

Career and Opportunities Workshop

Organized an one day Workshop for final year B.Tech (Mechanical Engineering) students. The Workshop has covered the technical aspects of HVAC domain related topics like Introduction to HVAC, Air distribution systems, career and opportunities existing in HVAC Sector.

Gave an introduction on HVAC which stands for Heating, Ventilation, and Air Conditioning. HVAC refers to the different systems used for moving air between indoor and outdoor areas, along with heating and cooling both residential and commercial buildings. The main purposes of a Heating, Ventilation and Air-Conditioning (HVAC) system are to help maintain good indoor air quality through adequate ventilation with filtration and provide thermal comfort.
