"I'm Extremely proud to say that I'm an alumni of B.S. Abdur Rahman Crescent Institute of Science & Technology. The 4 years were the time I learned a lot from my mistakes. The support & guidance from my department faculty gave me confidence, leadership, and consistency to build my career. It takes a big heart to shape the smallest minds with their experience. Today I'm in a position with great role and responsibilities and those credits go to my department.
