A seminar on Industrial Safety was successfully organized by Department of mechanical engineering, B.S. Abdur Rahman Crescent Institute of Science & Technology, Chennai. The seminar took place on September 11, 2025, from 2:00 PM to 3:30 PM at the Seminar Hall, III Floor, Mechanical Science Block.

#### **Objective of the Seminar**

The primary objective of the seminar was to create awareness about industrial safety practices, hazard identification, and risk management in industrial environments. It aimed to equip students and participants with practical knowledge essential for ensuring workplace safety and compliance with safety standards.

## **Speaker**

The session was delivered by Mr. K. Suresh Kumar, DGM–EHS at M/s HL Mando Anand India Pvt. Ltd. The speaker brought valuable industry experience and shared real-world insights into safety protocols, accident prevention strategies, and environmental health and safety (EHS) practices.

## **Key Highlights of the Seminar**

Detailed explanation of industrial hazards and their classification

Importance of personal protective equipment (PPE)

Case studies on industrial accidents and prevention measures

Overview of safety regulations and compliance standards

Emphasis on building a safety-first culture in organizations

The speaker also engaged participants through interactive discussions, encouraging them to think critically about safety challenges in modern industries.

## **Participation**

The seminar witnessed active participation from students and faculty members. The seminar was attended by students from Civil, Auto CSE and Mechanical students. The session was informative and well-received, with participants showing keen interest in understanding real-world safety applications.

## **Conclusion**

The Industrial Safety Seminar proved to be highly beneficial in enhancing awareness about workplace safety and risk management. It bridged the gap between academic learning and industrial practices, providing participants with valuable insights that will help them in their professional careers.

Overall, the seminar was a successful and enriching experience, reinforcing the importance of safety as a fundamental aspect of industrial operations.
