Crescent Global Hybrid Accelerator  

Discover | Disrupt | Design | Develop | Deliver

The effects of COVID-19 and its impact on the Global Economy is devastating and drastically has affected the future of millions of young Engineering & Science talent globally. The only solution is to promote creativity & Innovation. Crescent iHub will reach out to hundreds of innovation centers/incubators/start-ups & then recruit the best of best startups and ACCELERATE them quickly for commercialization & there by creating millions of new jobs. STS partners: This will be the most exciting project for you to jump on and make a difference for yourself & how you can monetize this opportunity from your own city will be discussed in detail

Crescent iHub Visionaries

"We act & serve as springboard for new ideas and innovation and thus, helping the society and economy to face future challenges and meet rising expectations of the growing population"

Mr. Syed Mohammed Bukhari (SMH)
 Vice Chairman, Globalor Technologies, UAE
 Mr. Bukhari is a very successful business man from Dubai. He holds a Master Degree from Northrop University in the San Diego, CA USA. He held Board positions in SUI & 5 Billion Middle East based trading company. Currently he is Board member of Crescent University

"Our innovation hub is unique, work with local communities/work space /research centers that provide subject matter expertise on technology trends, knowledge and strategic growth"

Dr. Farooq Akram
 CEO & Director, Crescent Innovation & Incubation Council
 MBA from GREAT Lakes India & Sloan School of Business USA with 24 years of Corporate experience in R&D, Program Management, Strategy and Operations. Certified PMP from PMI USA and RITP from ATTT USA. Incubated 63 startups in India

"We serve different incubators and create that interest and collaborate to create hi tech start-ups & take to market those ventures that solve social and commercial challenges"

Harvey Shuster
 Harvey Shuster has over 40 years' experience in building emerging software growth and start-up technology companies, as well as consulting to enterprise organizations to build their own successful ventures. His extensive expertise includes sales, finance, operations, product development, operations and raising capital. Harvey is a very well respected serial entrepreneur most known as the founder/CEO for Prochess Software, SLL 2 B revenue which is the company that standardized accounting on the personal computer and still does today. He started, operated successfully and exited four companies. Now he is a STS Worldwide Board member. "I had and acquired companies from people like Rupert Murdoch and started other companies like the first large e-Learning corporation with Fortune 100 clients"
