**FIELD VISIT
TO
PONDICHERRY CO-OPERATIVE MILK PRODUCERS UNION LTD (PONLAI)
ON
23.04.2025**

Field visits are an essential part of education, offering students valuable opportunities to learn beyond the classroom environment. A one-day field visit to *Pondicherry Co-operative Milk Producers Union Ltd* (Ponlait) was organized for 44 students of B.Com (Professional Accounting) – “A” on 23rd April 2025. The students were accompanied by faculty members Dr. K. Selvi and Dr. T. Selvakumar. The visit commenced with a half-hour introductory video session about Ponlait, facilitated by Mrs. Kavitha, Manager Supervisor, who provided an overview of the organization's operations and history.

The factory visit allowed everyone to observe how raw milk is securely transported from various parts of the territory, collected in milk boilers, and then processed and distributed for packaging.

From there, everyone gained an understanding of how the Dairy Milk Control Room operates and how milk quality is tested in the laboratory. Additionally, key insights were shared on Ponlait's marketing strategies and the maintenance of daily records.

Finally, we observed the real-time packing of milk into Ponlait packets and concluded our visit by enjoying some of their fresh dairy products.

The industrial visit to PONLAIT was an enriching experience that offered valuable practical insights into the functioning of the dairy industry. From milk collection and processing to packaging and distribution, we gained a comprehensive understanding of how the cooperative upholds high standards of quality and operational efficiency.

The emphasis on sustainability also underscored the significance of environmentally responsible practices in today's industrial landscape.

This visit served as an excellent bridge between classroom learning and real-world application, particularly beneficial for students and professionals in fields such as food technology, business management, and agriculture.

Students Feedback

231531601042 NAILAH SAMEER

Our recent industrial visit to Ponlait Milk Industry in Pondicherry was a highly informative and enriching experience. We gained valuable insights into the milk processing, packaging, and distribution processes. The staff was very welcoming and provided us with detailed explanations at every stage of production. Observing the real-world application of the concepts we study in class helped deepen our understanding. Overall, it was a well-organized visit that greatly contributed to our practical knowledge.

231531601058 SULAIMAN AHMED

It was a very Unique experience which gave us a Ground reality on How companies Manufacture Their goods and how they market their products to the public. Overall it was a very positive experience as we towards the end we were able to visit the old French colony road aswell!

231531601024 M KEERTHANA

The industrial visit to Ponlait Milk Industry in Pondicherry proved to be an eye-opening and educational experience. We were able to closely observe

the various stages involved in milk processing, packaging, and distribution. The staff members were extremely cooperative, explaining each process clearly and answering all our queries with patience. Seeing the practical side of the theories we learn in class enhanced our understanding and sparked greater interest in the subject. Overall, the visit was well-coordinated and highly beneficial for our academic growth.

The industrial visit to Pondicherry was a valuable and enjoyable experience. We gained insights while also having a great time. I sincerely appreciate the opportunity and look forward to participating in many more such enriching visits in the future.

231531601060 TEJASHREE K M

"The visit to Ponlait Milk Industry in Pondicherry was highly informative and well-organized. The trainer provided a clear explanation of the company's operations, covering milk collection, processing, storage, and packaging. It was a valuable learning experience to witness the industry practices and quality standards followed in dairy production.
