## About the STTP

For creating the learning aura in your classroom, some elements of creativity can be added to make the lessons more interesting and interactive. The right mix of creativity helps the students not only to be attentive in the classroom but helps them in making innovative and motivate them to learn new things. Students can grow up as good communicators in addition to improving their emotional and social skills. At the same time, it is also important to upgrade our teachers not only technically but also in various other soft skills.

Another aspect for teachers is research, they face many problems / issues in writing papers / articles / thesis / projects etc., this STTP will help them in answering all the questions related to research
