Submitting Samples: Do's & Don'ts:

Minimum 5-20 mg of sample required and it should be in dry powder form | Explosive, poisonous samples and samples giving rise to toxic/obnoxious gases / fumes on heating cannot be undertaken for Thermal Analysis. | Samples which could affect the instrument and sample pans will not be accepted for analysis. **Additional charges will be levied in case of any damage/ contamination of crucible due to nature of the samples. We are NOT ACCEPTING boron and metal halides for analysis.**

[PTO]

**School of Physical and Chemical Sciences
Department of Physics**

Important Note:

- Charges for the testing should be paid through online only. (With remark – TGA –Physics department)
- Samples along with the online payment receipt (clear print out) sent to: THE HEAD OF THE DEPARTMENT, DEPARTMENT OF PHYSICS, B. S. ABDUR RAHMAN CRESCENT INSTITUTE OF SCIENCE AND TECHNOLOGY, VANDALUR, CHENNAI, PIN:600 048.
- Send your quires to physicsconsultancy@crecident.education
