value Added Course – M101J MongoDB for Java Developers.

Workshop on Big data Analytics using Hadoop conducted on 12th Sep 2018

ABOUT

Massive amounts of structured and unstructured data are being generated from online user activities on e-commerce, social-media websites, Medical, Pharmaceutical Industry, etc. Big Data, as this massive amount of data is called, leads to many challenges like how do organizations oversee and process this huge measure of information? How do organizations naturally learn shrouded patterns and examples in this information? How do organizations accumulate noteworthy knowledge to enhance their main concern?

This workshop will cover Hadoop tools and techniques that directly address the challenges. Hadoop is an open source distributed processing framework that manages data processing and storage for big data applications running in clustered systems. Formally known as Apache Hadoop, the technology is developed as part of an open source project within the Apache Software Foundation (ASF). The workshop will be focused on more hands-on practice sessions with minimal lectures. This workshop will be more useful to the final year students to develop their final year project and to get placement in leading IT industries.

COURSE CONTENTS

- Understand the Basics of Big Data and Hadoop Ecosystem
- Basic knowledge about Big Data concept
- Map Reduce Paradigm
- Get practical exposure in Hadoop software
- Future of Bigdata

HANDS ON TRAINING IN HADOOP SOFTWARE

- Software Installation
- Data Ingestion using Sqoop & Flume
- Data Analysis using Hive & Pig
- Hands on Hadoop Project

WHO CAN ATTEND?

- Students
- Research Scholars
- Academicians

PRE-REQUISITE

- Basic knowledge in programming
- Anyone with Laptop

BENEFITS

- Take up Final Year Student Project
- Opportunity for Placement
- Gateway for learning new technologies

PANEL DISCUSSION ON

"BRIDGING THE INDUSTRY – ACADEMIA GAP"

(23, SEPTEMBER 2017)

The Department of Management Studies organised 'REMINISCENCE- 2017', A Panel Discussion on the theme "Bridging the Industry- Academia Gap" on the 23rd of September 2017 (a non-working saturday) for the benefit of both BBA and MBA students of the Department of Management Studies, Crescent University. The programme was convened by Dr. Haider Yasmeen, Professor and Head, Department of Management Studies, BSA Crescent University. The convenor and the coordinator of the program Dr. Madhavi Karanam, Associate Professors, BBA Programme, Management Studies, B.S.A. Crescent University ensured smooth flow throughout the event. Few faculty members residing nearby were also called to offer their support during the event. The programme was attended by 200 participants (BBA 60 students and 140 MBA Students).

The inauguration started with a welcome speech by Dr. Haider Yasmeen, the Head of the Department of Management Studies. She welcomed the gathering and briefed about the Department to the resource persons who included students from other B Schools and industry professionals. An overview of the topic of discussion was briefed followed by Introduction of the Panel Members by the coordinator.

Panel Members:

1. Mr. Shankar Ramamurthy, Associate Director- Projects, Cognizent Technologies Solutions
2. Mr. Karthikeyan, Senior Business HR Manager, Innova Solutions
3. Mr. Sridharan Siva, Head – Brand and Digital Marketing , Redington India Ltd.
4. Mr. Yash Tamarkar, Student Representative, IIT Madras and Founder of PostInc.
5. Ms. Nisha Bernard, Student Representative, LIBA, Chennai.
6. Ms. PratahPushpa, Student Representative, VIT Business School, Chennai.
7. Mr. Brijesh Kamath, Student Representative, Rajalakshmi School of Business, Chennai. Moderator: Dr. Haider Yasmeen

The discussion brought forth the expectations from both the demand and the supply side. The discussion highlighted the student expectations in terms of live industry projects, real time work during summer internships, unlearning and relearning approach towards learning, adaptability, teamwork and regular update of the elective courses matching the industry needs. On the demand side, the industry executives put forth their expectations in terms of looking for the right attitude, communication skills and positivity, creativity to overcome the mundane work over a period of time, respect for the job and being truthful to self especially during interviews.

The last part of the discussion was devoted for the participants to put across their queries and concerns to the respective panel members and to have their opinion on the queries put forth.. The resource persons and the student participants were satisfied with the panel discussion as the value addition at the end of the day was felt by all present.

The session came to an end with a positive note.

Thank you.

Department of Commerce

Details of Career Guidance Programme Conducted – 2017

1. A guest lecture on **"Career Opportunities for Commerce Graduates"** was organized by the department of Commerce on 24.10.2017 at the Seminar Hall I, Convention Centre, BSACU. The faculty and the students of II year, B.Com.attended the lecture.

Dr. Afzalurrahman, Head of the Department welcomed the gathering and informed the students about the importance of Commerce education. He also introduced the guest speaker,Mr. C.A. Vijay Stephen, Managing Partner, A. John Moris& Co., Chennai.

Report on the Career Counselling conducted on 16.08.2018

A Career Counselling on "**Higher Studies Opportunities in Newzealand**" was organized by the department of Civil Engineering on 16.08.2018, Thrusday from 11.00am to 12.40pm at **Civil Engineering Seminar Hall**, BSACU. The faculty and the students of Third year B.Tech, Civil Engineering attended the lecture.

Dr.Vasanthi Padmanadhan, Professor and Dean of School of Infrastructure welcomed the gathering and informed the students about the importance of higher Studies in the present scenario. Ms.R.Elakya, Assistant Professor introduced the guest speaker, by **Mr. John Alistar, International Director,Placeme Consultants.**

Mr. John Alistar started his talk about the advantages of studying in foreign universities, the things they learn, the campus life and about the student organizations in the University campus. He discussed on how to prepare oneself for higher studies, the process of applying to Universities and also how to choose the University. The importance of project work, learning the recent advancements in softwares and acquiring the required skill sets were discussed, and Courses offered in Universities. The speaker shared his personal and research experiences of studying and living in Newzealand and the session came to an end.

Seminar Report

Emerging Trends in IT

Seminar on "Emerging Trends in IT" organized by Department of Information Technology, B.S. Abdur Rahman Crescent Institute of science and Technology, Chennai, on 13.07.2018.The venue of the Seminar is Seminar Hall, School of Mechanical Studies.

An eminent personality Mr. Kumarasamy Shanmugam, Director, CEO from QuantumSys Technologies Pvt Ltd, Singapore, visited the Department of Information Technology on July 13, 2018 to deliver a Seminar on "Emerging Trends in IT" and highlighted the current state of understanding the future trends of research in the concerned field. Introduction of chief guest was given by Dr.M.Kabeer, HOD/IT.

Session Detail:

The session covered history, present & trends in IT. He started with essential eight technologies for 2020 and how to apply.

He gave a very good picture about the evolutionary technology from industrial age to digital age. He explained about latest mobile app trends and the mobile technology trends were also illustrated. Then he briefed students on Internet of Things (IoT) and explained the scope of work in IoT and also elaborated how life will be simplified with this technology. He presented all the content in a very interactive manner and also demonstrated upcoming technologies by showing videos which laid a very good impact on the audience.

The Resource person covered

- Platform – History, Present & Trends
- About Language-Which one should I learn first?

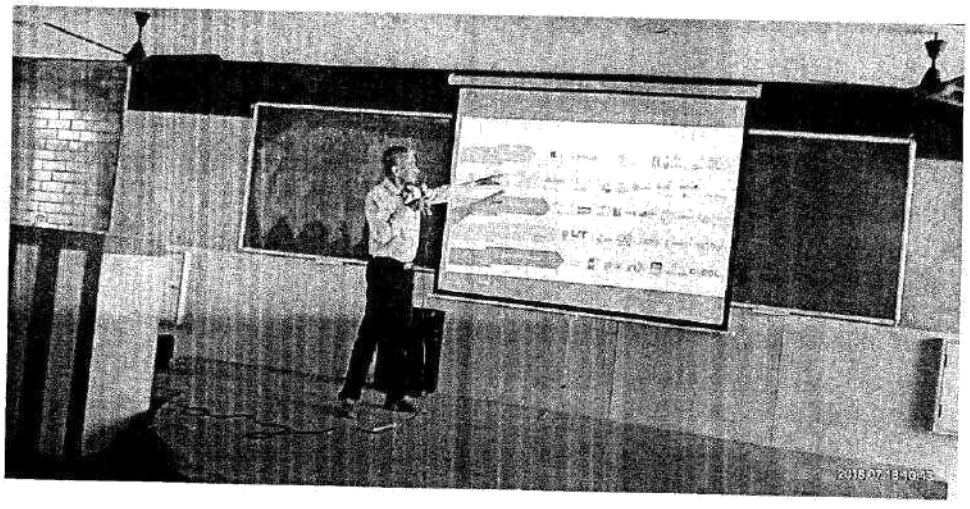

- Mobile App Development Trends
- What is Wearable & IOT
- Mobile App Trends

The goal of seminar has been arranged for the beginners to help them understand different about different languages. The total number of participants was 58 of both B.Tech-IT 3rd year and 4th year Students.

Session was concluded with interaction between the expert and students. Our students asked informative questions regarding projects and latest work that can be done with IoT.

Overall it was very enlightening session which lead to important knowledge gaining and thought provoking discussions.

After the lecture the seminar was followed by an interactive session. The seminar ended with vote of thanks note by Dr. P. Gnanasekaran, AP/IT.

Report of the Seminar conducted

Department of Information Technology has organized a workshop on **"Java Programming Fundamentals"** on **26th July 2018**at 2.30 p.m. in IT Seminar Hall, ES Block, B.S.Abdur Rahman Crescent Institute of Science and Technology, Vandalur, Chennai.

Resource person was Mr. Mohammed Waseem Ahmed, Team leader,Tech Mahindra, Hyderabad. He has 12+ years of experience in Java Programming and cloud platform. He is a post graduate in M.Tech CSE. He has 4 years of teaching experience in Hyderabad.

The students from II year B.Tech. IT, Some interested students from M.Tech I year and faculty members of IT Department attended the workshop. The resource person gave an insight into the Java fundamentals and gave hands on demo on simple Java programs.

The resource person advised the students to publish papers in this area and also encouraged them to carry out projects. The students gave feedback that this seminar gave an insight of the data mining and data warehousing area. The seminar was coordinated by Ms. R. Priyadarshini, Assistant Professor (Sr.Gr.) / IT and Dr.G. Kavitha, Associate Professor / IT.

Report on the Guest Lecture conducted on 02.08.18

A guest lecture on **"Studying abroad: Things to know and things you need"** was organized by the department of Information technology on 2.08.2018, Thursday from 11.00am to 12.40pm at the Seminar Hall I, Convention Centre, BSACU. The faculty and the students of III and IV year B.Tech, IT attended the lecture.

Dr.M.Kabeer, Head of the Department welcomed the gathering and informed the students about the importance of higher education in the present scenario. Dr.G.Kavitha, introduced the guest speaker, **Mr.Ahilan Tamilselvan, Graduate Student,** IOWA State University, USA. He is an Alumni of our University and pursuing his master's degree at IOWA. During his undergraduate, he published a paper on" Efficient Utilization of Unmanned Aerial Vehicle (UAV) for Fishing through Surveillance for Fishermen", and has presented at a conference in Malaysia.

Mr.Ahilan started his talk about the advantages of studying in foreign universities, the things they learn, the campus life and about the student organizations in the University campus.He discussed on how to prepare oneself for higher studies, the process of applying to Universities and also how to choose the University. The importance of project work, learning the recent advancements in softwares and acquiring the required skill sets were discussed. Mr.Ahilan presented about some interesting facts on how to prepare for GRE, IELTS or TOEFL ; how to draft the Letter of Recommendation and Statement of Purpose when applying for Masters Degree. The students interacted and had queries on Visa processing, Cost of Living, Admission Process and Courses offered in Universities. The speaker shared his personal and research experiences of studying and living in USA and the session came to an end.

REPORT of Seven Weeks Course – M101J MongoDB for Java Developers

25.10.2018

The Department of Information Technology has conducted the online certification programme "MongoDB for Java Developers **(M101J)**" for B.Tech and M.Tech students to enrich their knowledge in Java and NoSQL. The programme was organized in collaboration with MongoDB University.

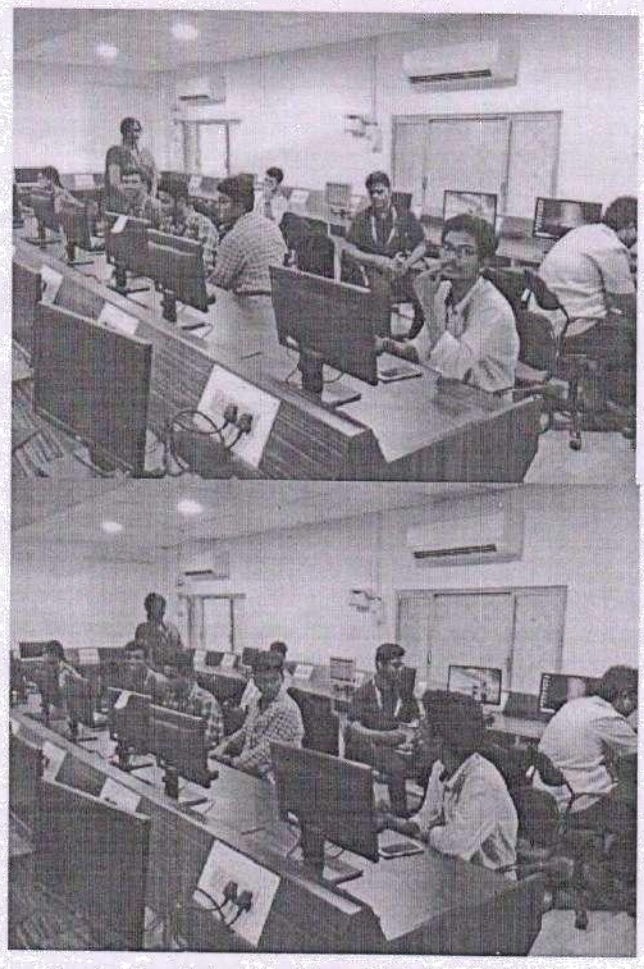

The certification programme was handled by the Ms.R.Priyadarshini, AP(Sr.Gr.) of Department of IT, who have completed preliminary level online certification and training programme in "MongoDB for Java Developers". The duration of the programme is seven weeks and was conducted for 20 hours theory and 10 hours practical session starting from 10th August 2018 to 25th October 2018. The programme is conducted with minimal charge if Rs.500/- per student including training and hands on sessions. The exam is conducted by MongoDB Inc. for free of cost. This certification programme will be useful for their placements in MNCs and it is also equivalent to Nano level degree course offered in MOOC. The course was successfully conducted with the due support of management, Vice Chancellor, Registrar, Director HR and our School Dean. Our HOD Dr.M.Kabeer, gave constant encouragement to conduct this course.The course was conducted in the Computer Lab in the library with the support of the Librarian and Director Data Center Dr. P.Sheik Abdul Khadher. Thanks to everyone for supporting the smooth conduct of the course.

Totally 25 students participated and completed the courses successfully with the good percentage in the online exam conducted by MongoDB Inc. The students appreciated both theory and practical sessions handled by the faculty member and they completed the basics of Mongo DB with JSON and Java. The students also developed a miniproject with the Mongo DB as database.

This course will help the students have the basic idea of a hot technology which is part of data science. NoSQL is currently part of Data Science and it is the one of the most

sorted out technology. This particular value added course was conducted for past three years and then incorporated in the curriculum.

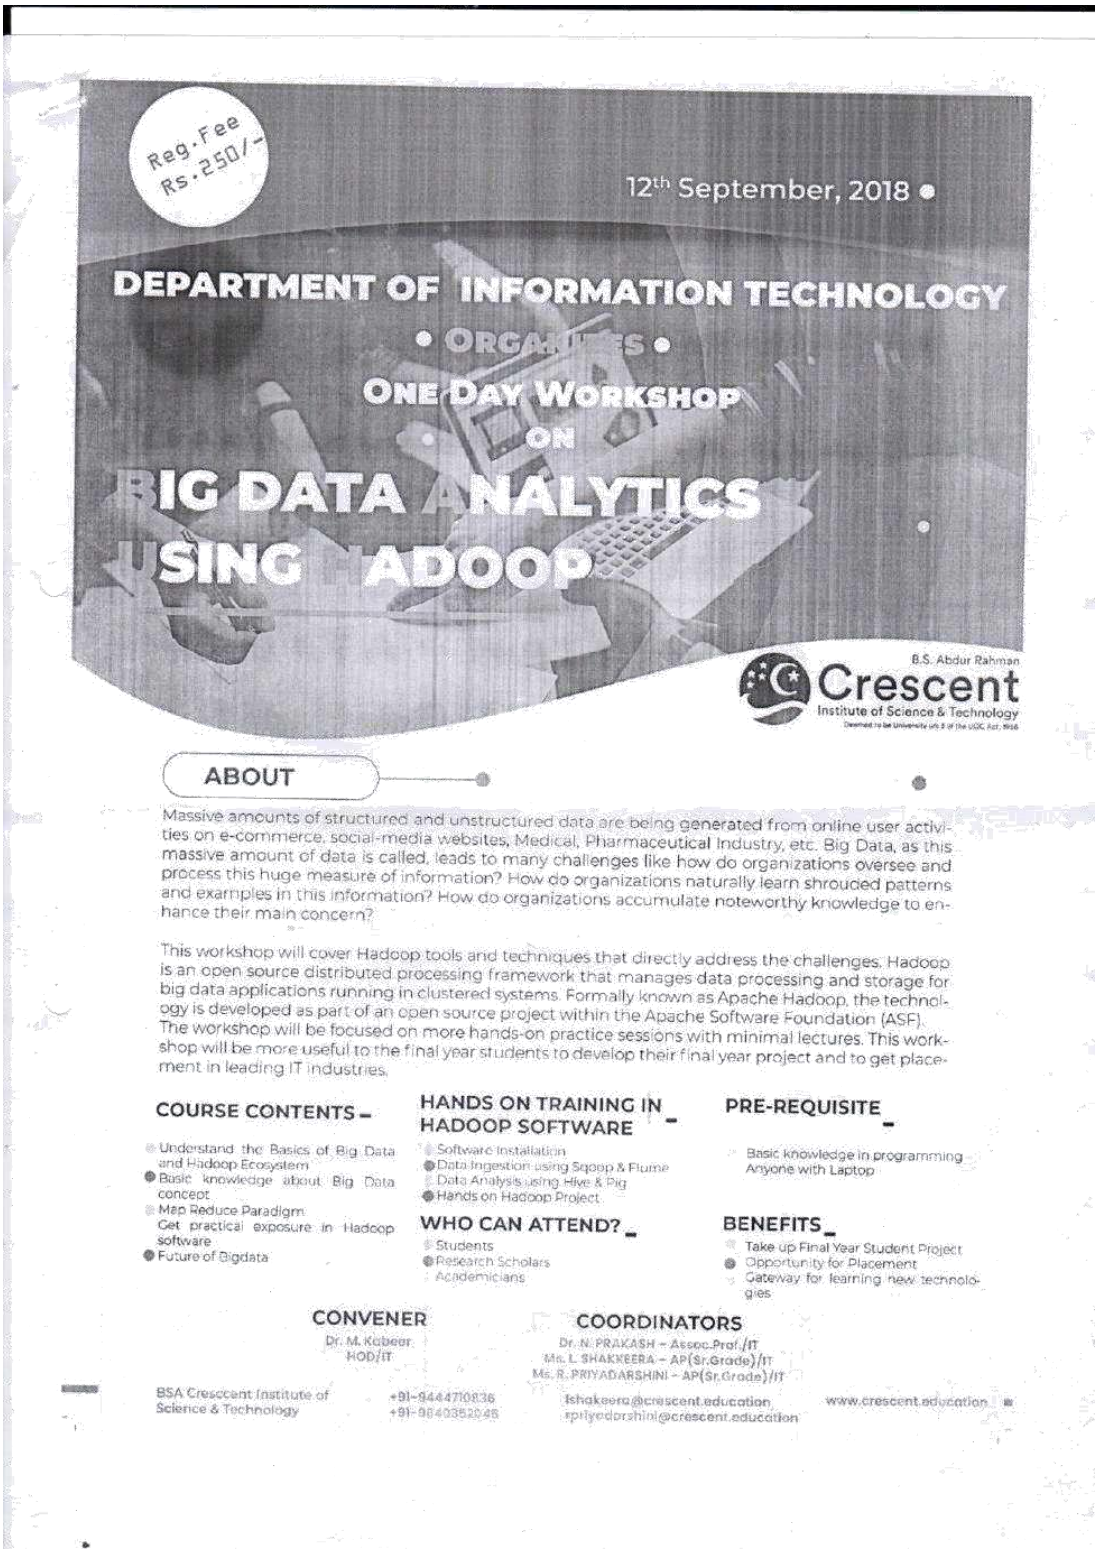

Some of the Photograph proofs for the Value Added Course – M101J MongoDB for Java Developers.

12th September, 2018

DEPARTMENT OF INFORMATION TECHNOLOGY

• ORGANIZES •

ONE DAY WORKSHOP

ON

BIG DATA ANALYTICS USING HADOOP

B.S. Abdur Rahman Crescent Institute of Science & Technology

Deemed to be University u/s 3 of the UGC Act, 1956

ABOUT

Massive amounts of structured and unstructured data are being generated from online user activities on e-commerce, social-media websites, Medical, Pharmaceutical Industry, etc. Big Data, as this massive amount of data is called, leads to many challenges like how do organizations oversee and process this huge measure of information? How do organizations naturally learn shrouded patterns and examples in this information? How do organizations accumulate noteworthy knowledge to enhance their main concern?

This workshop will cover Hadoop tools and techniques that directly address the challenges. Hadoop is an open source distributed processing framework that manages data processing and storage for big data applications running in clustered systems. Formally known as Apache Hadoop, the technology is developed as part of an open source project within the Apache Software Foundation (ASF). The workshop will be focused on more hands-on practice sessions with minimal lectures. This workshop will be more useful to the final year students to develop their final year project and to get placement in leading IT industries.

COURSE CONTENTS

- Understand the Basics of Big Data and Hadoop Ecosystem
- Basic knowledge about Big Data concept
- Map Reduce Paradigm
- Get practical exposure in Hadoop software
- Future of Bigdata

HANDS ON TRAINING IN HADOOP SOFTWARE

- Software Installation
- Data Ingestion using Sqoop & Flume
- Data Analysis using Hive & Pig
- Hands on Hadoop Project

WHO CAN ATTEND?

- Students
- Research Scholars
- Academicians

PRE-REQUISITE

- Basic knowledge in programming
- Anyone with Laptop

BENEFITS

- Take up Final Year Student Project
- Opportunity for Placement
- Gateway for learning new technologies

Workshop Report on "Big Data Analytics Using Hadoop"

Date of Workshop- 12th September, 2018

Participants – Students, Research Scholars, Academicians

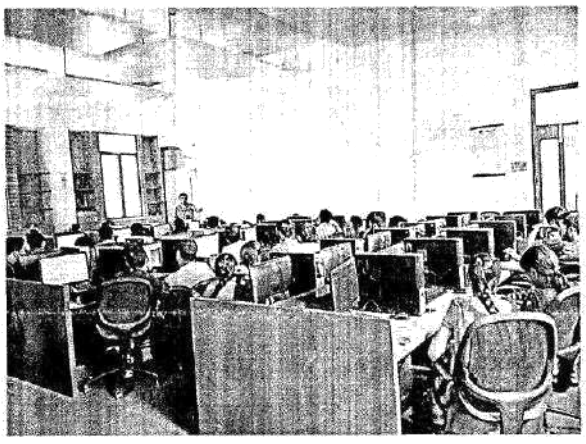

Venue – Common Computing Lab, BSACIS&T, Chennai

Quantifying the amount of digital information that exists in the world is hard. What is clear is that there is an awful lot of it, and it is growing at a terrific rate. Modern day businesses are not an exception; it accumulates an astonishing amount of digital data, which may be leveraged to unlock new sources of economic value or to provide fresh insights into business trends. The real challenge in this process is the design of computing, storage infrastructures and algorithms needed to handle this "big data" problem. Web being the largest collection of digital data, Internet companies have contributed several exceptional technologies to efficiently handle this issue. A workshop on "Big Data Analytics using Hadoop" was arranged on 12th of September, 2018 and handled by the resource person Mr.Sukumar, Project Lead, SANDS (India) Pvt Ltd, Chennai.

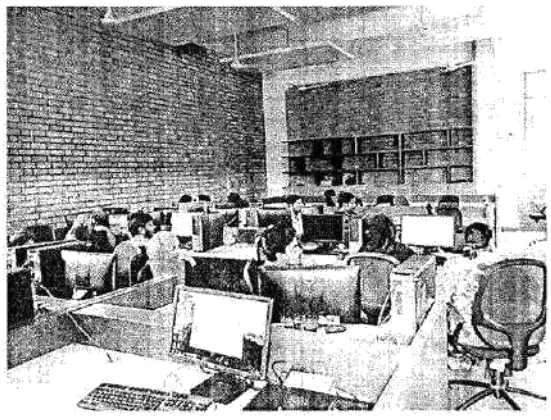

The workshop was organized by the Department of Information Technology for the benefit Students, Research Scholars, and Academicians. During the session, he briefed about the basics concepts of analytics and big data technologies with its strategic importance to any organization. Participants were also introduced to the concept of analytics with big data technologies: Hadoop, Hive, Sqoop, Pig and Hive. The entire session dealt with the basic principles, concepts, and techniques used for big data and analytics, which includes Hadoop, Sqoop, Pig and Apache Hive. Also a hands on training in the Hadoop software such as installation, data ingestion using Sqoop and Flume and data analysis using Hive and pig was trained well. Participants got clear picture of all these concepts and how they all are interconnected to each other in organizational context.

After attended this workshop students, research scholars and faculty members will able to manage, analyze and learn from Big Data using Hadoop. This workshop was very useful to the final year students to develop their final year project and to get placement in leading IT industries

Software Testing using Junit

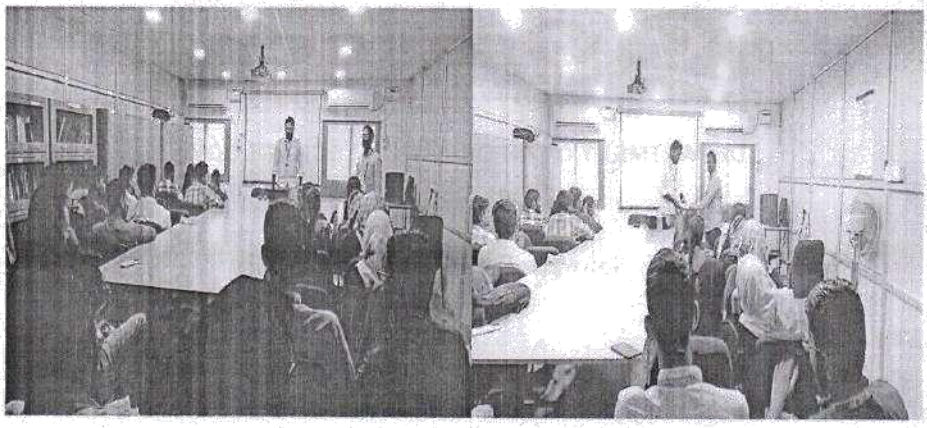

Guest Lecture on " Software Testing using Junit" organized by Department of Information Technology, B.S. Abdur Rahman Crescent Institute of science and Technology, Chennai, on 13.10.2018.The venue of the Guest Lecture is Project Lab, Department of Information Technology. This guest lecture was coordinated by Dr. N. Prakash, Assoc. Prof. and Ms. R. Mythily, Asst. Prof.

An eminent personality from Cognizant Technology Mr. Arun Prakash Alumni from M.Tech - IT (2013) batch visited the Department of Inforamtion Technology on October 13, 2018 to deliver a guest lecture on "Software Testing using Junit". Introduction of chief guest was given by Dr. N. Prakash, Assoc. Prof. Mr. Arun Prakash gave a very good picture of how software can be tested and he also explained the significance of why software should be tested. He discussed about Junit and its importance.

The Resource person covered

- ✓ How to Work with Junit framework classes such as JUnitCore, Result, Failure class etc.,
- ✓ How to use Assertion
- ✓ How the execution of code take place in Junit.
- ✓ Covers the usage of the Eclipse IDE for developing software tests

The goal of guest lecture has been arranged for the beginners to help them understand basic functionality of JUnit tool. The total number of participants was 58 of both B.Tech-IT 3rd year and 4th year Students.

Report on the seminar "*Blockchain Technology and Use Cases*"

The department of Information Technology organized a seminar on "Blockchain Technology and Usecases" on 5th February 2019 for the final year students of B.Tech (I.T).

The seminar was presented by Mr.Navin Chander Jacob, Lead Manager, iNautix Technologies, Chennai. Mr.Navin started with the basics of linked list and discussed the basics of blockchain technology. He explained about how blockchain is created for the growing list of records and about linking the blocks using cryptography techniques. Mr.Navin discussed about the evolution of digital currency, the concept of bitcoins, businesses using bitcoins and also shared his views about cryptocurrency. The working of the blockchain was explained to the students with a banking transaction example. Mr.Navin dealt the concepts of hashing, digital signatures, accessing transaction data and its information.

The security issues and trust of blockchain, adding contents to a block and altering the contents of the block with the change of hash code were discussed. The use of blockchain in real world applications like monetary transactions, property exchanges and other businesses were discussed. A case study on purchase transactions in Amazon were briefed to the students. The significance of using blockchain technology leads to decentralization of information and achieves high accuracy even though the transaction on a blockchain passes through network of thousands of computers.

Mr.Navin also discussed about the courses available online for an exhaustive understanding about Blockchain technology. This seminar on the recent technology was very informative and it would help the students to explore further for their projects.

Report on the Two-Days Workshop on

Artificial Intelligence, Machine Learning and Deep Learning

7th and 8th March 2019

The department of Information Technology organized two days workshop on "Artificial Intelligence, Machine Learning and Deep Learning" in association with Derew IT Solutions Pvt.Ltd., Chennai on 7th and 8th March 2019. Dr.I.Sathik Ali, Head of the Department welcomed the speakers and students for the two days technical workshop. The students, research scholars and faculty from various departments namely IT, CSE, E&I, CA and Commerce registered for the workshop.

The main objective of the workshop is to impart the knowledge in the field of Artificial Intelligence, Machine learning and Deep Learning and expose the students to the tools of AI. Mr. Dinesh Kumar Subramanian, Founder of DTeam (Research Division, Derew IT Solutions Pvt.Ltd.,) presented the concepts and also handled hands-on session of the workshop. Mr.Dinesh was accompanied by his team Mr.Vignesh Ram and Mr.Arjun for the two days training session.

Mr.Dinesh started with the basics of Artificial Intelligence, Machine Learning and Deep Learning. The speaker clearly explained how Artificial Intelligence is concerned with Machine Learning and Deep Learning along with the real time example scenario. This session was further continued by introducing the Jupiter Notebook and gave a vivid picture about Python Programming-the Basics, Data-Type, Control Flow and Data Structures.

In the second session, he explained Numpy - a Library for the Python programming language that supports large, multidimensional arrays and matrices and high-level mathematical functions to operate on these arrays. Sample code on numpy was executed and the students were given some problems to be solved.

The second day of the workshop dealt with introduction to Neural Network, comparison of biological neuron with artificial neuron, Basic flow of Neural Network (Input - Weight - Activation function - Output) and mathematical components of Neural Networks and Back Propagation Networks (BPN).

Mr.Dinesh continued on Tensor Flow, installing and importing Tensor Flow packages, the input and output format of the Tensor Flow, uses of Tensor Flow and need of TPU (Tensor Processing Unit) and Tensor boards. A practical demonstration on Google AI playground was given to understand the different categories of data and learning rate of neural networks.

Mr.Dinesh explained about Pandas and discussed about using pandas for data analysis in the banking domain. The information and knowledge shared by the resource person was very helpful for the students in choosing their project work in the latest technology trend. In a nutshell, the Artificial Intelligence & Machine Learning workshop was very useful for the students as it gave a bright knowledge about the blooming technology.

IBM CAREER EDUCATION PROGRAM

organizes

FACULTY TRAINING PROGRAM

on

IBM CE – DATABASE MANAGEMENT SYSTEM

2nd July 2018 – 6th July 2018 (5 days)

IBM DB2

PARTICIPANTS

- Faculties from CSE/IT/CA
- No of seats : 20
- Registration fees : Rs 1000
- First come first served basis

TOPICS TO BE COVERED

- Installation & Working with DB2
- Data modeling and design
- Relational databases
- Database query languages
- Relational database design
- Distributed databases
- Physical database design
- Information storage and retrieval
- Mapping DB2 vis-à-vis other popular RDBMS

HIGHLIGHTS

- Trainer from IBM
- IBM Course ware and Course completion certificate will be provided

VENUE

IBM Software lab for Emerging technologies,
1st floor, CSE department

FDP ON IBM CE-DATABASE MANAGEMENT SYSTEM

Resource Person: Mr.Chandramohan,IBM Architect, Ban

Organized by : Dr.M.Sandhya Prof& Head/CSE

Mrs.Subhashini, AP/CSE

Date : 2nd July-6th July 2018

Participants : Faculty of CSE, IT, MCA

A one week FDP on Database Management System was organized for the School of Computer, Mathematical and Information Sciences. The speaker gave a in-depth perspective of the application areas of database and how significant it is to deal with databases. The first day of the training provided an overview of the concepts of database and normalization. The second day of the training was hands on some of the queries using relational databases. The third day of training was on data modeling and design. The different database software such as DB2 was provided with hands on training to the participants. Having given the applications of Database design and DB2 in various areas many real time applications were dealt with. Staff was encouraged for an interactive session in which the resource persons answered to the queries of faculty. Also some of the participants gave a brief notes on their mini projects developed. On the whole the session was fruitful to the participants.

Industry Session: Analytics in Enterprises at Crescent, Chennai

10 messages

Naganandini M Sridhar <nagasrid@in.ibm.com> Tue, Sep 25, 2018 at 1:52 AM
To: Subashini S <subashini@crescent.education>
Cc: hodcse <hodcse@crescent.education>, Pramod RP04 <pramrp04@in.ibm.com>, Radhika Alagesan <radhika.bucse@gmail.com>, Sheetal Soni <sheetal.soni@in.ibm.com>, G Ananthapadmanabhan <anantha@in.ibm.com>, Sanket Jain3 <sanjainj@in.ibm.com>, Jyotirmoy Patra1 <jypatra1@in.ibm.com>

Hi Subashini

We would like to confirm the 'Industry Session: Analytics in Enterprises' from 3 October to 5 October. I am connecting you with the SMEs who will be conducting this session at your campus in Chennai.

- 3 October 2018 - G Ananthapadmanabhan

Anantha is a Practice Leader for Analytics in IBM with over 20 years of industry experience. He will talk about the role of Analytics in the finance and insurance domain.

- 4 and 5 October 2018 - Sanket Jain and Jyotirmoy Patra

Sanket has 12+ years of experience in Advanced Analytics. He is a Lead Data Scientist for CDO in IBM. He is a Subject Matter Expert in telecom churn prediction, loyalty modeling and anomaly detection. He has worked on supply chain analysis and fraud modeling for Retail, fraud analytics for Financial Services, B2B and contract analysis for Healthcare, and predictive maintenance for Automobile. He has worked on multiple technologies including Spark, SQL, Python, R, SAS, SPSS, and Watson AI.

Jyotirmoy has 10+ years of industry experience and is a Data Specialist in the Advanced Analytics team in IBM. His technical experience revolves around attribution modeling, advanced forecasting, and time series clustering, to name a few. His key skills are in advanced analytics, forecasting, machine learning, R, and SPSS-Modeler.

Sanket and Jyotirmoy will cover Forecasting, Predictive Modeling, Marketing Analytics, Segmentation

Lab Prerequisites:

Installation of R, Python and Excel Data Analysis pack along with solver.

https://www.rstudio.com/products/rstudio/download/
https://cran.r-project.org/bin/windows/base/

Python for Time Series Forecasting:
https://medium.com/open-machine-learning-course/open-machine-learning-course-topic-9-time-series-analysis-in-python-a270cb05e0b3
https://medium.com/open-machine-learning-course/open-machine-learning-course-topic-9-part-3-predicting-the-future-with-facebook-prophet-3f3af145cdc

Session Prerequisites:

Projector and Microphone (Collar mic)

@Ananth, @Sanket, @ Jyotirmoy, please share additional details with reference to prerequisites, if I have missed out any.

@Subashini, please share the session timings.

Industry Session : Analytics in Enterprises at Crescent

3 - 5th Oct
