### Part-II: Participants Feedback:

This is **Mohammed Anas**, As a final-year B.Com (Hons.) student, attending the Auditor Conclave was an enriching experience that deepened my understanding of the dynamic world of auditing and financial regulations. The event was meticulously organized, offering insightful sessions led by industry experts who shared real-world case studies and practical applications of auditing principles.

One of the key highlights was the interactive discussions that allowed us to engage with professionals and clarify our doubts about industry challenges. The sessions not only enhanced our technical knowledge but also gave us a glimpse into the ethical and strategic aspects of auditing. The conclave perfectly blended academic insights with practical exposure, making it an invaluable learning opportunity. Kudos to the \*Department of Commerce\* for creating such an impactful event. This initiative has certainly inspired many of us to explore career opportunities in auditing and finance with greater enthusiasm. Looking forward to more such knowledge-driven engagements!
