(Hybrid Mode)

Organized by
School of Social Sciences and Humanities
B.S. Abdur Rahman Crescent Institute of
Science and Technology, Chennai

in Collaboration with
Jammu and Kashmir Economic Association (JKEA)

About B.S. Abdur Rahman Crescent Institute of Science and Technology

Since 1984, B.S. Abdur Rahman Crescent Institute of Science and Technology is a renowned Institution located at the greenest spot of Chennai near Tambaram. Through our long history of 41 years of excellence, the Institution has offered access to a wide range of academic opportunities. With various Undergraduate, Postgraduate and Ph.D. programmes grouped under 12 different Schools; this institution is a stalwart in higher education with promising Quality, Security and Placement. We welcome students from all countries and our educational programmes are designed to equip the learners with virtual knowledge that helps them to achieve what they want to be and go where they want to go in the ladder of success

Jammu and Kashmir Economic Association

The Jammu and Kashmir Economic Association (JKEA) is a pioneering initiative aimed at actively involving young scholars, academicians, and policymakers in deliberations, debates, and dialogues on pertinent economic matters with the goal of generating solutions to existing challenges. It serves as a robust platform to foster a research oriented environment in Jammu and Kashmir by orchestrating a spectrum of research centric events, conferences, and workshops, encompassing both online and offline formats and engaging participants at regional as well as national levels. The Jammu and Kashmir Economic Association is the first organization at the state level to actively engage academicians, policymakers, industrialists, and business entrepreneurs. Its primary objective is to facilitate collaboration and provide a common platform for addressing pertinent issues and fostering meaningful dialogue among diverse stakeholders.

School of Social Sciences & Humanities

The School of Social Sciences & Humanities established in 2013, is one of the emerging schools of the BSA Crescent Institute of Science and Technology. It offers courses such as English, Sociology, Economics, Law, German and Tamil to engineering students pursuing B.Tech programme and B.Com students. Its primary focus is to prepare the students of engineering to face the competitive, dynamic and globalized world by providing them a holistic perspective on the social and economic values and by developing their communicative competence.

About the Conference

The International Conference on Dynamics of Environment, Sustainability, and Gender Disparities: A Holistic Dialogue for Inclusive Futures brings together leading scholars, policymakers, practitioners, and industry experts to engage in a multidimensional discourse on the pressing challenges and opportunities that define our collective future. The conference aims to foster an integrated understanding of environmental dynamics, pathways to sustainable development, and the persistent gender disparities that shape socio-economic landscape across the globe.

In an era marked by climate change, resource depletion, socio-economic inequalities, evolving demographic trends, dynamics in business, commerce, management and innovation the need for multidisciplinary teamwork has been need of the hour. This platform seeks to bridge gaps between academic research, policy formulation, and grassroots action, encouraging innovative strategies and actionable solutions that ensure inclusivity, resilience, and equity.

By weaving together environmental stewardship, sustainable development, and gender equity, the conference aspires to chart a roadmap for transformative change one that prioritizes human well-being, ecological balance, and social justice. Participants will have the opportunity to share insights, present cutting-edge research, and engage in critical dialogues that transcend disciplinary and geographical boundaries.

This holistic dialogue stands as a call to action: to rethink development paradigms, to challenge entrenched disparities, and to collectively envision inclusive futures that leave no one behind. With this backdrop, the conference will include following sub-themes for presentation and discussion

Sub-Themes

1. Environment & Climate Action
2. Sustainable Development Pathways
3. Sustainability in Business, Finance & Commerce
4. Gender Disparities & Social Inclusion
5. Economic Empowerment and Gender-Inclusive Governance
6. Economic Development and Sustainable Livelihood
7. Management, Innovation & Human Resources
8. Public Policy & Governance for Inclusive Futures
9. Education, Awareness, and Community Engagement
10. Artificial Intelligence, Resilient Societies and Green Diplomacy
