## **B.S. Abdur Rahman Crescent Institute of Science & Technology (BSACIST)**

Nestled in the serene greenery of Tambaram, Chennai, B.S. Abdur Rahman Crescent Institute of Science and Technology is a premier institution dedicated to academic excellence, since 1984. Through the long history of 40+ years of excellence, the Institution has offered access to a wide range of academic opportunities. With 57 programmes, grouped under 12 different Schools, and Ph.D. in all the disciplines, this institution is a rising stalwart in higher education with promising Quality, Security and Placement. The Institution has secured A+ Grade from NAAC in its first cycle and all the programs are NBA accredited. The educational programmes are designed to equip the learners with knowledge that helps them to achieve what they want to be and go where they want to go in the ladder of success. The institution is an intellectual destination that challenges conventional thinking and stimulates passion to redefine learning.

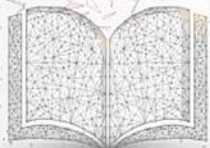

The Central Library of B.S. Abdur Rahman Crescent Institute of Science and Technology has huge collections of books and journals in the fields of Science, Engineering, Technology, Pharmacy, Architecture, Law, Management, and Humanities. The Library functions 14 hours a day (08.00 am to 10.00 pm), Saturdays and Sundays the Library is working. The Library is well connected with School/Department Libraries, functioning in all the Schools and Departments. The Digital Library of the Institute is working 24/7. The Library subscribes to online journals such as ASCE, ACM, ASME, IEEE, EBSCO Art & Architecture, ProQuest, Elsevier (science direct), SCC Online, All India Reporter, and Manupatra publications. The Library has the facility to check plagiarism through INFED and Turnitin. The Library is a member of the National Digital Library of India (NDLI), DELNET (Developing Library Network), MALIBNET (Madras Library Network), British Council Division, Anna University – Chennai, American Information Resource Centre and Structural Engineering Resource Centre (SERC), Chennai.

## **Society for the Advancement of Library and Information Science (SALIS)**

SALIS is a registered professional body established in the year 2002 and it has been actively involved in the development of all spheres of Library and Information Science by organizing various programs including Conferences, Seminars, Workshops and Training programs on emerging topics in various parts of the country. These programs are being organized through its chapters located in many places. SALIS publishes National and International Journals, proceedings and newsletter for exchange of information and knowledge among LIS Professionals. SALIS instituted many awards to encourage and motivate LIS professionals. One of the objectives of SALIS is to train the LIS professionals in the country to handle the latest IT tools and techniques more effectively and efficiently and to adopt the best practices in order to provide high quality library services. The current focus of SALIS is to 'Reach the Unreached' LIS Professionals in rural settings in order to minimize the digital divide.

## **About the Conference**

Reimagining and transforming libraries into active learning hubs is a transformative approach that revolutionizes the way we learn, teach, and interact. By integrating cutting-edge technologies, collaborative workspaces, and innovative pedagogies, libraries can evolve into vibrant, inclusive, and future-ready learning ecosystems. These hubs foster active learning, creativity, and critical thinking, empowering learners to thrive in an increasingly complex, interconnected world. By leveraging global connections, digital resources, and cultural exchange, libraries can accelerate global education, promote cultural understanding, and develop globally competent learners. Ultimately, transformed libraries serve as catalysts for lifelong learning, innovation, and social impact, redefining the role of libraries in the 21st century.

## Objectives of the Conference

- ▶ To explore emerging trends and technologies for transforming libraries into active learning hubs.
- ▶ To leverage technology to enhance library services, including online resources, digital repositories, and virtual learning environments.
- ▶ To examine the impact of latest trends and technologies, such as AI, AR/VR, and IoT, on library services and programs.
- ▶ To create an environment that promotes collaborative learning, research, and innovation.
- ▶ To empower users with the skills and knowledge necessary to effectively locate, evaluate, and use information.

## Call for Papers

Authors are invited to contribute research papers in the line of the conference's main and sub themes, which will be published with ISBN. High quality papers will be submitted to all indexing platforms. The papers may be sent to G-form
