

## **Report for Industrial Visit to Kaashiv Infotech on “Real-Time Python Projects”**

---

The Industrial Visit to Kaashiv Infotech on 21.02.2024 started around 9.15 am. 115 Students of II year BCA(AI, CS & DS) accompanied with Staff Incharges Dr. R.Shanthi, Ms.S.Sabaria, Mr.Mohamed Anwar reached Kaashiv Infotech at Madhuravoyal around 10.00 am.

We had a warm welcome and a good discussion about the company and its products. Basically this company provides technology and solutions that is based on Python, Big Data and App Development.

Professionals from Kaashiv Infotech addressed the students

Following were the experience and knowledge gained during the visit.

- Different categories of software technologies was explained.
- Encouraged the students to learn and implement everything in Python.
- Students were motivated to be strong in at least one technology and have basic knowledge in others.
- Students were asked to do internship and projects of their own so as to gain knowledge.
- Students gained the knowledge of Real-Time Python Projects and advantages of Python and Big Data.

The Industrial Visit finally ended at 1:30 PM after which students and staff had their lunch and returned to college at 3.00 pm.
