The school offers Undergraduate, Postgraduate and Doctoral programmes in Life Sciences. please visit www.crescent.education.

About the FDP

The Faculty Development Program (FDP) on "Emerging Trends in Medical Biotechnology" aims to enhance the knowledge and skills of faculty and researchers in the area of medical biotechnology. The FDP is focused with the following objectives:

- **Update Knowledge:** Provide faculty with the latest advancements and trends in medical biotechnology, including new technologies, innovations, and skills.
- **Enhance Teaching Methods:** Incorporate innovative teaching pedagogies for effective teaching in medical biotechnology.
- **Foster Research:** Provide platform for research collaborations.
- **Networking:** Create opportunities for faculty to network with peers and international experts.
