

Python Blitz

19th August – 30th August

Objective -

The Open Source Club team hosted daily interactive sessions where members introduced various Python libraries, encouraging students to actively participate and apply the concepts in real-time.

Outcome –

Each session featured task-based questions that engaged participants with the speakers, fostering an enriching learning environment. As a result, the event successfully equipped participants with a strong foundation in Python libraries.

Day 1 – Random Library

Speakers – Dwaragesh C, B. Tech CSE (IoT)- 230191601009

Participants Count – 57

Day 2 – Pillow Library

Speakers – Amrita Varshini, B. Tech CSE-B- 230071601066

Participants Count - 55

Day 3 – NumPy Library

Speakers – Ibrahim Mohideen, B. Tech CSE AI&DS – A - 230171601056

Participants Count - 128

Day 4 – Pandas Library

Speakers – Stefina E, B. Tech CSE AI&DS – C- 230171601177

Participants Count – 120

Day 5 – Matplotlib Library

Speakers – Tamil Selvan J, B. Tech CSE AI&DS – C230171601190

Participants Count - 99

Day 6 – OpenCV Library

Speakers – Shawn Ambrose, B. Tech CSE-B- 230071602003

Participants Count - 75

Day 7 – Scikit Library

Speakers – Vignesh A, B. Tech CSE- AI&DS – C- 230171601195

Participants Count – 85

Day 8 – Flask Library

Speakers – Zarah, B. Tech CSE- AI&DS – C-230171601003

Participants Count - 89

Day 9 – Django Library

Speakers – Mohamed Auwais R, B. Tech CSE Cyber Security - 230181601027

Participants Count - 89

Day 10 – Scrapy Library

Speakers – Manishaa G, B.Tech CSE Cyber Security - 230171601079

Participants Count - 63
