## Testimonials from the Past Cancer Conference

1. Overall, the event gave an experience equivalent to that of a real seminar although it was a virtual one. I thank all the speakers for sharing their research with us and guiding us for the days to come. I also thank the organizers at Crescent Institute for taking the initiative to conduct such a wonderful event benefiting all of us during this stagnant period, enriching our knowledge and taking the pain to give this conference all the feeling of a real one.
