Event Report

The Crescent Data Science Club, Department of Computer Science and Engineering, B S Abdur Rahman Crescent Institute of Science and Technology Conducted a quiz on 16th August 2024.

Around 75 participants from Department of Computer Science and Engineering had participated. The quiz focused on basic concepts of Data Science, aiming to engage club members and test their foundational knowledge.

Objective:

- To engage club members in an interactive learning experience.
- To assess the basic knowledge of participants in Data Science.
- To encourage participation and foster a competitive spirit within the club.

Activities during the workshop:

The quiz commenced sharply at 8 PM and was conducted smoothly without any technical issues. The participants were given 20 minutes to complete the quiz. The quiz covered topics such as:

- Data Handling
- Data Visualization
- Data Science Basics
- Machine Learning Basics

Outcome:

The Data Science Basics Quiz was a successful event, achieving its objectives of engaging members and assessing their foundational knowledge. The participation level was high, and the event received favorable feedback. The Data Science Club looks forward to organizing more such interactive events to further enhance the learning experience of its members.
